

H. J. Drummond Esq  
from L. A. M.

THE SUBSCRIBER takes this mode of expressing his thanks to Mr. Wm. M. Canby of Wilmington, Delaware, for much assistance in the compilation of the Catalogue of Flowering Plants, and to Professor D. C. Eaton of New Haven, Connecticut, for the Catalogue of the Vascular Cryptogamia, the most complete one, it is believed, yet published. For all imperfections, which are numerous enough, as the list of *Errata* (to which all are especially directed) partially shows, he must hold himself alone responsible. It is requested that other errors which may be detected by those who use the Catalogue, may be communicated, in view of another possible edition.

HORACE MANN.

CAMBRIDGE, JULY 1, 1868.
