### LA PRESSE ON BLAIR.

Montreal, Oct. 19.—(Special.)—The leading editorial in La Presse to-night on the Blair resignation reads as follows: The resignation of the Hon. A. G. Blair is the most important announcement that has been given to the political world for a long, long time. Mr. Blair is a man of vast experience, matured judgment, and absolutely without prejudice. He has been Sir Wilfrid Laurier's railway authority, and apparently he and Sir Wilfrid part without bitterness and without antagonism. The Conservatives now claim that Mr. Blair's resignation and his affirmation that he is to-day quite as much opposed to the Grand Trunk Pacific policy as when he resigned his portfolio, constitute a crushing condemnation of the scheme. The Liberals are hoping that Mr. Blair will say no more on the subject, but subside into private life after having recorded his protest. We do not think the public will be satisfied until they hear again from Mr. Blair with a full explanation. Until such explanation is forthcoming it is only fair to suspend judgment. The whole public of Canada, irrespective of politics, will read or listen with profound attention to anything Mr. Blair may choose to say on a question of such immense importance to the country.

Heavy Rains Followed by Bad Roads Make Military Operations Difficult, if Not Impossible.

There has been an end for the time being of the fighting on a large scale which began when, on Oct. 9, Gen. kuropatkin announced to his army that the time had come for an advance against the Japanese. Heavy rains, and consequently bad roads, have made military operations on either side extremely difficult, it not impossible. The interruption, according to advices from St. Peacetoning to advice a from St. Peacetoning to advice from St. Peaceto according to advices from St. Petersburg, is being utilized by both the Russian and Japanese commanders in making new dispositions of forces and new objective points are likely to develop when active operations are renewed. RUSS BATTALION WIPED OUT.

London, Oct. 20.—Special despatches from St. Petersburg mention a crushing defeat of two Japanese divisions. The report is not confirmed here, however. According to The Standard's correspondent with Gen. Kuroki, who telegraphs under date of Oct. 18, a Russian battalion which crossed the Taitse River, has been annihilated. While retiring over a pontoon bridge, the correspondent says, the battalion was overtaken by a regiment of Japanese cavalry, which got its machine guns into position and swept the bridge from end to end.
