I. Introductory

The following memorandum was prepared as a basis for discussion at the direction of the Principal, April 25, 1925, by the Librarian, with the assistance of the Secretary of the Faculty of Medicine and Mr. F. Cleveland Sargent.

The memoranda in reference and description, the reports are prepared consecutively.

For those who wish a general view of the present state of the museums of McGill University, the present at McGill, from the University, and the Department of the Faculty of Medicine, the following references are suggested. They may be consulted at the University Library. They references are available here by mail.
