

GARDEN RESULTS TO BE EXHIBITED

Products of Toronto's Home
Gardens Will Form Show
in Massey Hall.

WILL AWARD PRIZES

Six Hundred Amateurs in
Contest Put on by Dover-
court Land.

The apartment house dweller, whose garden would have to be in the skies if he had one at all, will, on Sept. 16, have a chance to see what people who dwell closer to the ground and have a surplus of it, can do with a few seeds and garden tools when they set to work on it.

Arrangements are now being completed to open Massey Hall on the date for an exhibition of the products of Toronto's home gardens and for the distribution of prizes won by home gardeners in the back-yard-garden contest fostered by the Dovercourt Land, Buildings and Savings Company.

There are more than six hundred amateur gardeners making money for themselves in Toronto, who, spurred by the opportunity to pull down a share of the thousand dollars offered in prizes, are putting a crimp in the weekly household bills, and the results already shown by the inspection of five hundred gardens promise an exhibit that will not have to give much reason to the big show in Exhibition Park.

A Difficult Task. Prof. Hutt, formerly of the Ontario Agricultural College staff, who has been inspecting and judging the gardens, is not having an easy task, so even has the competition proven, but he will be thru well within the next month.

The exhibit at Massey Hall will, it is expected, be thrown open to the public for two hours in the evening. At 4 o'clock a prize meeting will be held for the distribution of prizes won by the exhibitors and contestants in the home garden competition. The meeting will be addressed by a member of prominent men, including, it is expected, a member of the Dominion Government, who will deal with the importance from every standpoint, economic and patriotic, of the development of the home garden idea. Prof. Hutt will also speak, detailing the work done during the season and the improvement in the showing made by the contestants.

An added feature of the meeting will be the awarding of prizes for the best records in production and value of crop. It is recognized that the man who can spend considerable money on fertilizers and equipment has an advantage over other competitors.

While due allowance is made for this in the awarding of the general prizes, the extra awards will go to the man who produces a given crop, particularly in the expenditure necessary to produce a given crop.

The winner will be determined by the "profit" on the crop rather than by its size.

PATRIOTIC MEETING TONIGHT. A patriotic meeting, under the auspices of the 12th Regiment, York Rangers, to encourage recruiting, will be held in Kew Gardens this evening at 8 o'clock. Dr. Berkinshaw will take the chair, and among the speakers will be Controller Spence, Alder J. A. Stewart, and Rev. J. A. Stewart. The musical band will be in attendance, and a quartet will sing. Take King cars to Lee avenue and walk south.

FAIR WEATHER PRAYER. At the daily service at St. Alban's Cathedral, the "Prayer for Fair Weather" is being offered. The bishop requests the clergy throughout the diocese to make the same prayer at the daily offices, and especially at the Sunday services.

**What to Use and Avoid
On Faces that Perspire**

Skin, to be healthy, must breathe. It also must perspire—must expel, through the pores, its share of the body's waste material. Certain creams and powders clog the pores, interfering both with elimination and breathing. The result is the heated face, which is the cause of the skin trouble. If more women understood this, there would be fewer self-inflicted complexion troubles.

Ordinary mottled wax they would use healthy complexion. This remarkable substance actually absorbs the perspiration, and the result is a clear, healthy skin. The result is a clear, healthy skin. The result is a clear, healthy skin.

To breathe and to show itself. The ex-out, one free from any appearance of artificiality. Obtain an ounce of perspiration from your druggist and try it. Apply nightly like cold cream, for a week or two, washing it off mornings.

To remove wrinkles, here's a marvelously effective treatment, which also acts naturally and harmlessly: Dissolve 1 oz. powdered exsolute in ½ pt. witch hazel and use as a wash lotion.

Notes of Women's World

Tonight at the Royal Alexandra the members of the first Italian contingent to leave Toronto will be the guests of the Robins Players and the Italian Red Cross committee are working to make the affair a memorable one for the men going to the front. Arrangements will be made by the Italian consul, the mayor and other prominent citizens. Souvenirs will be given the departing soldiers.

In aid of the patriotic garden-festival to be held in the grounds of St. Joseph's Convent on Saturday afternoon and evening, Aug. 28, a miscellaneous "show" will be held at the home of Miss Gearin, 197 Beverley street, on Friday evening, Aug. 20. All interested are invited to contribute.

The Women's College Hospital and Dispensary is now working under its newly-appointed superintendent, Geraldine Oakley, B.A., M.B., who after her arrival was given a reception by the board of directors and medical staff. Dr. Margaret Johnston received the guests and a very pleasant social hour was enjoyed. Dr. Oakley's work in the hospital has been very successful and she is expected to return to Toronto after her three years spent in hospital work in New York and Southampton, Mass.

The ladies of the North Toronto W.C.T.U. will hold a lawn party at the W.M.C.A. grounds, Yonge and Albert streets, this afternoon, the proceeds of which will go to the ambulance fund.

To further the patriotic work of the Imperial Order Daughters of the Empire, the Westminster Chapter has arranged for a week of comic opera in the early autumn. The "Mikado" has been chosen, and the committee of the St. Solman it will be produced at the Alexandra. The undertaking will be under the direction of one of Toronto's well-known musicians, Mrs. W. J. O'Brien.

The proceeds of the Canadian Henry regatta, which is in progress this afternoon, will be handed over to the ladies of the St. Catharines Red Cross. Well-known young ladies will be in charge of the sale of tickets and refreshments.

A large audience attended the lecture given in Convocation Hall by Gen. G. S. Ryerson, when a nice sum was taken up for the motor ambulance fund of the W.C.T.U. for which purpose the interesting address on present day Germany was given.

At the meeting of the national council of the Ladies' Guild for Sailors, held at 10 Elmly place, it was reported that many new members have been gained thru the interest-awakened by the garden party held at the home of Lady Mann, the membership number exceeding 400. Grants to women's institutes in Canada were made as follows: Vancouver, Victoria and Seattle, \$50 each; St. John, Quebec, Montreal, Charlottetown, North Sydney and Union Bay, B.C., \$25 each. In response to a letter received from the St. John's Guild, a sum of \$50 was sent as an expression of Canadian sympathy in the work of the Greenwich Seamen's Hospital. Plans for the further development of the guild thru the payment of at least one dollar a year were discussed. Miss Brodigan giving valuable aid. At the suggestion of Mrs. VanKoughnet the sum of \$25 was decided upon as life membership subscription.

**PROPERTY ASSESSMENT
AT COURT OF REVISION**

Various Reasons Given as to Why Assessors' Figures Should Be Changed—Some Successful.

In addition to the war, the Bloor street viaduct and the erection of the North Toronto C.P.R. Station, were used as excuses by some of the property owners who asked for assessment reductions at the court of revision yesterday.

John D. Ivey who owns two lots on Castle Frank road, received a \$10-a-foot reduction, because the major portion of these lots sloped too much for building.

A strong defence of the valuations made was put up by Harry Nixon of the assessment. He declared that in the viaduct district sales had taken place at as high as \$130 per foot and that the Danforth extension was completed.

In cases in which the station's erection was blamed for property depreciation, the decision was reserved for Geo. Turvey, 12 Gordon avenue, North Toronto, said his taxes had doubled since the annexation. No alteration was made to the land value, but \$100 was taken off the house. "That's poor consolation," said the owner.

WHAT ONE LARGE TORONTO MANUFACTURING COMPANY GENEROUSLY OFFERS TO AID RECRUITING.

"Notice to Employers." "To all in our employ who enlist for service abroad we agree to pay the time they leave Canada until they return. To pay half wages to unmarried men from the time they leave Canada until they return."

The above notice appears in a prominent position in the works of the Cowan Co. Limited, manufacturers of Chocolate and Cocoa.

The action of the Cowan Co. cannot be too highly commended. It reflects a patriotism which it is to be hoped others of our manufacturers in Toronto and throughout Canada will follow.

The offer assures the unmarried man that sufficient money will be turned over to his relatives to maintain peace and to the married man, that his family will not suffer want on account of his accepting the call of his country.

An example has been set by the Cowan Co. which doubtless will be followed by many other manufacturing plants and business houses.

STREET CLEANERS DO THEIR BIT FOR EMPIRE

All Who Have Not Enlisted Con-
tribute to Tobacco Fund.

The men of the northern division of the street cleaners department are certainly doing their share in enlisting and contributing to the empire's needs. A majority of the winning Lancashire football team are employed, and all have enlisted in the Body Guards. A number of the other men have gone into other corps, some 21 in all, and the rest are contributing to the Tobacco Fund to the amount of from 25 to 30 lbs. of tobacco per week.

THE BIG IDEA

An absolute novelty in every way, shape and manner is "The Big Idea," the play that the New York press present wild over when presented at the Hudson Theatre during the past season, and which will be presented for the first time in years by the Robins Players at the Alexandra Theatre for the coming week. "The Big Idea" is different in a good many ways from the ordinary play, different because the audience never knows when it is when the play it came to see, and, in a different way, the play is being worked out and written within the action of the real play.

ITALIAN RED CROSS BENEFIT

Tonight, at the Alexandra, where the Robins Players are presenting the greatest laughing hit of the season, "The Marriage Game," a monster benefit will be given in aid of the Italian Red Cross Fund. The purpose of this benefit is to raise sufficient funds to equip the 600 Italian reservists in Toronto, who have nobly answered the call and are about to leave for the front. The performance tonight will be attended by the Italian consul, the archbishop and Mayor Church.

MAWSON ANTARCTIC PICTURES

Sir Douglas Mawson's marvelous wild animal, bird and travel pictures which are to be exhibited at Massey Hall, will begin Monday, Aug. 16, constitute an event of the day. The pictures are of the most interesting and thrilling. People who have seen Charlie Chaplin do his funny walk will laugh when they see thousands of penguins imitating him. The exhibition, which is billed for the entire week, includes an amazing panorama of Antarctic animal life, including seals, sea elephants, sea leopards, whales, cormorants and petrels, as well as towering cliffs, mammoth icebergs and blinding blizzards of the kind which Capt. Scott and his comrades encountered on their journey to the south pole.

NEW SOUTH WALES SHOWS FINE SPIRIT.

SYDNEY, Aug. 6.—New South Wales has contributed more than \$5,000,000 to war charities since the beginning of hostilities. The proceeds from "Australia Day" will probably add another \$1,000,000 to the total of the first year of the war.

The colony's donations include about \$1,500,000 sent to Belgium, \$500,000 for Red Cross work and \$1,000,000 for local use.

BODIES OF VICTIMS REACH TORONTO

Five Drowned in Muskoka
Motor Accident Are
Brought Home.

DRIVER COULD NOT SEE

Chauffeur Says Rain Fogged
Wind Shield and Car Went
Over.

The bodies of the five Toronto people drowned in Muskoka, near Uxton, on Thursday afternoon, reached the city on the G.T.R. train at 4:10 o'clock yesterday afternoon and are now being prepared for burial. Charles Swabey, barrister, of 61 Admiral road, who lost his 8-year-old son, Beverly Swabey, came in on the same train and brought with him his son, Harold Swabey, 10 years old, and Douglas Lawson, 13 years old, of 173 Dowling avenue, the only two saved of the seven Toronto people in the accident.

The sudden death of Henry R. Alley, the librarian of the department of education, and his son, Fred Alley, aged 9, will be sad news to his other son, Lieut. H. R. Alley, Q.O.R., who has been fighting in France, and was mentioned some time ago for conspicuous bravery. The son graduated at Varsity in 1912 and was attending Osgoode Hall when he enlisted.

Mr. Alley was 60 years of age and had been a member of the Ontario civil service for many years. He was secretary to the late Sir George W. Ross, and when the late Sir James Whitney came into power he became secretary to Hon. Dr. R. A. Fyfe, minister of education, and later became librarian of the department of education.

Was Well-Known Teacher. Miss E. M. Lawson, who was drowned, was born in Scotland and was 30 years old. She was a graduate of Toronto University and for six years was an instructor in modern languages at St. Margaret's College, which position she gave up to become guardian of her two nephews, Angus Lawson, aged 10, who was drowned with her, and Douglas Lawson, who was killed in an accident in England. She is survived by four sisters and three brothers—Mrs. J. W. S. McCullough, wife of Dr. McCullough, secretary of the provincial board of health, 61 Beatty avenue; Mrs. Dr. Hart, 179 Dowling avenue; Mrs. W. G. Appleby, Toronto; Mrs. E. Gayle, Lake Charles; Prof. A. A. Lawson, Sydney College, Sydney, Australia; Prof. A. C. Lawson, State University Berkeley, California; W. L. Lawson, manager of the Billing company, Montreal, and J. Kerr Lawson, London, Eng.

Dr. A. D. Macdonald, coroner, opened an inquest yesterday before the bodies were put on the Toronto train, and after the jury had viewed the bodies in mourning to meet again at Huntsville at 3 o'clock on Monday afternoon. The only explanation that John Clarke, the hotel proprietor at Huntsville, who was driving the car at the time, gave yesterday was that the rain was beating on the wind shield and he could not see. He stated that there was a curve in the bridge of seventy feet, but that he was not hurrying to catch up to the other cars in the party. He also stated that he had been driving a car since the spring.

EX-MAYOR OF LONDON IN MOTOR ACCIDENT

He Lay Unconscious in Creek for
Six Hours—Condition is
Serious.

LONDON, Ont., Aug. 6.—Ex-Mayor Charles M. R. Graham met with a serious accident while motoring alone to his cottage at Port Stanley late last night between London and St. Thomas. His car skidded and plunged into a creek. Graham was thrown over the windshield into the water, where he lay unconscious from midnight until 6 o'clock this morning. He was taken to the St. Thomas Hospital, where he lies in a serious condition as a result of exposure and shock.

KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera, infantum, diarrhoea, dysentery and stomach troubles are rife at this time and often a precious little life is lost after only a few hours' illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevents stomach and bowel troubles, or if trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.
