

Report of the Missionary Society.

In coming before the Congregation at the close of another year, the Missionary Committee has much pleasure in reporting a continued increase in the amount collected for the various Schemes of the Church.

During the year 1891 the amount realized from envelopes was \$528.66, while this year there has been received from the same source (including a special contribution of \$25.00 for Home Missions) \$584.95, showing a gain of \$56.29 over the previous year. The number of contributors has risen from 93 to 139, giving an average of \$5.36 per contributor or \$1.83 per member.

Your Committee while expressing their satisfaction with the progress which is thus shown, are nevertheless of the opinion that if our membership realized to any adequate extent the great importance of the different operations carried on by our Church at large, both at home and abroad, and the strong claims these have upon our sympathy and support, the amount contributed for these purposes would bear a larger proportion than it does to the sums raised for our own use as a congregation. We would again remind contributors that these monthly offerings represent, not merely our subscription to *Missions*, but to all the 8 or 10 different schemes of the Church. The envelopes now furnished bear the names of these different funds, and subscribers are requested to decide how much they are able to give to each, (indicating their wish, if so desired) and make the total contribution accordingly.

The amount collected during the year 1892 has been allocated as follows :

Home Missions.....	\$230 00
" Mrs. J. B. Elliott, special.....	25 00
Foreign Missions.....	80 00
Augmentation Fund.....	85 00
