TRAGEDY IN ST. JOHNS

Three Men Are Killed, Six Others
Injured When Building
Collapses.

Montreal, March 17.—Three men
were killed and six others seriously
injured, one of whom is not expected
to live, when a concrete building in
course of erection for the Singer
Manufacturing Company at St. Johns,
Que., collapsed this afternoon and
buried under the debris about a dozen
men. The accident is thought to have
been caused by the giving way of two
concrete beams which supported the
heavy cement roof falling thru the
building into the cellar. The collapse
is supposed to have been caused by
frost heaving got into the cement be-
fore it was thoroughly set.

APPEALS IGNORED FOR ADEQUATE STAFF

Sims Says It Was Not Until
Benson Confirmed Request,
That It Was Granted.

Washington, March 17.—(By Canadian
Press.)—The navy department on
his charges that it insisted on
directing all war operations from
Washington. Rear-Admiral Sims told
the senate investigating committee to-
day that his urgent appeals for an
adequate staff in London were ig-
nored until November 1917.

Admiral Benson, chief of operations,
reached London during that month.
Admiral Sims said, and quickly con-
vinced himself of the necessity for
establishing a real advanced base
headquarters of the navy department
abroad with an adequate staff to make
possible full co-operation with the
admiralty and co-operating all ac-
tivities with the allies.

"I had been recommending such ac-
tion for five months and specifically
in my letters of May 16, July 18 and
October 23, 1917, had pointed out the
necessity for the establishment of
such an advanced base headquarters
abroad," said Admiral Sims.

After Admiral Benson had reported
the department changed its attitude,
he continued, and a cable to Benson,
November 17, said a decision had been
reached that it would be advantageous
to have a permanent war staff in
England to work with the plans de-
partment of the British admiralty.

"It is hardly necessary to state that
the attitude of the department during all
those first critical months of the
war," said Admiral Sims. "A re-
commendation I had been making for
six months was not carried into effect
until Admiral Benson, during his short
stay in London, convinced himself
that it was justified."

"The soundness of the policy" was
again demonstrated by the fact that
the department adopted it through the
remainder of the war.

BOLSHEVIK TO OCCUPY CITY OF EKATERINODAR

London, March 17.—A war office
communication issued this evening
announces that the Russian Bolshe-
viki have issued a proclamation stat-
ing that it is their intention to oc-
cupy Ekaterinodar, province of Ku-
ban, Thursday.

The communication adds that Gen-
eral Denikin, the anti-Bolshevik
leader in southern Russia, has left
Ekaterinodar, that the women and
children have evacuated the town and
that the British mission has gone to
Novorossiysk, sixty miles from Ekater-
inodar on the Black Sea.

TILL TREATY TERMS ARE EXECUTED

Constantinople Will Continue Occu-
pied, Bonar Law Tells Com-
mons.

London, March 17.—Andrew Bonar
Law announced in the house of com-
mons today that Constantinople had
been occupied by allied troops as pro-
posed and that at only one point was
there fighting. Two British soldiers
were reported killed and one officer
and three men wounded. One Turkish
officer and eight men were killed
and others were wounded.

Mr. Bonar Law said that at the
same time the Turkish government
had been warned that the occupation
of Constantinople would continue
until the terms of the peace treaty
were duly executed, and further, if
outrages against native Christians
continued the terms would be more
severe.

For reasons previously indicated it
was decided that the government, in
conjunction with its allies, should pro-
ceed with the occupation of Constani-
tinople. The general administration
of that city would not be taken over,
but the ministries of war and marine
would be occupied. The postal and
telegraph services would be placed
under control and the police put under
allied officers.

room recently.
