Recount in Welland Shows That Temperance Act is Defeated by Six Votes

Irregularities Alleged and Prosecutions May Follow—Mousseau Will Tell All He Knows of Bribery in Quebec Legislature

MOUSSEAU'S REVELATIONS DEFERRED

Legislator Said to Have Caused Consternation by Declaring He Will Name Others Who Received Bribes—Sickness is Serious, Says Montreal Specialist.

QUEBEC, Feb. 2.—(Special.)—When the legislative investigation into the allegations by The Montreal Daily Mail that J. Octave Mousseau, who has resigned his seat in the Quebec Legislative Assembly, was resumed to-night, Dr. Adelman Demartigny, a Montreal specialist, appeared before the committee and testified that Mr. Mousseau was so ill he could not specify whether he would ever regain his health. He is lingering in a condition between coma and unconsciousness, declared the doctor. He cannot be made to understand questions asked him; he does not sleep or take nourishment.

Mr. Bisillon, K.C.—"Is there any reason to believe that he is shamming?"

Not Playing Part.
Dr. Demartigny—"Not at all. It is impossible to tell the consequences were he to come here. When I tried to quiet him he wept. To a layman his symptoms might appear strange, but to a physician they seem perfectly possible under the circumstances. The only thing to do is to try to nourish him, and, if necessary, send him to a sanitarium where he may have perfect rest."

Armand Laverigne—"Do you think he is acting a part?"
Dr. Demartigny—"It would require an extraordinary actor. He does not eat. When one of his children was brought to him, no recognition was shown."

Mr. Laverigne—"Did you show him money?"
The doctor did not reply.

Enquiry to Go On.
The Mr. Mousseau has resigned his seat, the enquiry will proceed, first to determine whether the charges against him of accepting bribes are true, and secondly, to discover if any other members of the legislature are guilty of the same offence.

Discussing the matter, Hon. L. A. Taschereau, chairman of the committee, said: "We will make the investigation as thorough and complete as possible."
When asked regarding the lines of the report the committee will submit to the house of assembly, in view of the fact the only member of the house who is accused, has resigned, Mr. Taschereau replied:

"Our conclusions will be based on the evidence. We may lay before the

VILLA SOON TO MAKE ONSLAUGHT ON TORREON

Army of Twelve Thousand Men to Be Mobilized at Chihuahua.

JUAREZ, Mex., Feb. 2.—(Can. Press)—With his army of 12,000 rebels already advanced to points north of Torreon, and awaiting word to open the attack on the federal garrison in that city, Gen. Francisco Villa planned to leave to-night or early tomorrow for Chihuahua, whence after a stay of several days he will himself march south to direct the opening of the battle. How long Gen. Villa will remain in Chihuahua will depend on the rapidly with which train loads of ammunition and rations can be despatched southward.

LITERACY TEST UPHELD BY VOTE OF CONGRESS

President Wilson is, However, Opposed to This Bar to Immigration.

WASHINGTON, Feb. 2.—(Can. Press)—Final action on the Burnett immigration bill was postponed again tonight when the house adjourned after voting down 178 to 120 a motion of Representative Goldfogle of New York, to eliminate the literacy test feature of the measure.

It was on account of this provision that President Taft vetoed a similar measure passed by the last congress. During the day President Wilson let it be known he would not make public his position on the literacy test until he was consulted by the committee of congress. Those who asked him privately for his views found that he was opposed to the provision because he did not believe it was a fair test of character.

Hazen Considered Upper Provinces Should Absorb Output, But Promised Consideration of Liberal Members Request—Big Decrease in Homesteading in West Shown.

(Special to The Toronto World)

OTTAWA, Feb. 2.—For the first time this session business proposed by private members had the right of way. They availed themselves of the privilege by asking 190 questions of the government, which had accumulated on the order paper. Many of these related to the dismissal of officials and matters of local interest, while others sought information as to the policy of the government.

Subsidy for Steamers.

The greater part of the day was occupied with a debate in which only members from the maritime provinces participated, upon a resolution offered by Mr. Sinclair, the Liberal member for Guysboro, in favor of subsidizing a line of steamships equipped with cold storage for the transportation of fresh fish from Nova Scotian ports to Boston. The discussion, as might have been expected, soon harked back to the reciprocity campaign of 1911.

Homesteading on Wane.

From the answers of the government to the great number of questions on today's order paper the following nuggets of information were gleaned: The homestead entries for 1913 amounted to 29,640, a marked decrease from 1912, when they were 35,222. In 1911 they amounted to 38,555. Even more startling is the falling off in the number of pre-emption entries. There were 10,583 such entries in 1911, 8647 in 1912 and 6483 in 1913.

CAPE TOWN, Feb. 2.—(Can. Press.)

The bill to indemnify the government for all its acts under martial law, and prohibiting the return of the strike leaders recently deported from South Africa, was introduced in the assembly today by Gen. Jan Christian Smuts, minister of defence, and passed its first reading. Prior to this a Labor amendment proposed by Frederick Creswell, the acceptance of which would have been equivalent to a vote of censure, was defeated. The Laborites alone supporting it.

GLADSTONE NOT RESPONSIBLE.

LONDON, Feb. 2.—(Can. Press.)—The Rt. Hon. H. L. Samuel, postmaster-general, speaking at Harrogate to-night, made reference to the deportation from South Africa of the strike leaders. He declared that no responsibility for this act attached to Viscount Gladstone, the governor-general, because under the constitution of South Africa his assent was not required and was not asked.

MAJ. GEN. McDONALD AND WIFE RETURNING.

Mrs. McDonald Has Recovered From Operation at Rochester, Minn.

ROCHESTER, Minn., Feb. 2.—(Can. Press.)—Major-Gen. and Mrs. D. A. McDonald depart for their home in Toronto tomorrow. Mrs. McDonald having completely recovered from a serious operation to which she submitted a few weeks ago.

CAPE TOWN, Feb. 2.—(Can. Press.)—The bill to indemnify the government for all its acts under martial law, and prohibiting the return of the strike leaders recently deported from South Africa, was introduced in the assembly today by Gen. Prior to this a Labor amendment proposed by Frederick Creswell, the acceptance of which would have been equivalent to a vote of censure, was defeated. The Laborites alone supporting it.

BIG SHIP CHANNEL IS NOW NEARLY FINISHED

Waterway Between Quebec and Montreal Has Cost Sixteen Millions.

OTTAWA, Feb. 2.—(Special.)—The 30-foot ship channel between Quebec and Montreal is practically completed. The total length of dredging in the project is 70 miles, and the length yet to be dredged, says the annual report of the department of marine and fisheries, which was published today, is 4,200 miles. This, of course, was at the beginning of the present fiscal year.

SHRINKAGE IS SHOWN IN CUSTOMS RECEIPTS

Decline in Ten Months Was Nearly Three Million Dollars.

OTTAWA, Feb. 2.—Customs receipts for the Dominion in January were \$7,065,165, as compared with \$7,779,090 in January last year. This shows a falling off of more than \$700,000.

For the tenth month of the fiscal year ended with January the receipts were \$91,343,951. During the same period last year the receipts were \$94,329,836, which shows a decrease during the ten months of nearly \$3,000,000.

DIAZ EMISSARY WAS EXECUTED

Death Sentence Villa's Answer to Proposal That He Renounce His Allegiance to Carranza.

JUAREZ, Feb. 2.—Francisco I. Guzman, who figured prominently in the revolt against President Madero in Mexico City a year ago, was executed in the front yard of a house occupied by Gen. Francisco Villa here today. Guzman had just come from Havana, where it was charged he had been given a secret mission by Felix Diaz to induce Gen. Villa to renounce Gen. Carranza and throw the strength of the revolution to Diaz.

As soon as he heard of the proposal Gen. Villa gave Guzman a conference, and after making sure of the nature of the visit, ordered the messenger shot. Within a few minutes after his arrival Guzman was led out of Villa's room, stood up before an adobe wall and with his hands tied and eyes blindfolded, was executed. The shooting was done by a rebel officer in charge of the railroad, who happened to be present when the execution was ordered.

Guzman was formerly a private secretary to Dr. Emilio Vasquez Gomez. He was known as one of the promoters of the Orozco revolution against Madero, and later joined with Huerta against the late president.

RECOUNT SHOWS "DRYS" LOST IN WELLAND

Bridgeburg Ballot-Box Which Reached Returning Officer Last Saturday, Gave Larger Majority Against Temperance Act Than Previously Reported.

(Special to The Toronto World)

WELLAND, Feb. 2.—A majority of six votes against the Canada Temperance Act was found by Hugh A. Rose, returning officer, when he made his official summing up of the sworn statements of the deputies today. Consequently, he declared, the act was defeated.

In the presence of representatives of both sides Mr. Rose began the work of summing up. This morning there was little change in the figures until the ballot box of E. C. Coulthurst, Bridgeburg, was opened when the statement showed 63 against 12 for a difference of 51 from the sworn statements he gave to the temperance agent on the day of voting. Mr. Coulthurst did not deliver his ballot box until Saturday, and then the returning officer had to send for it. He was called to Welland, but left again on the 2:30 train for his home. O. H. Garner, president of the temperance party, says the matter will be probed to the bottom. Investigation, it is understood, will follow in connection with some other circumstances.

Guarded Ballot Boxes.

Last night, it is alleged, the temperance people heard of designs on the court house, where the boxes were kept, and at their request the mayor stationed special policemen to guard them.

L. B. Spencer, secretary of the B.M. M.A., which opposed the act, intended before the result was known and the act defeated, to enter a protest at Welland Township which gave 408 for the act under the Dinkins Act, and the latter is not suspended by the C.T.A.; therefore, his contention, which has no right to vote with the county.

PEEL SAHARA FOR GOLFERS.

As the result of the vote last week in favor of local option in Peel County, approximately 1400 members of the golf clubs in the county will be deprived of the privilege of refreshing themselves with intoxicating liquors after a trip around the links. The clubs which this legislation will affect are Lakeview, with a membership of about 500; Toronto, with a like number of members, and the Mississauga, which has 400 members.

It is also possible that there may be some difficulty encountered by the Ontario Rifle Association, when they attempt to open their courses on the Long Branch ranges during the annual competitions next summer. There is already some talk around the Toronto Club, which is situated just over the boundary line of the Peel County, of evading the law by erecting a building and installing a bar on the other side of Etobicoke Creek, which forms the boundary line between the Counties of York and Peel.
