LIVERPOOL, July 23.—The provisions exchange here will be closed Aug. 5, and the corn exchange Aug. 3 and 5.

NEW YORK, July 23.—Cooler weather generally prevailed in the Rocky Mountain and plateau region and in the Upper Missouri Valley during the week ending July 22. Light frosts occurred during the fore part of the week in portions of the middle and southern plateau regions. the middle and southern plateau regions the middle and southern plateau regions. Over the central and eastern portions of the country it was warmer than usual. Portions of the Missouri and Upper Mississippi Valleys suffered considerably from heavy rains, while Oklahoma and portions of Texas, Missouri, Tennessee, North Carolina and Massachusetts need rain. As in the previous week, the severe local storms were confined to the control and northern districts, the southcentral and northern districts, the south-ern states being practically free from storms of this character. In the Dako-tas, Minnesota and Iowa there was gen-erally less than the usual sunshine, and there was considerable cloudiness in the South Atlantic States and on the North

Chicago Gossip.

Marshall, Spader & Co. wired J. G. Beaty at the close:
The wheat market was a nervous, choppy affair to-day, strong one minute and

close: Wheat—Black rust reports from Minnewheat—Black rust reports from Minnesota and the Dakotas, while rather vague, were sufficient to make the trade nervous to-day, and there was less disposition to sell wheat, either for short or long account, and the market responded freely to any buying orders. Disappointing cables inspired a weak and lower opening, but the market railied easily about 14 cents, reacted, and later firmed up again on buying for northwest account. The northwest situation is growing critical, and conditions are said to be favorable for the spread of black rust. Developments must be closely watched from now on. The Northwestern Miller says that Canada will be lucky to get 65 per

that Canada will be lucky to get 65 per cent. of a crop of wheat. This is in line with other reports. Stocks here and abroad are decreasing, breadstuffs showling a decrease for the week of 5,500,000 bushels. There are many indications that prices are close to an export basis, so that we are likely to run into good export business on any break. Local cars estimated for to-morrow only 30. Market for the Cobalt Shares Exceptionally Quiet With Few Changes.

World Office,

Tuesday Evening, July 23.
The market for Cobalt stocks was in no wise changed to-day. The operations in Nova Scotia, which were such a conspicuous factor in yesterday's market, were dropped to-day, but the stock held its advance. The demand for these shares is said to be due to a reported strike on the property of considerable worth. The regular trading issues were particularly quiet. There was little liquidation of either Foster or Trethewey and shorts refused to bid, the stocks up in a dull market. It was reported at the exchange that the strike was petering out, but that the strike was tle or no influence on speculation.
The markets closed dull with the public interest pretty much of a nomin-

VICTIM OF MANIPULATION. Smelters Are Robbing Company, Says

Mining Engineer. DETROIT, Mich., July 23 .- "Nipissing, the mine that has been at once a wonder and a puzzle, has been and now is the victim of the most shameless manipulation, and the smelters have been robbing the concern," according to James T. Carmody. "Of course, it is legalized robbery and probably as legitimate as any other hold-up by a monopoly," says Mr.

Carmody.

"The Guggenheims are really in control of Nipissing, denials to the contrary netwithstanding. The ores go to the smelters owned and controlled by the Guggenheims at the American Smelting and Refining Company, thus the inseparable brothers

"In my estimation Nipissing has been most shamelessly manipulated. I think I can trace out a long headed campaign. The Guggenheims in getting the option they failed to exercise, ran the stock to a high figure on the market. This was done for the purpose of scattering it, as it would be more easy to secure it at Nova Scotia Steel

New Century,—the most wonderful Medicine ever discovered. It is astounding the Medical world. 10,00 cases cured in one month in Paris. The National Medical Board has recommended this Remedy for use in the Insane Asylums where, as '9 well known, a majority of the male immates are victims of lost Vitality in its most terrible form. In Europe the remedy is endorsed by all governments and is now used as a Specific in the great standing armies of both France and Germany. Stops losses in from seven to ten days so that they never return. Drains entirely cease after a few day's treatment. The skin becomes clean, the eyes bright. Confidence returns, step elastic, bowels regular. Headaches disappear. No more weak memory, the mind becomes bright and active. A Food for Brain and Blood. A permanent cure no matter how chronic the case. Just send us to-day your name and address plainly written and a 5 days treatment of Restorine will be sent FREE in plain scaled package. Do not hesitate a moment. We will treat you with success and with konest confidence.
