### One on Sir George

(Toronto Star)  
Discussing free wheat in 1911 Sir George Foster said: "If this thing goes into operation under the glare and glitter and glamour of a promised fabulous rise of prices for the products of the U. S. exports its surplus, there will be disappointment keen and bitter. I hope our farmers will never be subjected to the risk of that disappointment."  
In his prevision he said, referring to the whole agreement, "this proposal cuts our country into sections, and at every section bleeds the life blood from it."  
And again, "Like Samson, we would arise and would shake ourselves and find that our strength is gone. I utter the most solemn words I have ever uttered in my life, and I believe them to be the very bottom of my heart, that there is danger and deep danger ahead."  
By the evidence of his own solemn words, the most solemn he ever uttered in his life, Sir George has now cut Canada into sections and drained away its life blood.  
In his prevision he said, referring to the whole agreement, "this proposal cuts

### DO YOU UNDERSTAND

why you should use Zam-Buk in preference to ordinary ointments?

1st—Because Zam-Buk has superior soothing and healing power. This is due to its composition. Zam-Buk is composed exclusively of herbal extracts and vegetable oils and is 100% medicine.

2nd—Because Zam-Buk cures are permanent. This is owing to the fact that the oils and extracts of which Zam-Buk is composed are so blended and refined that its power of penetration is extraordinary. While ordinary ointment remains on the surface, Zam-Buk penetrates to the very root of the disease, and a permanent cure is effected.

3rd—Because Zam-Buk is antiseptic—in other words, germs cannot live where Zam-Buk is applied. This prevents the infection from festering or blood-poisoning.

4th—Because Zam-Buk is pure. Its purity is due to its herbal composition, and this particularly commends Zam-Buk to mothers.

Its purity is due to its herbal composition, and this particularly commends Zam-Buk to mothers.

### Like A Boy at 50 Bubbling Over With Vitality—Taking Iron Did It

Doctor says Nuxated Iron is greatest of all strength builders—  
Often increases the strength and endurance of delicate, nervous folks 200 per cent. in two weeks time.

New York, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact a young man he really was notwithstanding his age. The secret he said was taking iron-nuxated iron had filled him with renewed life. At 30 he was in bad health; at 46 carver and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved. The real cause of death in pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real cause of death is the lack of iron in the blood. Iron is absolutely necessary to enable your blood to change from iron to living tissue. Without it, no food merely passes through you without doing you any good. You don't get it because you are weak, pale and sickly looking. Take a little iron-nuxated iron and you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for three weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing by all good druggists.

Sold by Wasson's Drug Store.

THE SARTORIAL SOLDIER.  
Song of the Regimental Master Tailor.

A man is a man, be he red, white or black.  
Be he tradesman, professional, teamster or quack;  
And all soldiers are heroes, Pat, Sandy or Jack.  
But I'm the Sartorial Soldier.

The Sartorial art, of professions the first,  
Is for remuneration the last and the worst;  
So join up with me if for honor you thirst.

And become a Sartorial Soldier.

Here are men from the woods, there are men from the farms,  
Who discard axe and plough to brave warfarer's alarms.  
For a smart khaki tunic's a real "coat of arms".  
The garb of a man and a soldier.

Though lacking the muscle, perhaps, and the grit,  
My task is to see that the uniforms fit;  
And there I'm doing my own little bit.  
Though but a Sartorial Soldier.

The glory of battles won, passes me by;  
It is not my fate for the uniforms fit;  
For an up-to-date "Alton Locke" artist am I.

Notwithstanding the large number of Boy Scout officers who have enlisted for overseas services and the difficulty of filling their places under existing conditions, the Boy Scouts movement in Canada during the last year has continued to make satisfactory progress. At the annual meeting of the Canadian general council of the Boy Scouts Association, held in Ottawa on Saturday, April 29, representatives were present from most of the provinces and the chair was occupied by the Chief Scout, His Excellency the Duke of Devonshire. Those present included Sir Percy Sherwood, Dominion Commissioner; Gerald H. Brown, Dominion Secretary; Francis H. C. C. Gibson, K.C., I.S.O., honorary counsel; W. K. George, Toronto; H. C. Hammond, Toronto; Dr. S. D. Chown, Toronto; Dr. James W. Robertson, H. C. Hammond, Toronto; A. R. Birdwhistle, H. C. Birdwhistle, A. T. Macintosh, Winnipeg; and F. R. Perrott, acting organizing secretary.

The Dominion Commissioner, Sir Percy Sherwood, the honorary Dominion Secretary, Gerald H. Brown, and the honorary treasurer, Lt.-Col. the Hon. Harold Henderson, together with the following members of the executive committee were re-elected for the ensuing year: Francis H. C. Gibson, K.C., I.S.O.; Lt.-Col. the Hon. Harold Henderson; Lt.-Col. Noel Marshall, Toronto; W. K. George, Toronto; Lt.-Col. R. Sturges, Montreal; J. M. McIntyre, Montreal; Hugh Paton, Montreal; Sir Henry Egan, Ottawa; Dr. James W. Robertson, Ottawa; Lt.-Col. Birdwhistle, Ottawa; Major A. A. Pinard, Ottawa; C. E. Paquiere, Ottawa; C. W. Rowley, Winnipeg; Major E. C. Woolley, Ottawa; His Lordship Bishop Roper, of Ottawa, was added to the executive. The national board is composed of F. H. Gibson, Dr. J. Robertson and Col. R. J. Birdwhistle.

The movement has grown in all parts of the Dominion. The number of troops in Alberta has increased from 82 to 99; in Manitoba from 69 to 79; and in Saskatchewan from 46 to 74. In Ontario and in the other provinces the provincial and local officers have exerted themselves to the utmost to hold the movement together and deserve credit for the results attained. The total number of troops as shown by the census of June 30, 1916, was 648, an increase of 51 compared with the preceding year. The total number of officers, namely 1,822, was 22 less than the year before. The total number of scouts, namely 17,424, constituted, however, a gain of 1,119 over the preceding year to which there is to be added a membership of 421 Wolf Cubs between the ages of nine and twelve years, comprising a 43rd branch of the scout organization which came into existence in Canada during this year.

In all, 381 warrants of appointment were issued to officers during the year, bearing the signature of the chief scout. An important feature of the Boy Scouts programme is the handicrafts and other interests by which the boys may be enabled to make their way in life. Proficiency badges are granted to lads who have fulfilled certain requirements. Among the badges won during the year were: Ambulance, 798; basket worker,

Two separate badges were authorized in this connection, one for eighty-four hours' service and the other for 100 days' service of at least three hours per day.
