Flintoff, SI Pacificavenue, and to that gentleman fell the honor of giving the bride away. Rev. N. Wellwood, brother of the bride and pastor of the Dundalk Methodist Church, performed the ceremony. The bride was becomingly attired in a beautiful gown of blue collenne over taffeta and carried bridal roses. Miss Isla Fintoff, only daughter of Sergt, and Mrs. Flintoff, made a charming little maid of honor, and wore a pretty dress of ivory accordion pleated chiffon, with wrea hover her head, and carrying a basket of sweet peas. Mr. and Mrs. Burritt left by boat at 3 o'clock this afternoon for Quebec and other points east. They will take up their residence at Mitchell on their return.

The horse purchased from John McDonald & Co., for fire hall No. 2 yesterday, did his work to-day to the satisfaction of all concerned. It was 1e-ported from what was considered a reliable source last night that the horse had balked, but there must have been some mistake, as it has given excellent satisfaction to-day.

Saturday afternoon next the Shamrock and Weston lacrosse teams will cross sticks here for the first time this season, and a very swift game is sure. "We'll beat the Shamrock soy 4 to 2." said a Weston enthusiast to The Wolld representative.

The New Housefurnishing Club

Carpets and Furniture, largely because of Stocktaking, and not from a mere whim-heedlessly. The tendency of stores everywhere is to overdo and overbuy. Heads of departments get carried away with the enthusiasm of newness and novelty, and the easiest thing in the world is to get too many of even a good thing. The very excellence of the goods and the exceptional values makes a buyer supremely confident of his ability to sell every one, but there is precious little sentiment in running a department store, and we in the office keep close tab on every little detail. The stock sheets show at a glance every week just how things are going, and whenever the average gets above normal, something must be done to double the sales. That's the why and wherefore

WE'RE doing surprising things just now in

of important happenings just now in all kinds of housefurnishings. Stocks are too large and must be radically reduced before inventory. From that comes the suggestion of the

HOUSEFURNISHING CLUB

which enables responsible people to furnish or refurnish to their heart's content and arrange payments later to suit their convenience. You may not have thought of furnishing up till fall. Our plan is an inducement to do it now. It means in effect a limited number of charge accounts.

We cannot agree to carry over a single purchase for the reason that we haven't the room, but we make it distinctly worth your while to buy now by extending unusual courtesies as regards terms. This applies equally to churches, hotels and offices as well as homes, and includes these special values whether you pay cash or have the goods charged.
