LOUIS B. CHRISTIE.

The death of Louis B. Christie occurred this morning, after a lingering illness of tuberculosis, at the age of twenty-six years. He was a son of R. A. Christie, of the traveling staff of the National Drug and Chemical Company. He entered the St. John county hospital about three months ago, after spending the previous summer in Campbellton in a vain effort to regain his health. He enlisted and went overseas with the 104th Battalion and saw active service with the 5th C. M. R., and was wounded. Mr. Christie was a very popular young man, and will be much missed by a large circle of friends. He is survived by his father, two brothers, Harold L. and R. Allen, both of this city, and two half-sisters, the Misses Dorrie and Marjorie, at home. The funeral will be held on Thursday afternoon from 186 Victoria street. Many friends will sympathize with the bereaved ones in their loss.

ASK REMISSION OF LICENSE FEE

Chautauqua Committee Before Mayor—Will Present Their Request to the Full Council This Afternoon.

The local Chautauqua committee, consisting of Rev. A. L. Tedford, Mrs. H. H. Pickett, Alfred Burley and J. W. Flewelling, accompanied by Mr. McKinney, of the Swatmore Chautauqua headquarters, waited upon Mayor Schofield this morning to ask that in future the tax of \$10 levied against the Chautauqua be eliminated.

The mayor informed the delegation that this tax was fixed by by-law and it was not in his power to remit it. He extended an invitation to them to appear at this afternoon's session of the common council and place their request before the full board.

Mr. McKinney argued that St. John was the only city or town in the 797 on the circuit in Canada and the United States which demanded a license fee. He said that the Chautauqua was an educational organization which was not in business to make money and said that the deficit for last year was about \$22,000.

The mayor said that the question involved the enforcement of a by-law and was therefore out of his hands. He referred to the fact that an admission fee was charged, that those conducting the enterprise earned their living from the proceeds and that the affair certainly took money from the city. He assured the committee, however, that their request would have the consideration of the council.

EVIDENCE GIVEN ON SERIOUS CHARGE

Two boys, aged about fifteen, gave evidence this morning in the preliminary hearing of a case against Boyd Andrews, charged with a serious crime against a young boy. The defendant offered him a job in a drug store at \$1.25 a day. He took him to Rothery and later brought him back to the city, making him travel second class so that they would not be seen together. The next day, the witness said, he went to the police court with his mother and gave information.

The other said the defendant asked him to do an errand and refusing to let him go with him because the car fare would be too much. They went out the Golden Grove road, where the defendant said he had a kit bag and a couple of guns which he wanted some help in carrying. The boy got away and ran until he met two men in a sleigh who gave him car fare back to his home. He also gave information to the police. Both of these boys said they were sure that the defendant was the man. The case was postponed for further evidence.

Leonard Kingston was before the magistrate this morning on a charge of breaking and entering the store of W. J. Magee, Charlotte street, on Sunday night. He was remanded for evidence. It is alleged that he was found in the store by the clerk who let him go and that he was arrested this morning.

A deposit of \$200 put up by Sandy McDiarmid for his appearance on a charge of violating the prohibition act was forfeited when he did not answer his name today. W. M. Ryan appeared for the prosecution.

NOT OPPOSED TO CITY OWNERSHIP

Mayor M. Schofield's Statement Regarding His Hydro Policy—No Interest in the Power Company—Preparing New Offer.

"I am not opposed to the principle of municipal ownership, if it can be shown that a saving for the taxpayer can be effected," said Mayor Schofield this morning in discussing the hydro-electric question with a Times reporter. "But so far, I may say," he added, "I have not been impressed with the results of public ownership here." He referred particularly to the loss occasioned by the city's recent experiment in housing.

When it was mentioned to His Worship that his recent denial of a rumor that he was a stockholder in the New Brunswick Power Co. was followed by the contention that he might not actually own the stock, but was interested in the ownership, he said:

"I have not, nor have I ever had one cent's worth of New Brunswick Power Co. stock; nor is there one of my relatives that I know of who has any; I was never interested in any way in the doings of the company until I took this office, and my interest now is only as to how their operation affects the taxpayers and myself as one of the taxpayers."

His Worship said that, just so soon as the data regarding distribution costs was obtained through the Power Company under the supervision of Messrs. Kirby, Vaughan and Phillips, he would prepare a report which he intended presenting to the council and from the information have framed a new offer to the power commission. He said that he could not give out any details of the proposed offer until the information regarding distribution costs had been completed.

The mayor again said that he had a file of information on the subject which would be available for anyone who desired it.

TWO JUDGMENTS GIVEN TODAY

Matter of Property Deeds by H. Myers—Title to Green Hill, North End.

In Chancery this morning Chief Justice Haen gave judgment in the case of the Canadian Credit Men's Trust Association vs. Roy Myers, declaring invalid three separate deeds of property made by Herman Myers, deceased, father of the defendant, intended to become effective after his death. They were found to have been intended to operate in the nature of a will, and as they did not conform to the requirements of the wills act they were declared void. The deeds were drawn by Magistrate Hecche of Norton, and about the same time instructions were given for the drawing of a will. The papers were left with the magistrate and he was instructed to give them to the executors of the estate upon the testator's death. The deeds gave property to the testator's three children, Roy, Stella and Lawrence. Subsequently the father made a will to Roy valued at about \$3,500, and he took over the business, giving his father a provision note for \$2,000. Before his death Herman Myers said he had given Roy Myers the stock instead of the land decided to him. The court ordered the deeds to be turned over to the executors and the property bound to pay the liabilities through which the suit arose. W. H. Harrison appeared for the plaintiff and Hon. G. W. Fowler and R. St. Pierre for the defendant.

Judgment was given in favor of the plaintiffs in the suit of the Maritime Nail Co. Ltd. vs. J. S. Gregory, an action over title to land known as Green Hill, North End, originally begun in 1915 (Dec. 15). This property was conveyed in 1908 by Robert DeBury, in 1900 she gave deed of settlement appointing Irene Simonds and Charles Carter trustees. On a bill being filed by her husband and the property passed by her to the defendant. Dr. J. B. M. Baxter attempted to confirm the lease to Mr. Gregory. The court found that he could not so confirm the lease as coverture had ceased upon her death. Dr. J. B. M. Baxter conveyed the property and he afterwards conveyed it to Stanley Elkin, who was really acting as a trustee for the plaintiff. The question as to the validity of the defendant's lease arose and as to whether the Green Hill lot had passed to him. The court found in favor of the plaintiffs as stated.

CASE IN COURT IN CAPITAL OF INTEREST HERE

A case of local interest was before Mr. Justice Barry in Chambers in Fredericton on Monday. Captain Alfred W. Howard, a former Carleton resident, but now living in New York city, made application for a writ of habeas corpus which was directed to his father-in-law, Harry Deakin, of Benton, York county, his mother-in-law, Mrs. Carrie Deakin, Howard, and for the purpose of inquiring into the alleged detention by them of Capt. Howard's daughter, Barbara. The application was granted and the writ was made returnable at Fredericton on next Friday at 11 a. m. G. Earle Logan appeared for Capt. Howard.

Capt. Howard contends that his wife, who it was said is suing him in the courts of New York for a legal separation, agreed, if he would transfer his property to her, to give him sole custody of their daughter Barbara, aged eleven; that he did this, but that she took the child to her parents in Benton.
