"Pneumonia"

Pneumonia is nothing more or less than "Lung Fever," or as it used to be called, "Inflammation of the Lungs" and the results come entirely from a local source, such as taking a violent cold.

There is more or less difficulty in breathing; a cough, at first dry, but soon accompanied by raising a thick, sticky, rusty-colored matter, composed of a mixture of phlegm and blood.

There is only one way to prevent Pneumonia, and that is to cure the cold just as soon as it appears. Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mrs. G. W. Bowman, Pastille, Ont., writes: "Three years ago I caught a cold which ended in a severe attack of Pneumonia. Since that time, at the beginning of each winter I seem to catch cold very early. I have been so hoarse that I could hardly speak, and I have heard across the room, at winter, however, a friend advised me to try Dr. Wood's Norway Pine Syrup, saying it had helped her. I bought a bottle and before it was completely used I was cured. I also bought a good medicine for the children when they have colds."

Dr. Wood's Norway Pine Syrup is put up in a paper wrapper, three pine trees the trademark; the price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

THE LYRIC

The week end programme at the Lyric Theatre offers foremost in an attractive bill the Devers in singing and dancing performance which embraces some excellent exhibitions of novelty dances and favorite songs. "In the Hot Lands" a Melies drama is planned to educate as well as amuse as it will give the holder on an idea of the "hot lands" in Texas. Current in the Vitaphone company's releases lately good wholesome comedies have been conspicuous. One of these, "Captain Barnacles' Courtship," will hold a feature place at the Lyric today. Two other subjects will make up an hour of great pleasure.

A GOOD ENTERTAINMENT

The entertainment last night at the Opera House by the B.M.S. Empire of Ireland pierrrots drew a crowded house. The programme proved an excellent one and hearty echoes testified to the appreciation of those present. The concert indicated that the big liner has some fine talent among her company. J. L. Jones and H. Tunstall, have talent as comedians and C. Lewis has a good, resonant voice. Among the other especially good numbers, were those of E. Poole and H. Baldwin, the solo, J. M. Mathison and G. McManus in comic songs and the Davidson trio.

DEATH OF NOTED METHODIST MINISTER

Rev. Dr. W. J. Hunter, M.A., D.D., Ph.D., one of the most distinguished Methodist divines in Canada, who for more than forty years occupied leading pulpits through the Dominion. He died in Toronto while preparing to go to preach in Brantford.

Automobilists in England are much interested in the success of an invention known as "solid petrol," or gasoline in little bricks. Its exact composition is a secret. It contains 80 per cent of ordinary gasoline, a percentage of soap matter and 1 per cent of a foreign substance which gives it solidity. A small block of it is said to be equal to a gallon of liquid motor power, and its inventors say that enough to propel a car 1200 miles can be carried in a little box on the running board of the machine.

DAVID RAMSAY OF NORTH END FOUND DROWNED

The body of David Ramsay, of 69 Sheriff street, was found yesterday afternoon in the water near the I. C. R. pier at Long Wharf, after the steamer Pomeranian had sailed. Mr. Ramsay had apparently fallen overboard on Monday night, as he had been missing since that time. It was heard that he had been drowned, and yesterday morning parties went to work with the result that Herbert McIntyre and Wm. O'Hara came upon the body about 10 o'clock. Dr. Roberts gave permission to have the body removed. There will be an inquest.

Mr. Ramsay leaves six sons and two daughters. The surviving wife, Mrs. Ramsay, of Brooks street, Edward, St. James street, west side, Frederick street, and the St. John Railway Co., Thomas, of Belleville (Ont.), a George and Albert, at home. The daughters are: Mrs. George Grant, of David street, and Miss Mabel, at home.

To Save Trouble

When the housewife is preparing home made dishes with cold meat, which has been left over, she tries to give a new relish to the dish by adding various kinds of spices and flavorings. How frequently the result is a failure! Just a little too much pepper and the dish is too hot, or a slight error in the mixing, and one particular flavor dominates all the others.

The wise house-keep has recently made up her mind that the ideal way of flavoring all made-up dishes, soups, etc., is to have a bottle of the real H. P. Sauce at hand, for the express purpose of enriching her soups and gravies.

In each bottle there are 100 drops of the finest blend of the choicest sweet fruits and spices, and it is so simple to use, it is beyond the reach of any child.

Just a spoonful of that all-and-the-sewage of the dishes assured. What better relish to have! Just a little too much H. P. Sauce, and up a bottle of H. P. Sauce handy, it is useful in so many ways. Just a few drops in the soup, or with hot or cold meat, fish, or even bread and cheese, it is delicious and gives quite a new enjoyment to the meal.

NICKEL

Nickel announces that the leading feature of its film programme for today is a story entitled by the excellent stock company Thos. H. Edison as written by Miss Bosson Baird, of this city, who is achieving considerable success as a scenario writer. Miss Baird submitted the story "The Rival Sculptors," to the Edison Company some few months ago and it was selected at once as a flattering figure. It is a love story of old Greece, in which an indulgent father promises the hand of his daughter to the sculptor who chisels the best image of the heroine. It is a most elaborate production and magnificently photographed. As the Edison staff of writers includes Richard Harding Davis, Roy Norton, Rex Beach, O. Henry, Edward W. Townsend and Ellis Parker Butler, it is highly complimentary to the St. John young lady that her offering has received such interesting treatment. It is understood that Miss Baird has had scenarios accepted by the Vitaphone and other companies.

The remainder of the Nickel programme includes finely-colored Pathé romance, "The Making of a Hero"; a scenic picture dealing with the Chilian army and a comedy in audacious type by the Kalem Company entitled "Getting Sister Married." Miss Furlong-Schmidt will continue to play "The Rival Sculptors."

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Canifon, Ont.—"I had been a great sufferer for five years. One doctor told me it was ulcers of the uterus, and another told me it was a fibroid tumor. I was very ill in fact, I don't know what I suffered. I would always be worse at certain periods, and never was regular, and the bearing-down pains were terrible. I was told to have an operation, and I might die during the operation. I wrote to my sister about it and she sent me to take Lydia E. Pinkham's Vegetable Compound. Through personal experience I have found the best medicine in the world for female troubles, for it has cured me and I did not have to have the operation after all. The Compound also helped me while passing through a change of life."—Mrs. LIZZIE BROWN, Canifon, Ontario.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to suffering women.
