NEW SHALE OIL PROCESS PERFECTED IN AUSTRALIA

A refinery company in Melbourne claim to have a new and thorough method of treating crude oil produced and retorted from shale in Tasmania, and brought to Melbourne for treatment. It was a taked by the many control of the company of the many control of the many control of the many control of the many control of the control of the many control of the many control of the control o

and brought to Melbourne for treatment. It was stated by the manager of the company that the invention had been purchased in England, and subsequently several patened improvements had been added to it in Australia. Under this new system it is claimed that 38 per cent. of natural benzine is recovered and produced as a commercial white motor spirit in one operation. This recovery being much in excess of the existing system of refining, it is claimed that when operations are fully

claimed that when operations are fully

developed it will be possible to put mo-tor spirits on the market at a considerable reduction on the present price.

The David Jones store in Sydney has weat through a systematic and unusual, though simple, use of its display win-64 1033/8 icy, the Jones store settled upon the in-terest of women in fashions as the key-126½ 103¾ 26¾ 32⅓ 26½ 32½

note of its campaign, with the logical development of thet thought into the decision to inform women of the latest and most desirable styles at the beginning of each season. Still following the beaten track of thought, it determined of the latest and most desirable styles at the best method of 9 beaten track of thought, it determined 174½ upon style shows as the best method of 373½ accomplishing this purpose.
49½ Here, however, branched off and conducted its style shows in its display 27½ windows instead of in an auditorium or

There would have been nothing un-12% usual in the display & fashions in win-115% dows were it not that the store made 19 the method of dominating one by conthe method of dominating one by concentration. It devoted every one of its windows to women's fashions, and nothing else, for the time being, was allowed in them. On the Saturday preceding the fashion week all of the window blinds were drawn down and bills were placed across the window telling the public to watch the windows in the following week as they were being devoted to a special and authorative announcement of the tendencies of fashion during the coming season. The idea was to arouse the curiosity of the people by gradually unfolding each day the story of fashion, chapter by chapter.

chapter by chapter.

On Monday, therefore, an outline sketch of some of the new fashions was sketch of some of the new fashions was exhibited in each window, the sketch being done on a good sized board measuring some four feet by five. Above the sketch was placed a strip bill bearing an inscription designed to further whet the curosity of the public, such as: "You like this outline? Look for details here tomorrow;" or "How short your skirts and sleeves? The problem solved on Wednesday next."

On the Tuesday a further stage in the proceedings was marked by the ad-
