**Flush Kidneys Today**  
Feel 100% Better Tomorrow  
Medical authority says Kidney Pains, Backache, etc., daily have to go when you wash out the acids and impurities which form their direct and only cause. Advise drinking alkaline medicinal water. Easily prepared at home.

What would you think of anyone who expected to get pure water from a filter found with impurities? What would you think if he expected a fire to burn in a stove with a chimney choked by soot and grate clogged with ashes, or if he expected a petrol motor to run properly when full of carbon deposits? Yet, how often people pay no attention to the nerves weak, watery or clogged and congested kidneys or other bodily organs of filtration and elimination, and then wonder why the health is bad, the nerves weak, vitality very low, blood pressure too high, and various aches or pains, skin disorders and other ailments are the result of impure blood coming to appear.

Just as a clogged water filter cannot purify water, clogged kidneys cannot purify blood, and impure blood is the direct and primary cause of practically all organic diseases and weaknesses. If you doubt this, just try clearing the impurities out by drinking alkaline medicinal mineral water today. You will feel so much better tomorrow that there can be no possible chance of doubt as to what it is. But the water must be strongly alkaline. No other kind will answer, because many of the worst impurities and body poisons are of an acidulous nature and only strong-alkaline water can dissolve, neutralize and wash them out. The best way, and in fact the only satisfactory way, to prepare alkaline mineral water at home is to dissolve, in a tumbler of plain hot water, a level teaspoonful of a refined compound known by the registered name of Alkaline Salts. Drink this medicinal water two or three times a day. There is no need of visiting any expensive hot alkaline springs. The essential constituents of medicinal waters are accurately reproduced in the Alkaline Salts compound.

Mrs. Atkinson said she might have sent her to Dorchester but he took a milder view of the case.

**GAINED OVER 20 LBS**  
Consumptive Condition Restored to perfect Health.  
"An attack of 'flu' in the fall of 1918, and in the winter of 1919, put me in a weak condition that I could not walk across the kitchen, and for nearly two months I spit blood. My night hours as well as myself thought I was in the first stages of consumption. My weight when I first took sick was 120 lbs., and I shrunk from that to 98 lbs. On the recommendation of my doctor I began to take Carnel. Before finishing the first bottle I felt a marked improvement. I then took four bottles and my improvement was so marked, that at the end of six months, I gained in weight—the most I ever weighed in my life. I can safely recommend Carnel to anyone in a weak condition, as being the best as well as the most palatable tonic on the market today.
