READY, WILLING TO GO TO PRISON

Prepared for Any Sacrifice In Liberty's Cause.

St. Petersburg, Dec. 26.-The proceedings today against the members of the first Russian Duma, who, after the dissolution of that body, went over known as the Viborg manifesto, were characterized by several speeches that reminded those present of the days of

the first parliament. the specific charges of having abetted general charge against the men on of the United States, Canada and trial is of treasonable practices. Ivan England. Parunkevich, the veteran deputy from Tvor, requested permission to testify ication. He declared that the attention of the entire country was centered on this trial, in which the Government hoped to achieve a moral vicestablishing the guilt of the first Duma. He pleaded that the Viborg act must be considered in connection with the historical events of the past few years in Russia. The Zemstvo congress of 1904, M. Parunkevich declared, an organization permitted by this congress were not persecuted.

A Recipe Valued By Elderly People To Relieve Kidney and Bladder Trouble.

The great majority of men and women at the age of 50 years begin to feel the first signs of advancing age in some form of kidney trouble and bladder weakness. Few are entirely free from that torturous disease, rheumatism, which is not a disease in itself, but a symptom of deranged function of the kidneys which have become clogged and sluggish, failing in their duty of sifting and straining the poisonous waste matter, uric acid, etc., from the blood, permitting it to remain and decompose, settling about the joints and muscles, causing intense pain and

The bladder, however, causes the old felks the most annoyance, especially at night and early in the morning.

A noted authority in a recent article stated that he has wonderful success with the old-time "vegetable treatment. He states: "Of sixteen cases of bladder troubles and rheumatism which have been treated with this treatment only one very complicated case failed to fully yield to its remarkable influence. It is the most harmless treatment I have ever found to clean the system of rheumatic poisons; remove irritation of the bladder and relieve urinary difficulties of the old people. It is a true vitalizing tonic to the entire kidney and urinary structure, reinvigorating the entire system."

What he terms "old vegetable treatment" consists of the following simple prescription, the ingredients which can be obtained from any good pharmacy at small cost: Compound Kargon, one ounce; Fluid Extract Dandelion, onehalf ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and upon going to bed, also drink plenty of water. This prescription, though simple, is always effective in the diseases and afflictions of the kidneys and bladder.

AN M. P. DIVIDEND.

New York, Dec. 26.-The directors of the Missouri Pacific Railway today declared a semi-annual dividend of 21/2 state against the America Land Com-

Missouri Pacific. COTTON MILLS TO

Relieve Present Conditions in Cloth Markets.

Boston, Dec. 26. - The Arkright Club, which represents the cotton mills interest of New England, at a meeting here today formally voted to now and March 1, in order to relieve To the Editor of The Advertiser: conditions in the cloth markets of New York, Chicago, Boston, and other large centers. It was stated several days ago that a committee previously appointed by the club to canvass the situation among the mills had found sufficient sentiment to insure the success of the curtailment plan, and that a restriction of production was regarded as a certainty.

The cotton mills of New England employ about 185,000 persons, under normal conditions, and it is expected agreement became operative today, although numerous mills have been shut down since Tuesday night.

The agreement will affect a large majority of Fall River print cloth mills, the fine goods mill of New Bedford, the Amoskeag Corporation of Manchester, employing 13,000 hands, and most of the other New Hampshire factories, the York Corporation of Saco, Maine, Pepperill Mills of Biddleford, the mills of Lewiston, Waterville, Brunswick and other Maine points, those in Lowell, employing 20,-000, Lawrence, Holyoke and Chicopee, Mass., mills, controlled by large Rhode Island interests. The mills of Bondsville, Palmer, Thorndyke, Ware and Warren, Mass., and Greenville and New Ipswich, N. H., controlled by Bliss, Fabyan & Co., of New York, and Boshave contracts calling for delivery duce their production 25 per cent parder after that date. The method of

SAY THEY WERE KIDNAPPED TH

Two Canadians Want Damages for THE ADVANCE MAN Alleged Act of U. S. Treasury Agent.

C'tawa, Dec. 26.-A special from Winni peg says: Information was laid in the Attorney

General's department today against Geo Foulke, secret service agent of the United States Treasury, on the charge of kidnapping Isaac Casson and Albert Tollon, of Emerson. The two men were driving east along International avenue, Emerson which is close to the boundary line. Foulke rushed out and seized their horse by the bridle. He wanted them to go with

him across the line to Noyes. Both refused, saying they were British subjects. Foulke theratened to shoot the animal if they drove ahead. He ordered Robert Rossell, signalman on the railway, to assist him in the arrest. Rossell refused, because he was on neu-

tral ground, and a struggle occurred. Foulke by a quick move secured the reins, and, striking the horse, he got the rig across the international boundary. Then the two men were taken to Noyes station. Casson and Tollon were compelled to sign a paper in order to be allowed to return to Canada. The reason given for their arrest was that it was desired to

implicate them with others in a charge of smuggling grain into the United States. A claim is being made on the Treasury Department of the United States for \$5,000 damages for the arrest of each of the two men. The matter is now in the hands of the Secretary of State at Ottawa and the British ambassador at Washington.

Dyspepsia of Women

Caused by Female Disorders and Cured by Lydia E. Pinkham's Vegetable Compound.

A great many women suffer with a does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by a derangement of the female organism. and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has a peculiar tonic effect on the female organism.

As proof of this theory we call attention to the case of Mrs. Henry Beaubien, 58 Sparks St., Ottawa, Ont., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes: Dear Mrs. Pinkham : "I had been troubled with indigestion and

eneral stomach disorders for nearly a year. I had a soreness in my stomach and was unable to digest my food. I dieted and doctored without success; but Lydia E. Pink-ham's Vegetable Compound brought me permanent relief. I used three bottles and it cured me of my stomach trouble and built up my general health. I now enjoy a splendid appetite, can ent all kinds of food, have no trouble with indigestion, and know that I owe it all to Lydis E. Pinkham's Vegetable Compound.

No other medicine in the world has received such widespread and unqualified endorsement, or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound
