Locals Defeated Moncton in Snappy Game—Fans Interested in Halifax Lamp Light Proposition

On June 20, 1899, the St. Johns defeated Moncton by a score of 18 to 3. A report of the game from the Daily Telegraph of that date follows:

The announcement that the Moncton team would meet St. John on the A. A. C. grounds yesterday, was sufficient to attract nearly 2,000 spectators, who were keenly interested throughout the game.

St. John won on the first inning, for Robinson gave three men bases on balls, and five runs were made before the side was retired. Many people were waiting to see Robinson settle down to work in the next inning, but unfortunately he injured his leg badly at second base and after two medical men attended to his injured limb, he retired.

When Wag entered the box for Moncton the score was 5 to 0 and the lead was too great to overcome. He was batted hard at times and stuck work was instrumental in winning the game for St. John. Small and Rogers, backed up by splendid fielding, kept their opponents to three runs. The box score follows:

There is mixture of kingdoms, if not of metaphors taken by the Century from a history examining papers. "Away back as far as the time of Jack Carter, England sent her ships into Hudson's Bay to trade beads and muskets with the Indians for ivory of the walrus-tusk."

riat slips through the air—a beautiful throw over the horns, then the cow pony braces and the rope tightens like a harpstring.

Watching, anticipating every move of his horned adversary the cowboy now circles the animal so that the rope is brought from the horns and around the hind legs. A word and the knowing pony makes a sudden start. Thud! and the steer is tripped or "busted." The rope tautens and the rider is already running about, with a shock cord in hand toward the steer, depending for his own safety on his trained cow pony to hold that rope taut and steady in position.

With marvelous dexterity he "hoists" with several half hitches looped about the hind feet and one forefoot of the steer. The man stands erect raises both arms in the air and Crutchfield has not only won the steer-roping championship but has ridden down, roped, thrown and hogtied a steer in 27 seconds, within six seconds of the best record ever made.—World's Work.

PRESIDENT SUSPENDER. NONE SO EASY. MADE IN CANADA. A company had opened a new swimming bath, and as a compliment sent a free ticket to the mayor. That worthy man was pleased.
