THO SENILE, SHE DOES NOT DECAY

Rumors of the British Decadence Silenced by Lord Northcliffe.

LONDON, Oct. 5.—(C.A.P.)—The Daily Graphic has published an account by a traveler in Canada of the progress made by the Dominion during the past twelve months. Such rapidity of growth, remarks The Daily Graphic editorially, recalls the astounding deeditorially, recalls the astounding development of the western states of America a generation or more ago, and doubtless a large part of the present growth of Canada is due to the overflow from the southern side of the frontier. At the same time there can be no question that not Canada only, but the whole empire, is moving forward very rapidly at the present time. On this point it is satisfactory to note the optimism of a speech delivered by Lord Northeliffe to the Canadian Club in Montreal. Lord Northeliffe was specially deprecating the amount of talk about the decadence of Great Britain, which appears to be one of the favorite topics of conversation on the other side of the Atlantic. Nor does such a story always fall upon unwilling other side of the Atlantic. Nor does such a story always fall upon unwilling ears. The colonies are young, and in the confidence of youth they are often apt to assume that every old country must necessarily be effete.

A Deceptive Analogy.

"The analogy is a natural one," he said, "but it is largely deceptive. The vitality of a nation depends not any the

vitality of a nation depends, not on the length of its past history, but on the character of its present citizens. If they are strenuous and full of enterprise, the nation remains as young as if her history were measured by years instead of centuries."

PLANS TO UNITE **VARRING FACTIONS**

Republicans and Progressives Hope to Hold Big National Convention.

SEATING OF DELEGATES

Committee Meets at Washington in December-Cummins Leading Spirit.

Press.)—Senator Cummins today out-lined in part the reform plans of the so-called "conciliation committee" of Republicans and Progressives, which opes to bring about the holding of a national convention early in 1914.

The change in the representation of The change in the representation of southern states in the national convention is a secondary matter in the program of the committee. With the added support of many Republican leaders who did not participate in the "get-together" conference in Chicago last spring, they will insist that the control of the Republican national committee over the seating of delegates in a national convention be abolished.

gates in a national convention be abolished.

The Main Issue.

"The chief issue in this fight." said Senator Cummins today. "is that involving the method of selecting and seating delegates in the national conventions that nominate the Republican presidential and vice-presidential candidates. We shall insist that the present rules be so modified and reconstructed that the Republican national committee will no longer have the power to make up a temporary roll of delegates or to pass on the credentials of state delegates before they are seated in the convention."

"Where states have primary laws that govern the election of the delegates it will be an easy matter to provide by party rule that the certificates issued by local election officials shall be final evidence entitling the delegates to seats in the convention. Where such laws do not exist, however, I believe that Republican authorities in each state, either the committee or the special board, should pass on all contests and settle the eligibility of delegations before they go to the national conventions."

Mr. Banks believes this clause is wide enough to cover the case, and is laying the whole matter in the hands of Col. Sherwood, head of the Dominion police. "There are some things on the stage which even New York will not stand for," says Mr. Banks, "and I would like to bar them at the bordsr."

A riot occurred in Brampton's Polack settlement on Sunday, which might have ended seriously but for the interference of the police. It seems that every Sunday night they hold a dance in their boarding house, and end up by quenching their thirst with from six to ten kegs of beer. This generally results in brandished knives and fistic encounters, and Chief Kidd just arrived in time, when the place was in an uproar and two of the gang were bleeding from knife wounds in the head. The worst offenders were arrested and jailed until Magistrate Crawford can deal with them.

CONTROLLERS TO HEAR WARD SEVEN

Deputation Will Ask That Better Sewers Be Laid on Annette Street.

One of the largest and most representative deputations ever sent down to the city fathers from Ward Seven will wait upon the board of control this morning and urge the immediate construction of better sewers on Annette street. In view of the recent exposure of the present system of sewage disposal and of the very frequent and in some cases continuous complaints of ratepayers regarding the unpleasant and unhealthy smells from the Annette street sewers, the delegation feel it well worth while to give up their time to this purpose, and many of Ward Seven's first citizens will be included in the deputation. Rev. Dr. Tracey of St. Cécilia's Church and Rev. T. Beverley Smith of St. John's will likely be the spokesmen.

The sixth annual athletic field day of the Interchurch Association of West Toronto will be held on Saturday atternoon next on the Lambton Athletic Grounds. Keen interest is being taken by the various church organizations in this year's meet, and the thirteen events will be closely contested.

The annual church parade of Sir Robert Land Commandery, No. 3, G.R.C., Knights of Malta, is to take place next Sunday (Oct. 12), to the Davenport Methodist Church. The uniform corps will head the procession.
