## COMPETITORS' MEETING.

Some means should be taken to render this meeting of more service, as it is to the opinion of the competitors the Council must look for guidance in drawing up the Programme and laying out the Matches.

## AMMUNITION.

The system of 1887, for serving out packages, was continued, and found most satisfactory. The new Dominion of Canada make of ammunition, furnished to the competitors this year, was a great improvement on any previous issue, and appears quite equal to the old English standard.

The thanks of the Association are due to the Hon. Minister of Militia for having carried this matter to such a successful issue.
