OLD AND MODERN AT QUEEN SQ. THEATRE

"Fig Leaves," Presented With George O'Brien and Phyllis Haver in Leads

From the Garden of Eden to the latest modes in Parisian gowns, the beautiful Olive Borden tells the story of woman's craving for adornment through the ages, in the fascinating story of "Fig Leaves," which is presented at the Queen Square Theatre last night. The picture, presented by William Fox, is gripping in its interest from the first scenes in the Garden of Eden, to the exclusive shop of today where she is again tempted.

The part of Adam, the first man as well as the modern plumber and the husband of the modern Eve, is played by George O'Brien. The pre-historic scenes are splendidly portrayed.

The supporting cast includes the golden haired Phyllis Haver, who plays the part of the modern serpent temptress, and Andre de Brangere, who gives an inimitable portrayal of the sinister owner of the Fashion Store. This picture will be repeated today and tomorrow.

FAMED INDIA SHRINE LOOTED

Krishna Temple at Dwarka Broken Into by Robbers

LONDON, Nov. 2.—The famous Krishna temple at Dwarka has been broken into, the burglars evading the military guards which surround the shrine and climbing an 18 foot wall which surrounded the most famous shrine in India. Valuable ancient ornaments of the image of Shri Krishna, the most popular Hindu deity, were stolen. Bejeweled bracelets, diamonds and emerald earrings, gold sandals, encrusted with nine different jewels, gold armlets, and diamond neckties, valued at over \$250,000 were stolen. The priest of the temple discovered the daring burglary when he went to perform morning worship.

CITY OF GATES.

Dwarka "The City of Gates," is in Baroda State, 235 miles west of Ahmedabad and 220 miles west of Baroda City. It is considered one of the holiest places in India, and it is visited by large numbers of Hindu pilgrims. The Temple of Dwarka, anath "Lord of Dwarka" (a title of Shri Krishna) where the burglary took place, is built on the north bank of the Gamit Creek, and is visited by at least 10,000 devotees every year. Pious Hindus believe that it was raised one night by supernatural agency.

BUILT OF SANDSTONE.

The temple is built of sandstone plastered with "chum." Its main structure is built on the north bank of the Gamit Creek, and is visited by at least 10,000 devotees every year. Pious Hindus believe that it was raised one night by supernatural agency.

U. S. Internal Revenue Bureau Statistics For 1924 Are Issued

WASHINGTON, Nov. 2.—Seventy-five persons, twenty-one of them credited to the state of New York, reported net incomes of \$1,000,000 or over for the calendar year 1924, and paid their taxes on that basis to the federal government, according to statistics given out by the Internal Revenue Bureau. Three of those had net incomes of \$2,000,000 and more, while three others reported net incomes ranging between \$1,000,000 and \$2,000,000, and fifteen had net incomes of between \$200,000 and \$1,000,000.

No official identification of those in wealthy Americans is very revealed by the Treasury Department, but it is possible to speculate fairly accurately as to who some of them are.

The trio reporting net incomes in excess of \$2,000,000 each are credited to two states, two to Michigan and one to New York. The Michigan men are assumed to be Henry Ford and his son Edsel. The one from New York probably is John D. Rockefeller, Jr.

The three who reported incomes of between \$1,000,000 and \$2,000,000 are credited to New York, Michigan and New York.

MYSTERY FILM AT OPERA HOUSE GIVES DELIGHT

"Lone Wolf's Return," Featuring Bert Lytell, Is Striking Picture

Opera House patrons expressed themselves as delighted with the big picture attraction, "Lone Wolf's Return," one of the fastest adventure melodramas of the season, which opened a three-day engagement yesterday.

The story, an adaptation of a noted Louis Joseph Vance novel, treats of the reformation of the master crook, Michael Lanyard, through an accidental meeting with Marcia Mayfair, a New York society girl, while he loiters behind portieres in her boudoir in an effort to evade the authorities.

Bert Lytell created the character of the "Lone Wolf" for the screen several years ago, a circumstance that resulted in an especially fine interpretation of the role in the current production. The element of mystery, the spirit of adventure, the romantic end, in fact, picturesque qualities of the story are grippingly projected in Columbia's master production of the author's work.

Billie Dove is charming as Marcia Mayfair. She possesses the wholesome quality of personality required by the part and dresses it with a richness of fabric and smartness of design that pleases the feminine element. Given Lee also can be complimented on the clothes she wears and the manner in which she wears them, as well as for her talented performance of the role of Liane Delorme, associate of Morpheus and Mallison, arch enemies of the man who persisted in cutting loose from their profession and going straight.

Gustav von Seyffertitz, as Morpheus; Alphonse Ethier as Detective Crane, and Freeman Wood as Mallison, give performances of a quality that make their presence in the cast essential to the best interests of the production.

Spain Signs Treaty With Latin-America

MADRID, Nov. 2.—An agreement covering the legal and technical phases of aerial navigation elaborated at a congress here attended by representatives of Spain and the principal Latin-American countries, was signed at the Foreign office yesterday. Among the provisions is the establishment of an office to handle all correspondence relating to the development of aerial communication. It was decided to hold a further meeting at Barcelona to discuss aerial regulations.

TO INCREASE CAPITAL

BERLIN, Nov. 2.—The board of directors of the North German Lloyd Steamship Company yesterday voted to recommend to the general meeting of stockholders on December 2, an increase in capitalization from \$18,000,000 to \$30,000,000, which was the company's pre-war capitalization. The action follows closely on the heels of the fusion of the German-Australian and Kosmos Shipping Companies with the Hamburg-American Line into a \$31,000,000 shipping combine, with a total tonnage of \$79,000.

Healed His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of recovery was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely healed my rupture. Years have passed and my rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may have a complete recovery without operation, if you write to me, Eugene M. Pullen, Carpenter, 32 N. Marquette Avenue, Minneapolis, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Control of Congress At Stake In Voting

Continued from Page 1.

In Pennsylvania and will recapture a number of House seats that went to the Republican column two years ago.

PROHIBITION REFERENCE

In many of the contests for Senate and House seats, prohibition has run through the whole fabric of the campaigns and in eight states the voters are expressing their views on this question in referendum. These states are New York, Nevada, Wisconsin, Illinois, Montana, Missouri, Colorado and California.

The proposals put forward range all the way from repeal of all state prohibition enforcement codes to expressions of sentiment for guidance of representatives in the halls of congress. Both wets and dry have been active in practically all of these contests as well as in the fights for offices in a number of states in which the issue is not brought to a direct vote. In Maryland, which has refused to adopt a state enforcement code, a last minute twist was given the campaign by the association against the prohibition amendment which repudiates its endorsement of Senator Weller, Republican, and came out for Representative

Millard Tydings, his Democrat opponent.

Out of the ordinary developments served to focus widespread attention on a number of the other senatorial fights. In Massachusetts, President Coolidge came to the aid of his personal friend, Senator Wm. B. Butler, in the contest against former Senator David I. Walsh, making a special trip.
