DISBURBED BY NEW RELIGION

Omoto - Kyo, Founded by
Peasant Woman in Japan,
Worries Military.

Tokio, Oct. 4.—(Associated Press Correspondence.)—Japan's new religion, Omoto-kyo, which was founded by a peasant woman, and which is popularly supposed to be spreading socialistic and even bolshevist ideas under the cloak of loyalty to the Japanese House is now finding adherents in the army, according to vernacular newspapers.

The fact that some officers on the reserve list are devoted followers of Omoto-kyo, is said to be particularly disturbing to the military authorities. An investigation was started when a soldier of a regiment at Nagoya tried to organize in co-operation with socialist agitators, both inside and outside the regiment, an association to oppose military discipline.

In an interview with the Yomiuri Shimbun, Major-General Nagai, expressed regret at the signs of unrest among the troops, but said that the number of men who exhibit such signs were few. He added, "However, it appears true that the number is growing among both the men and officers, mostly those upon the reserve list, who are becoming tainted with the hideous doctrine of the Omoto-kyo. The war office is apparently conducting an investigation into this and possibly some official instructions will be issued in the near future."

To Be Troubled With Constipation

THE CAUSE OF MANY ILLS

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

In Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

Mr. Jas. S. Harris, Box 934, Halifax, N.S., writes: "For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CIVIL ADMINISTRATION FOR ISLANDS UNDER PROTECTION OF JAPANESE GOVERNMENT
(Associated Press Correspondence)

Tokio, Oct. 4.—The 700 islands of varying size in the South Sea group for which Japan obtained mandatory rights at the peace conference will have a Japanese governor and a thorough system of administration.

The governor at present will remain under the direction of the navy, which has been in control of the islands since their acquisition five years ago. It is possible that later all connections between the navy and the islands will be severed.

The League of Nations Council in November is expected to work out a detailed scheme for the trusteeship by which Japan retains her controls.

The idea involved in enlarging the scope of civil administration is to establish three distinct administrative sections of domestic affairs, colonial and police affairs.

STOP CATARRH! OPEN NOSTRILS AND HEAD
Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

Had An Annoying Hacking Cough

GOT NO REST AT NIGHT

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after taking four of them my cough had all gone. Now I always keep it in the house."

"Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark, price 35c. and 60c. a bottle. Manufactured only by The T. Milburn Co., Toronto, Ont.

FATAL ACCIDENT

AT LUNDY'S LANE

(Canadian Press Despatch.)
Niagara Falls, Ont., Nov. 2.—One woman was killed and seven other persons were injured at 4:15 o'clock this morning when a motor truck in which they were riding was struck by a construction train whose hydro construction tracks crossed Lundy's Lane at a sharp angle at this city. The dead woman is Mrs. Annie L. Lambert, fifty-seven years of age, of Huron street of this city.

NEW DOCKS FOR

MELBOURNE PLANNED

Melbourne, Australia, Nov. 3.—(By Canadian Press.)—The Melbourne Harbor Trust Commissioners have decided to proceed with a programme of comprehensive pier developments which was adopted in 1915, but which was interrupted by war conditions.

The Harbor Trust's plan will provide for the expansion of Melbourne's commerce for the next fifty years, but the work contemplated at present will be confined to four new docks adjoining the existing Victoria Dock. These are expected to take care of the port's traffic for the next ten years to come. They will cost 6,000,000 pounds sterling.

The new docks will have a water depth of 32 feet. The Victoria dock will also be extended.

Subsequently, as circumstances require, six docks with depths of water to 37 feet. They will have a common entrance involving the creation of a new large basin for the harbor.

A Stubborn Cough

Loosens Right Up

This home-made remedy is a wonder for quick results. Really loosens and clears the throat.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very powerful in action. Lungs, throat, chest, and chest cavity, chest soreness goes, phlegm loosens, breathing becomes easier, throat stops aching, and you get a good night's restful sleep. The usual throat and chest colds are conquered in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, put in a bottle of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. The Pinex is a highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction, or money promptly refunded. The Pinex Co., Toronto, Ont.

NEW RULES FOR REGARDING THE LUXURY TAXES

Applications For Remission of Fines Must Be Made to the Minister of Inland Revenue.

Ottawa, Nov. 2.—Applications for remission of fines imposed for infractions of the luxury and sales tax legislation are heretofore to be considered by the minister of inland revenue and the cabinet council instead of being treated as petitions for the exercise of the prerogative of mercy by the Governor-General as representative of the crown.

A magistrate, if an infraction of the legislation is proved must impose a fine regardless of any extenuating circumstances which may be shown on the prisoners' behalf. There have, consequently, been a considerable number of applications for remission of fines, many of them on behalf of foreigners who violated the law because of ignorance of its provisions. Those applications have been made to the Minister of Justice upon whose report the Governor-General acts in granting or refusing clemency.

It has now been decided by the law officers that in such applications is involved a question concerning the collection of revenues. Hence, it has been decided that such requests for remission of fines should be made to the Minister of Inland Revenue, who is responsible for the collection of the luxury and sales taxes, and upon his report should be dealt with by the cabinet.

Ten new members joined the Carpenters' and Joiners' Local, No. 1444 at their regular meeting last evening in the Oddfellows Hall, Union street. Routine business was transacted during the evening.

How to Keep the Face Young and Attractive

The way to ward off old age is not to fear it, not to allow one's self to be oppressed by the dread of advancing years. The only legitimate preventives and avoid trying experiments with preparations that have not stood the test of time. An entirely safe and very effective way to keep the complexion young-looking and beautiful is to apply ordinary mercuric wax at bedtime, using it like cold cream. This gradually absorbs the withered, faded cuticle, which is replaced by the more youthful, pink-tinted under-skin. One ounce of this wax, to be had at any drug store, is enough to completely rejuvenate a worn-out complexion.

Crow's feet and other wrinkles, the first signs of advancing age, may be removed by a simple, harmless preparation made by dissolving an ounce of powdered sassafras in a half pint of water. It is used as a face bath.

Build up Your Strength with OLIVEINE EMULSION

One reason why OLIVEINE EMULSION is so helpful for Coughs, Colds, Weakness and a General Run-down Condition, is because it contains the substance that re-builds flesh, enriches the blood, improves digestion and appetite, and gives vigor and vitality to the entire system.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

UNITED STATES OF RUSSIA IS NOW LOOKED FOR

New Organization May Embrace Kingdoms, According to Officials at Washington.

Washington, Nov. 3.—A United States of Russia is now looked for by officials here as the most likely possibility among forms of government to follow dissolution of the Soviet regime.

Official advisers say the Bolshevik breakdown is rapidly continuing in Russia. The movement of decentralization, which began in the breaking away of the Baltic, Caucasian and Siberian states from the mother empire, as a result of disturbed internal conditions, has begun again within the territory ruled by the Soviets, it is stated.

In Russian Turkistan, provinces only loosely knit together in the past, are constituting more or less independent governments, reports say, the latest to declare their independence being Khiva and Bokhara.

A new central government, it is believed, might include even kingdoms such as have been recently established in Turkistan together with the socialist forms represented by the republics carved out of Siberia and forming now the Far East Republic. In such case, it is expected the central government might take on the form of the British Empire, with certain self-governing dominions. Not only would such a plan not violate the principle of self-determination, it is said, but it would allow for the continued existence in Russia of the Baltic and Caucasian states of Lithuania, Latvia, Estonia, Azerbaijan and Georgia as self-governing states.

Among the states which a United States of Russia would be expected to include, officials enumerated: Lithuania, Latvia, Estonia, Azerbaijan, Ukraine, Republic of Vladivostok, Soviet Republic of Verkh-Uinsk, the Soviet Republic of Omsk, and the kingdoms of the division of the provinces of Turkistan and Russia proper.

The Windsor Chapter met at the residence of Mrs. Frank Scott in Dufferin Row, West St. John, with the regent, Miss Gertrude Lawrence, presiding. An appeal for the Y. W. C. FORMER ARMY NURSE HAS FULLY RECOVERED

"I Can Never Express My Gratitude for What Tanlac Did for My Wife," Says Husband—Never Felt Better in Life.

Bud Morris, 277 University St. Montreal, P. Q., sergeant in the Canadian army during the late World War, and whose wife accompanied him overseas as a trained nurse, comes forward with an interesting statement regarding the merits of Tanlac. Mr. Morris is at present traveling in the interest of the Great War Veterans Association.

"I must say," said Mr. Morris, "I can never fully express my gratitude to Tanlac for what it has done for my wife. For two years she suffered with indigestion, lost her appetite entirely, and distressed her terribly. At times she suffered with severe headaches, and her nerves were in such a state that even the ringing of the telephone would upset her completely, and it was impossible for her to get a good night's sleep."

"She became very weak and run down, and, in fact, not even the fatigue and hardships she endured as an army nurse caused her anything like the suffering this trouble did. We tried a number of different medicines from time to time, but nothing helped her until she got Tanlac."

"Well, she is not like the same person now. Her appetite is so good she is always ready for a hearty meal, and her stomach never gives her the least pain or distress. Her nerves are in fine condition, too, and she sleeps like a child night after night, refreshed and full of energy mornings. In fact, I just received a letter from her, from Toronto, where she is spending a vacation, saying that she never really felt better in her life. Since Tanlac has done so much for her, it always gives me pleasure to say a good word for it."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Eganville; by V. J. Hendricks, John F. Meagher, Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by leading druggists in every town.—(Adv't.)

I. O. D. E. MEETINGS

Some of the I. O. D. E. chapters held their monthly meetings last night and took up the work of their order.

The Royal Standard Chapter met at the residence of Mrs. W. B. Tennant in Orange street in the afternoon. Mrs. J. Pope Barnes, the regent, was in the chair and there was a large attendance of members. It was decided that donations should be given to the Navy League and to the Y. W. C. A. and a contribution made towards the furnishing of the nurses' home of the General Public Hospital. The Red Cross Society appeal for the sickle-chicken was discussed and a meeting was held with a sympathetic hearing but action in the matter was delayed. Further details in connection with the annual sale which the chapter will hold in the last week of November were discussed at the meeting.

The Windsor Chapter met at the residence of Mrs. Frank Scott in Dufferin Row, West St. John, with the regent, Miss Gertrude Lawrence, presiding. An appeal for the Y. W. C. A. was presented at the meeting and was discussed, but it was decided to lay the matter on one side until the next meeting. Plans were made for holding a tea and sale towards the end of the month.
