IMPERIAL OIL PROJECT AT COLD LAKE, ALTA.—MOTION UNDER S.O. 43

Mr. Al MacBain (Niagara Falls): Madam Speaker, I rise on a matter of urgent and pressing necessity. In view of the continuous pressure being applied to the Government of Canada by Imperial Oil Limited which is threatening to mothball its Cold Lake project, I move, seconded by the hon. member for Cape Breton-East Richmond (Mr. Dingwall):

That this House condemns such blackmail by Canada's largest foreign-owned multinational oil company.

Madam Speaker: Is there unanimous consent for this motion?

Some hon. Members: Agreed.

Some hon. Members: No.

ROYAL CANADIAN MOUNTED POLICE

COST OF SERVICE TO PROVINCES AND MUNICIPALITIES—MOTION UNDER S.O. 43

Mr. Gordon Taylor (Bow River): Madam Speaker, I rise on a matter of urgent and pressing importance under Standing Order 43. Whereas, when the federal government first conceived the idea of using the RCMP for provincial and municipal purposes, attractive financial agreements were offered and some provincial governments and municipal councils therefore disbanded their own police forces, and it is now very unfair to propose substantial increases for this service when there is no alternative readily available, I move, seconded by the hon. member for Portage-Marquette (Mr. Mayer):

That this House urges the Solicitor General to offer the provincial governments and municipalities a new agreement containing only a modest increase as this arrangement does provide a federal "eye" throughout Canada for the federal government.

Madam Speaker: Is there unanimous consent for this motion?

Some hon. Members: Agreed.

Some hon. Members: No.

NATIONAL SECURITY

MISSING GOUZENKO INQUIRY DOCUMENTS—MOTION UNDER S.O. 43

Mr. Donald W. Munro (Esquimalt-Saanich): Madam Speaker, I rise under the provisions of Standing Order 43 and hope that I will get unanimous consent for my motion. In light of recent disclosures about losses from the Public Archives of documents connected with the Gouzenko inquiry, I move, seconded by the hon. member for Grey-Simcoe (Mr. Mitges):

S.O. 43

That the Solicitor General or the Secretary of State make a statement on motions at the earliest opportunity to clarify this matter and, in particular, to explain how such losses could occur.

Madam Speaker: Is there unanimous consent for this motion?

Some hon. Members: Agreed.

Some hon. Members: No.

PUBLIC SERVICE

NEGOTIATIONS BETWEEN TREASURY BOARD AND VETERINARY INSPECTORS—MOTION UNDER S.O. 43

Mr. Gus Mitges (Grey-Simcoe): Madam Speaker, I too rise under the provisions of Standing Order 43. Now that negotiations between Treasury Board and the government's veterinary inspectors have resumed again to try to reach agreement on salaries and inequitable working conditions, and to avert a possible national strike which would result in the loss of millions of dollars to our economy and export trade, I move, seconded by the hon. member for Burlington (Mr. Kempling):

That the Treasury Board negotiators take their responsibilities more seriously than they have up to now, and not unilaterally break off negotiations as they did on March 24, losing more than two weeks in valuable negotiation time which could have been fruitfully used, and which would have offset much of the sporadic time off taken by inspectors, and the unnecessary disruptions and loss of income to our livestock industry and the meat packing industry in Canada.

Madam Speaker: Is there unanimous consent for this motion?

Some hon. Members: Agreed.

Some hon. Members: No.

INDIAN AFFAIRS

SUPPLEMENTARY SOCIAL FUNDING FOR JAMES BAY CREE COMMUNITIES—MOTION UNDER S.O. 43

Mr. Jim Manly (Cowichan-Malahat-The Islands): Madam Speaker, I rise under the provisions of Standing Order 43. In view of the appalling health, housing and sanitation conditions which the Minister of Indian Affairs and Northern Development (Mr. Munro) saw in his whirlwind tour of Cree communities in the James Bay area; in view of the fact that the James Bay and Northern Quebec agreement was signed over five years ago, with the intent of helping these communities develop decent facilities; and in view of last year's epidemic of gastroenteritis which took the lives of several children, and the possibility of another outbreak this year, I move, seconded by the hon. member for Winnipeg-Birds Hill (Mr. Blaikie):

That the minister not wait two months until the completion of the bureaucratic review, but act now, on the basis of what he has seen with his own eyes, and
