## PUBLIC AMUSEMENTS.

Princess-Viola Allen in "Twelfth Night."  
Grand-Nell Burgess in "The County Fair."  
Maletie-"East Lynne."  
Shea's-Excellent vaudeville.  
Star-Rice and Barton's Burlesquers.

This is practically the last week of what has been, on the whole, a good season of entertainment at the theatre. To-night, however, the Princess will present one of the really excellent performances of the season in Viola Allen and her production of the beautiful Shakespearean comedy, "Twelfth Night." Miss Allen has been receiving the highest praise from the critics for her presentation, which is a thorough embellishment in the best style.

Commencing Thursday evening, Grace Van Studdford will re-appear in the greatest musical success that has come, namely, "The Red Feather." Then the Princess doors will not re-open until the latter part of June, when Richard Mansfield will be seen.

At the Grand, "The County Fair," which Nell Burgess has made famous by his impersonation of Abigail Frazz, will form a fitting race-time attraction. It is unnecessary to dwell on the humorous and sympathetic portrayal he gives his unique character, nor the exciting race scene, with its trio of horses in hot contest for first place.

Next week the Grand will bring back the farce "Are You a Mason?" which has such a success here recently. Then the end will have come.

The Majestic will finish the term with a revival this week, with daily matinees, of the classic comedy, "The Millionaire," in the principal role. A good supporting company is promised.

Shea's have a fine program for the closing. Charles Sweet, the "musical burglar," will be on hand to entertain in the fashion which popularized him here some three years and more ago. Madame Hermann will present some mystifying feats in illusion and dexterity. Others will be Elizabeth Murray, Joe and Nellie Dwyer, Alf Grant, Brothers Damm, Marvelous Merrill, and the kinestroph, showing the King's Plate race.

At the Star, the Rice and Barton's Rose Hill English Folly Company will be seen in the two burlesques, "The Baby Trust" and "A Peep Behind the Scenes," with a variety of other supplementary musical and comedy performance.

The sale of seats for the season of pastoral plays at Toronto University in connection with the university week program will begin on Saturday morning next at Northmeads. There will be five productions given, on Thursday afternoon of next week with "As You Like It," "Midsummer Night's Dream" on Thursday and Friday evenings, on Saturday afternoon "Twelfth Night," and in the evening "Much Ado About Nothing." Course tickets will be sold for any four of the plays for \$5, and those desirous of securing course tickets will be able to obtain them on Saturday morning. The sale of single seats opens on Monday morning. Members of the university living out of town can secure their seats by writing N. Withrow, Massey Music Hall, Toronto.

A good musical service and organ recital in aid of the choir fund of St. Cyril's Church, corner of Christie and Dupont streets, will be given in the church this evening. W. E. Fairclough, organist of All Saints', will preside at the organ, and Percy Coward, late solo singer for the choir of the Chapel Royal at Windsor, will be the leading soloist. Joseph Twigg, tenor, and James Milling, bass, will assist, and also the leading boy chorists from the choir of All Saints'.

The free open air theatre at Hamilton's Point will be greater than ever. Among those who will appear are the Buff Brothers, noted vocalists and novelty dancers; Caprice Lewis, the dancing queen of the German Court; Joseph Twigg, tenor, and the Human Cockerer; Miller Sisters, singers and dance players; and a new lot of illustrated songs by Holly Ball. The new miniature railroad now in running order, and is offering a lot of amusement to the little ones. There will be another balloon ascension and parachute drop next Friday and Saturday.

**Difficulties of a Census.**  
Johannesburg, May 29.—The unaided figures of the Transvaal census just published show a total population of 1,288,816—viz., whites 239,237, natives 948,579, other colored persons 23,801.

As evidencing the difficulties of the enumerators, it may be stated that one trooper of the constabulary was drowned in the Zoutpansberg region and another was mauled by a lion in the Sabie district, while many contracted fever.

## A Short Cut to Health

If you want to enjoy  
vigorous health take

**RECK'S PILLS**

They are a veritable short cut to lasting and perfect health.

Prepared only by the Proprietor, THOMAS RECKMAN, St. Helena, England.  
Sold Everywhere in Canada and U. S. America.  
In boxes, 25 cents.

## TYPO. CONFERENCE TO-NIGHT

International Representatives of  
Unions Interested to Meet  
Masters' Committee.

## LABOR TEMPLE SUBSCRIPTIONS PAID

Stationary Engineers and Trades  
Council's Action-Brickmakers  
Mc Sanguine.

The committee representing the printing houses of the city held a conference on Saturday night with representatives of the job printers, bookbinders and stereotypers, who have not yet arrived at an agreement regarding the wage scale.

Preliminary arrangements were made for a meeting to-night with the international representatives of these bodies, when the matters at issue will be gone into and an endeavor made to arrive at a settlement.

"Labor Temple" in the Fall.  
The meeting of the shareholders of the Labor Temple, which was held Saturday night, was a gratifying success. About \$2000 was taken in, mostly in individual subscriptions, and six receivers were kept busy until a late hour.

A fund is now within \$700 of the amount desired on June 8, when the option on the building of the Labor Temple will meet again on Friday night, when the next meeting of the shareholders will be arranged.

The success of the scheme is assured, and the unions will have a home of their own by next fall.

Say Council Was Hasty.  
The stationary engineers are not worrying greatly over the action of the Trades and Labor Council in expelling their delegates. While they feel that a stigma has been undesirably put upon their organization, they are not at all perturbed by the decision of the council, which is not in any way affected by the action of the union. A prominent member said yesterday:

"If any offense was committed, it was by an individual member, and not by the body, and should have been referred to us in all fairness, to deal with the offender, and then the council could have taken action on our report. But they gave us no notice, either that there was a strike on, or that they proposed to expel us."

Mr. Fox, the engineer at O'Keefe's, is a far better union man than a good many of the hot-air artists that voted against him. He was left at a moment's notice by his firemen, with a large plant on his hands, and a great deal of damage might have been done in a few minutes.

"Engineers are in a different position from most mechanics. They cannot leave their employment in a moment and risk the loss of lives and property. The Trades Council acted too hastily, but if the members are satisfied, we will not object."

Brickyards Are Idle.  
The secretaries of Brickmakers' Union said yesterday:

"If the bosses expect the men are going back to work, they must first make it worth their while. They are endeavoring to persuade the men to go back individually by offering them higher wages, but there were only a few small ones working with the families of the proprietors, but the majority are entirely idle."

"They can't frighten us by threatening to stop delivery, for they couldn't stop if they wished; and their only way to break us is by building up layers off if we wanted to do it. There is no necessity for it. There are between 200 and 300 men idle, and they will not be sold as on the first day of the strike."

Committees Will Confer.  
A conference was held Saturday morning between the brewers and a committee of the licensed victuallers for the purpose of arranging a meeting to be held by the board of control and the brewers and their striking employees.

It was decided that the secretary of the Brewers' Association should call on the international secretary of the brewery workers, the president of the local union and the president and secretary of the trades and labor council to meet a committee of the brewers on Monday morning.

Employers Hit First.  
Chicago, May 28.—The Chicago Metal Trades Association to-day posted notices that all the men who were on a ten-hour workday after May 31. The Machinists' Union this evening issued an order to all its members to quit work on Tuesday at the end of a day of nine hours.

About 200 machinists will be involved, and their idleness will throw about 10,000 others out.

The action of the employers was to checkmate the union, which was intending to call one or two strikes in the shops each week. The employers desire to fight all along the line.

## CURE FOR CORK DISEASE.

Paris, May 29.—Prof. D'Arsonval last evening communicated to the Academy of Sciences the result of experiments by Bordas concerning a disease in cork which causes liquids to taste of the cork. M. Bordas has found a process of sterilizing which completely destroys the spores of the parasitic fungus that causes the disease. The corks first are heated to 243 degrees Fahrenheit; the air then is completely pumped out and the corks are then sealed and submitted to a steam temperature of 266 degrees Fahrenheit.

May Erect Costly Mill.  
Kingston, May 29.—The Frontenac Cereal Company of Kingston is planning to erect a \$200,000 mill in York county, to take care of their trade in Western Canada and the Orient.

Share With 450 Laborers.  
Kingston, Jamaica, May 29.—The British steamer Rosetti, having on board 450 laborers from the United Fruit Company's plantation, went ashore off Port Royal last night, while on her way to Boca de Toro, Costa Rica, and up to the present time no efforts to relocate her have proved futile. The vessel lies in an exposed condition.

## How Very Easy

To be well dressed when you  
deal at

**WHITE BROS.**  
We clothe the whole family  
and you pay as it is most convenient to you.

## Ready-to-wear Clothing
