ANNIVERSARY
OF THE CHURCH**

Interesting Exercises in Fairville Baptist Church Begun Last Evening — Thirty-five Years Since Organization

Last evening in the auditorium of the Fairville Baptist church, services were held in celebration of the thirty-fifth anniversary of the organization of the church. The church was organized on Sept. 6, 1881, in the vestry of the new building, which had recently been erected. Of the twenty-six charter members present at that time only five are known to be now living and four of these—Mr. and Mrs. Charles P. Baker and George Fowler of Fairville and David Phillips of Randolph, were present last evening. The other one of the five, A. W. Ferris, of St. John, was unable to be present owing to illness. These four charter members occupied the front seats and behind them the other members of the church were seated according to groups of ten-year periods depending upon the date of their uniting with the church. Members of the congregation were also present in a block by themselves.

The pastor, Rev. P. R. Hayward, presided. The programme contained most interesting items. A newspaper account of the exercises connected with the laying of the corner stone, taken from the St. John Sun of May 25, 1881, was read. Miss Mildred Black read a complete history of the church, which she had prepared. The choir and the congregation sang various older hymns, which were much appreciated. Letters of greeting were read from Rev. Dr. H. T. DeWolfe, president of the Maritime Baptist convention; Rev. B. H. Thomas,

of Dorchester, formerly a member of the church, and from former pastors—Rev. Wellington Camp of Campbellton, C. H. Martell of Wolfville, A. T. Dykeman of Glace Bay, N. S., and F. E. Bishop of Dartmouth, N. S. Addresses greeting to the church were then brought in most cordial fashion by G. H. Gale on behalf of the church of the Good Shepherd and Rev. Gilbert Earle from the Methodist church of Fairville. Rev. F. H. Wentworth presented the greetings of the St. John Evangelical Alliance, and Rev. J. H. Jenner represented the Baptist Ministers' Conference of St. John.

During these thirty-five years the church has had nine pastors, and has received a grand total of 564 members. Three men have entered the ministry from the membership of the church—Rev. H. F. Waring of Vancouver, Rev. B. H. Thomas of Dorchester, and Rev. Geo. R. Baker, pastor of the First Baptist church, Ithaca, N. Y., who spends his summer vacation with his parents and worships with the church and preaches at least once each summer. The original building was remodelled and enlarged during the pastorate of Rev. I. W. Corey, and while Rev. P. E. Bishop was pastor the heavy mortgage was completely cleared off so that the church is now free of all indebtedness. Rev. H. R. Boyer led the people in the purchase of a new pipe organ which has been a great addition to the equipment. Within recent years a gymnasium and social hall for athletic and social work have been equipped and used and plans are being made this week for an elaborate and comprehensive programme of young people's work. At a roll call and congregational re-union the address of the evening will be delivered by Rev. Mr. Boyer, former pastor of the church.

MISS GOES ACROSS.

Miss Alberta L. Burns of Germain street, who has been attached to the military hospital in St. James street, will leave today for Montreal en route to England for duty as a nursing sister either in England or France. Miss Burns has rendered much valuable service since being associated with the hospital here.

LORETTA McLELLAN.

At the Baptist Parsonage, in Amherst, on Tuesday, September 5, James Roy Lorette, of Sackville, and Miss Florence McLellan of Barronsfield, were united in marriage.

LOCAL NEWS**NOW IS CORPORAL**

Word has been received by Mrs. A. Ramsay, 627 Main street, that her son, Pte. William A. Ramsay, of the fighting 26th, has been promoted to be corporal. He was wounded but returned again to the front. He wishes to be remembered to his friends.

WITH THE HIGHLANDERS

S. C. Irvine is in the city today in khaki, having joined the 219th Highland battalion. He holds the rank of quartermaster sergeant. This is the battalion so highly complimented by the Duke of Connaught when he inspected it recently.

TO COLLEGE

St. Thomas College at Chatham, N.B., has requested today and students from all points are returning to resume their studies. Among the St. John boys to return were: Harry Burns, Lee and Paul Atkinson, Arthur B. O'Neill, Edward McNeil and Ernest Driscoll. The students from St. John who attend St. Joseph's University, left at noon yesterday to begin the year's work again.

MRS. ANNIE E. FERRIS DEAD

The death of Mrs. Annie E. Ferris, widow of Edgar Ferris, occurred this morning in the General Public Hospital where she had been under treatment for the last week. Mrs. Ferris, who was in her seventy-eighth year, was a life-long resident of the North End and had many friends throughout that part of the city. She is survived by two sons, Kenneth McKenle and Robert D. McKenle, both of this city, and one daughter, Mrs. Alfred Wright of Milford. She was a daughter of the late James Briggs, formerly a well-known builder of the North End. Mrs. Ferris had been connected with St. Luke's church all her life and the funeral will be held on Friday afternoon from the residence of her son, Kenneth McKenle, 478 Main street, to that church, where the service will be held at three o'clock.

**ANOTHER OF THE
26TH COMES HOME**

John Marshall, One of Three Brothers in the War — Two of Them Wounded

John Marshall, son of John Marshall of Manawagosh road, a member of the "Fighting 26th," is expected to arrive home from the front this evening. His father has received a telegram from him at Quebec saying that he had crossed on the steamer Scandinavian and would arrive in St. John today.

**JOHN MARSHALL**

short time in the Wimmerau Hospital at Ramsgate from which he was given his discharge.

From the information that has been received by the young soldier's parents, he will be unfit for further service at the front. He is twenty-three years old and prior to enlistment was a keeper in the annex of the Provincial Hospital. He has two brothers and one brother-in-law at present in France. Thomas is expected to arrive home in the near future. He was wounded in the back on July 27.

He is only sixteen years of age and crossed overseas with the 69th Battalion and soon after his arrival in England was transferred to the 23rd, with which unit he was fighting when wounded.

Michael, another brother, is twenty-two years old and joined the colors in Saskatoon, signing with the 72nd Battalion and afterwards being transferred to the Vancouver Highlanders. He has been through all the recent heavy fighting and has been one of the lucky ones, coming through unscathed.

Private Arthur Colwell, a brother-in-law, is a member of the No. 5 Service Corps and is at present at the front.

**MISSING BOY IS
FOUND IN THEATRE**

Leslie Dempster Had Decided to Come to City to Live

Through the publicity given in the Times concerning the disappearance of Leslie Dempster, of Garnetown, the father of the missing boy was able to locate his son last evening in one of the picture theatres. The boy left his home on last Tuesday and nothing was heard of him until last evening, when the father received notice that the missing boy was in one of the theatres. He went to the picture house and there he found his lost son.

It appears that the youth, who is only fifteen years of age, took it upon himself to leave his home and came to the city and started in to make his own way. He sold papers and slept at night in box cars. The police department were making every effort to locate him. The father was greatly relieved to find his boy again last evening, and was grateful for the publicity given in the case.

AT GLEN FALLS**

Would Retain Brookville School For Lower Grades

PROJECT IS DISCUSSED

District Would Include Territory Between Coldbrook and Torriburn — Site Offered Free, Together With Water for Twenty Years

A meeting of much importance to the school district, which extends from Coldbrook to Torriburn was held last evening in the hall at Brookville. As a result of the meeting it is probable that the district will adopt a new policy leading to the beginning of the establishment of a consolidated school at Coldbrook. The sentiment of the ratepayers of the upper end of the district was strongly in favor of retaining the primary grades for the school in Brookville and the continuance of this school for all time is practically assured.

The meeting was called to consider the report of a committee, appointed at a previous meeting, which had been instructed to recommend a future policy for the district. George N. Breen of Brookville was elected chairman of the meeting and W. M. McLean, school inspector, acted as secretary.

The report of the committee, which was presented to the meeting, recommended the establishment of a consolidated school for the district, to be located at Glen Falls to replace the present schools at Coldbrook and Brookville, the building to be erected at a cost of \$8,000, on a large lot fronting on Robbsey avenue next to the Ford plant which was offered free of charge by J. A. Pugsley who also offered free water for twenty years. The building would have four rooms, but provision would be made for use of only two of them at present. Pupils from other parts of the district would be conveyed between their homes and the school by horse or motor conveyance.

A compromise was finally reached and an alternative scheme outlined. The plan suggested calls for the retention of the Brookville school for instruction in the elementary grades, one to four, and the erection of a new building at Glen Falls to provide for a similar class there and also for another class to include the five to eight which would include the children in the grades for the entire district. It was recommended that a building be erected at Glen Falls, frame construction, with concrete basement, only two rooms to be built at present, but with provision in the plans for adding more rooms as required by the growth of the district. These suggestions were referred back to the committee with instructions to embody them in a new report to meet the wishes of the meeting.

As a result of the movement now under way, it is expected that Mr. Pugsley's offer will be accepted and a new building will be erected at Glen Falls for the beginning of a consolidated school for the intermediate grades for the entire district. For the near future it would be necessary for high school pupils to come to the city until the development of the district makes it possible to undertake the higher branches of school work in the county. The plan also involves the continuance of the Brookville school for the lower grades, thus doing away with the chief objection to a consolidated school.

The solution arrived at last evening was accepted as generally satisfactory and it is believed that it will work out successfully. The decision is of interest to a large number of persons, in addition to those who are already attending school in that district. There are many residents of the city who have purchased building lots in the district but who have delayed building their new homes until the school situation was improved and it is expected that the new plan will remove the last obstacle to rapid development in this part of the suburbs.

Another pathetic case came to the knowledge of the Children's Aid Society this morning. It was that of a woman whose husband is in jail and has a bad record. She has one child in the hospital, three at home, aged six years, four years and fifteen months, and is herself in a delicate state of health. The family was absolutely destitute, and but for assistance given by the pastor and some members of the Mission Church, would have had nothing at all to eat.

The Children's Aid Society could not take all three of the children, because there are already ten at the home and two of these, one of whom should really be in the hospital, but cannot be accommodated there. The two older children could have been taken care of, but after consultation among the president of the Children's Aid Society, Rev. Mr. Young, Mrs. Lee and Secretary Wetmore of the Municipal Home Board, it was deemed best to remove the whole family to the latter institution for the present.

The Children's Aid Society had already dealt with eleven children in the last three weeks, and they are under the care and providing for their proper bringing up. They were all very sad cases.

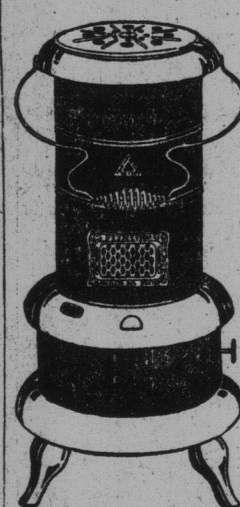

BAND CONCERT TONIGHT

The Temple Band will play in King Square this evening at eight o'clock.

**Style Information for Women
FALL 1916**

The Fall Suits will have longer coats (finger tip and longer) and will be slightly more fitted about the waist line with flare below and a tendency to show the outline of the figure. The sleeves are usually "set in". Belts and half belts are also being used, some in novel form. Collars are unusually large, giving cape effects when opened.

The suit skirts are usually on simple lines being best suited to the long coat.

Separate coats vary from 42 to 45 inches in length. Fullness of cut and large collars are the new features. The cape idea is shown in various forms. Sleeves are usually "set in" or modifications of the Kimono sleeve. Belts are used to some extent, also fur and imitation fur trimmings.

Dresses show draperies and tunic effects with closer fitting bodices and flare skirts or pleated modifications. High collars are a feature. Serge and satin combinations and touches of embroidery are used for trimming.

Skirts are made with considerable flare, and pleated styles are also shown. The short lengths still retain their popularity as they give a smart and youthful appearance.

Ladies' and Misses' Suits - \$10.75 to \$40.00
Ladies' and Misses' Coats - 10.00 to 50.00

House-
Cleaning**

You will find in our store many articles which will help to make house-cleaning a pleasure, saving labor and producing better results than could be obtained by old-fashioned methods.

Chief among these are O'Cedar Mops and the O'Cedar Polishing Liquid, as well as many other polishing liquids which may be asked for.

Another article which is getting to be regarded as a household necessity is the Vacuum Sweeper, and we are showing two grades of these of the famous Torrington make. The "Puritan" at \$8.00 and the Lady Torrington at \$9.50. The latter is beautifully finished and has a justable brush which can be detached if desired; but the ideal way is to use both vacuum cleaner and sweeper at one time, thus taking up, not only the fine dust from all through the carpet, but all the threads and surface litter, so often missed by the ordinary cleaner.
