

Here's Gay Paree Toilets

An introduction—Gay Paree toilet treasures make their first bow, breathing the scent of preserved blossoms—a new delicacy, a new price. And with every purchase above 49c at the perfume counter goes a free satin sachet of Gay Paree.

Apart from the moderate cost there is in every packet of Gay Paree perfume and powder a subtlety of appearance coupled with power and delicacy of odor. A real experience!

SUNDAY LOSING
CHARACTER AS
DAY OF REST

Lord's Day Alliance Meeting
Here This Afternoon

Rev. George W. Mingie, the Field Secretary, submits a Report in Which Conditions are Reviewed—Sunday Shops and Sunday Open Garages.

The annual meeting of the Lord's Day Alliance of the Province of New Brunswick will be held in the Y. M. C. A. building this afternoon. The report of Rev. Geo. W. Mingie, field secretary for Quebec and the Maritime Provinces, with headquarters in Montreal, contains several matters of general interest. With reference to the observance of the Lord's Day the report says, among other things, that—

"It is necessary as an expression of the will of the people and the safeguarding of those who are unable to help themselves. There is an ocean of frivolity, lawlessness and greed, exclaiming against the Lord's Day and threatening to destroy it. For the sake of the meaning of the institution, for the happiness and good of our people, let us prize it; let us show by our conduct that we love it. Make it different from other days. Let us put into it all that is best and highest in thought and conduct and feeling."

"It has been said that in these modern days with the Sunday newspaper to occupy one's morning and the automobile to absorb his afternoon and the radio set to enable him to hear concerts across the continent in the evening there is not much left for the worship and the contemplation of the higher things of life, and that with the introduction of pleasure as an end in itself and the losing of the affection which alone maintains the integrity of the day there is an increasing tendency to deprive the worker of his rest altogether."

With reference to Sunday trading, the report says that in some cases pressure has been brought to bear on public officials in N. B., N. S., and P. E. I. and attempts have been made to control it and for a time some improvement is made but in a little while the business creeps in again and freedom from its requirements is sought. During the last year complete had been made from each of the maritime provinces in this regard. The secretary expresses the opinion that a great many of those engaged in the business would be glad to close on Sunday but a few hold out in a town and others feel compelled by force of competition to remain open. The police of Moncton and Grand Pré insisted on all garages being closed on Sundays but garages just beyond their jurisdiction remained open and supplied the needs of those who otherwise would have gone to the garages in the town. In one city all the garages save one had agreed to close on Sunday by private agreement, but this one had held out and all had remained open.

Concluding, the report says that, notwithstanding the difficulties of the present year, which had been a hard one, there had been considerable unemployment and a busy town like Amherst had lost about 1,000 people temporarily owing to the depression which was almost universal. Strikes in the east had hampered the deficits in the churches had to be met, and the endeavor to strengthen the carrying on of the regular church work had militated against the appeal of the alliance. Approximately 21,900 miles had been traveled by the secretary in his work, 1,000 letters had been written and 180 addresses given. All matters had been dealt with in the best manner which wisdom had dictated at the time.

POLICE COURT

A case against Alfred Cameron, charged with obtaining money under false pretenses, was taken up in the police court this morning. A. H. Clarke and Harold Chadwick told of having employed the youth and said they had found him honest previously. They had accounts in the Fairville branch of the Bank of Nova Scotia but said checks purporting to have been signed by them were forgeries. The accused was remanded.

Some evidence was taken this morning in the case against Leo Joseph Myles, charged with assaulting his mother. Mrs. Myles said he had pushed her against the wall and injured her. A woman nearby had summoned the police. Myles said he took hold of his mother to prevent her from setting fire to the house. He said she had poured oil on the stove. Policemen Kilpatrick said that with Dennis Saunders he had gone to the accused under arrest. Myles was remanded.

Two men charged with drunkenness were remanded.

ARGUMENT IN CHAMBERS
Before Chief Justice McKeown in chambers this morning an application was made to set aside judgment entered by the plaintiff against the defendant for some \$2,000 in the matter of Colwell vs. Cobbett. The judgment was taken a few days ago but objection is now raised by the defendant that the writ in the case was specially endorsed. Argument ensued upon this point this morning. The time for filing a defence under the Judicature Act had expired when judgment was signed and no appearance had been entered by the defendant. The matter arises from the purchase of two motor trucks upon which the plaintiff F. C. Colwell advanced money. The defendant now alleges a partnership agreement. The court will decide later. G. H. V. Belyea, K. C., appeared for the plaintiff and J. S. Talt for the defendant.

LOOK FOR C. N. R.
ANNOUNCEMENTS
IN NEXT WEEK

Board Will Probably Meet
on Monday—Co-operation
Divisional Headquarters
and Estimates.

(Special to The Times.)

Ottawa, Ont., Jan. 23.—Some important announcements may be expected following the next meeting of the Board of Railway Commissioners likely here on next Monday. Sir Henry Thornton, president, and Major Graham Bell, vice-president, will probably return here on Saturday after their western trip of inspection and with two or three matters ripe for decision.

It is learned that considerable progress has been made on the question of closer co-operation between the two main divisions—the Canadian National and the Grand Trunk—and it is known that much time has been devoted in the last ten days by Hon. George P. Green, acting Minister of Railways and Canals, to the means for a more complete amalgamation of the entities of the national system. Some decisions will likely be made on this next week.

Then there is the vexed question of the location of the divisional centres. It is believed that the board has already all the information it requires for a decision as to the various headquarters in the east, and as to the return of the revenue to the provinces and the return of the chairman of the Canadian National board, as it remains for him to determine how much money he desires to spend on construction and equipment in the west. It is known that little new mileage in western Canada will be constructed this year, only the most urgent branches being considered, and in all these last mentioned there must be immediate prospect of substantial revenue to the provinces before they will be entertained by the board.

NEWPORT HAS
A DEEP DOUBLE
MURDER MYSTERY

Man and Wife Dead, Bodies
Charred, Skulls Fractured,
House Locked.

Newport, R. I., Jan. 23.—There is deep mystery in the case of J. A. F. McKelish and his wife Madeline, found dead in a lodge they occupied on the Paul Fitzsimmons estate, Harbor View, here, their bodies charred by fire and with marks of crushing blows on their heads.

The head wounds made it impossible to accept the theory that they had been suffocated and the locked windows and doors of the little lodge left no explanation of the possible presence there of a third person.

Medical examiners found that the man's death has been primarily due to suffocation, "although his skull had also been fractured by violence by an unknown person."

No smoke was found in the lungs of Mrs. McKelish. Her body was found by firemen in a bath tub, some distance from the bedroom. There were four wounds on his head. His feet showed evidence of having been near the fire. The fire in the lodge had not reached the bathroom.

Fredericton Curlers Invite
N. B. and N. S. Clubs to
Friendly Matches—Dempsey
to New York Today—
Two Matches Likely.

(Canadian Press)
Moncton, N. B., Jan. 23.—The Moncton Amateur Skating Association last night appointed committees to handle the Moncton Jubilee skating meet on Feb. 19 and 20. There are committees on finance, racing, transportation and housing, advisory, police, tickets, advertising, entertainment and managerial. Charles H. Synthe, former local speed skater, will attend the Montreal meet. Fredericton, N. B., Jan. 23.—The Fredericton Curling Club last evening elected skips for four rinks against the visiting St. Stephen curlers to play here this afternoon and evening. They are: F. P. Hatt, S. D. Simmonds, T. L. Fowler and Walter Limerick.

The Fredericton club also decided to extend invitations to the clubs in New Brunswick and Nova Scotia to play friendly matches here during the season.
New York, Jan. 23.—A new world's record for the 440 yard indoor relay race for women was established last night by the Valcour Club at the games of the Seneca A. A. The quartette made the distance in 55-1-5, four-fifths of a second faster than the same team previously had done. The team was composed of Marion McCarthy, Olive Kelly, Blanche Dixon and Rose Fisher. Jack Kearns, his manager, tomorrow or Thursday. Agreements probably will be made for at least two bouts for the championship this summer, one with Jess Willard, from whom he won, and one, providing he survives, with one of the aspirants who never has held the crown.

ONTARIO HOUSE
OPENING TODAY

Conference With Lumbermen
Referred to in Speech
—Also Labor Conference.

Toronto, Jan. 23.—In the speech of the provinces participated in by the Ontario legislature today will be reference to the adoption of a policy of selective immigration, and to measures put into operation in the interest of agriculture.

The speech will refer to the educational conference last year in which all the provinces participated. It will draw attention to the large amount of financing required for provincial undertakings during the last few years, and to the necessity for caution in adding to the public burden under existing conditions. The progress made in the extension of the Penitentiary and Northern Ontario Railway northward and in the road building throughout the province will be mentioned. Intimation will be given that the government has arranged to confer with the lumbermen as to methods for forest preservation and administration. Marked progress in the mining activities in the province will be pointed out, and reference made to the prospects of utilizing iron ores. The participation by the government in a conference on labor matters with all the provinces will be announced.

FAIRVILLE FIRE

McKiel Street House Burned
Firemen Do Good Work
in Preventing Spread.

A double tenement building on McKiel street, Fairville, owned by the Fenton Loan and Building Co., Ltd., was destroyed by fire this morning. There has been only one tenant in the property for several months, Thomas H. McKillop, who occupied the lower flat. Some of his furniture was saved, but the greater part was either destroyed by fire or broken. Among his household goods was 500 weight of groceries newly purchased, and practically all lost. He had no insurance.

The fire was first seen about 3:45, when the McKillop family, who were at breakfast, heard a noise in the unoccupied flat above. On making investigation, the room was found to be in flames. The alarm was given and firemen quickly responded, though some difficulty was experienced in getting the engine to the scene owing to the drifts of snow.

Three streams of water were soon available and every effort made to confine the blaze to the one property. It seemed as though the house adjoining, also owned by the Fenton Company, as well as the one on the other side of the burning building, owned by George Costlo, would ignite, but the firemen persevered and eventually won.

A high wind blew steadily, and with the thermometer near zero fire fighting was carried on under difficulties and much hardship, the clothes of the men being frozen and stiff. There are nine wooden houses in McKiel street quite close together. St. Columba's Presbyterian Church and Fairville Superior school are also nearby, and the location of the fire caused a great deal of uneasiness among parents with children at school. Some furniture was removed from the Presbyterian Church, but when it was seen that no danger was imminent the chairs, etc., were taken back.
