ARE EAGER TO DO MORE BUSINESS WITH DOMINION

Trinidad People Want Better Facilities For Transport of Products

SAINT JOHN WOULD SHARE IN BENEFIT

Rev. Dr. Morton Speaks of Trade and of Mission Work

That Canada has opportunity for very greatly enlarged business with the prosperous island of Trinidad, was a message brought to Saint John by Rev. Dr. H. H. Morton, Presbyterian missionary, who came to this city on the S. S. Chaleur yesterday afternoon. And Saint John would benefit in this increased trade, for much of it would be handled on steamers from and to this port. Rev. Dr. Morton is well known here. He married a daughter of Hon. J. G. Forbes and he has visited here on many occasions.

BUSINESS IS THERE

To a Times-Star reporter who interviewed Dr. Morton today, he said the people of Trinidad were anxious to buy more from Canada and to sell more to this country. "All our products," he said, "are such as Canada needs and the Dominion has much that we require in Trinidad. Our chief exports are cocoa, sugar, molasses, coconuts, and pitch from the famous pitch lake. We need Canada's flour and all her grains and other products, and much greater trade could be done by the two countries than is the case at present."

"The all-important matter is proper transportation and that will be a big subject at the West Indies conference to be held in Ottawa in June. Trinidad is sending three delegates to that conference."

The Doctor said he was a member of the government board of agriculture on the island, was keenly interested in progress along this line and he hoped for a material advancement in interchange of products as a result of the conference in Ottawa. The cocoa business, he said, had been passing through a crisis, with prices low, but there had been a little improvement. Sugar was doing fairly well.

VERY LARGE MISSION

Rev. Dr. Morton told of the mission of which he has been the head since 1901. It was founded in 1867 by his father, Rev. Dr. John Morton. It is for East Indians, of whom there are approximately 160,000 on the island, about one-third of the population. The mission has grown greatly. There are two departments—educational and evangelistic. In the former there are a secondary college for boys and one for girls, a training school, 70 primary schools and a boarding school for girls. In the evangelistic work there are a theological college, churches, 64 catechists, all East Indians, and seven native East Indian ordained ministers. In addition to the church services there is service in all the school buildings every Sunday.

The work is under the Presbyterian Synod of Trinidad, but the mission is part of the Presbyterian Church in Canada. Dr. Morton will attend the fifth general assembly of that body in Ottawa on June 4. He said that the mission was all for church union.

Dr. Morton spoke highly of the people of his mission. The most of them, he said, worked on the sugar plantations, but some had become cocoa proprietors in a small way. Many were now in the civil service, and one had been, up to a short time ago, a member of the legislative council of the island, as an appointee of the governor.

FAMILY WITH HIM

Accompanying Rev. Dr. Morton to Saint John were his wife and three children, Mollie, Sally and Jack. They were joined here by their three other children, Elizabeth, Nyren and Gordon, who have been students at Dalhousie University, and there has been a happy reunion, and a very cordial welcome for Dr. and Mrs. Morton from many Saint John friends. It is his plan to remain in Canada for six months.

GOOD WORK IS DONE

Repairs to S. S. Empress, Here, After Buffeting in Storm.

During the repairing of the bay-rout steamer "Empress" in Lower Cove Slip, Brittain street, which work was done by the Saint John Iron Works, the scene of activity was an inspiring reminder of Saint John's natural dockage as well as modern graving dock facilities, into which the steamer was placed for final inspection.

The stern bearings of the vessel, tall shaft and tromplate housing of the electric lighting system was run along the wharf top and a special water supply was laid on. It was a busy scene night and day.

The damage repaired was that done to the Pundy craft in a storm of about two months ago when she was forced to lay-to and stand the buffeting of the gale and its smashing seas. The metal saloon structure was smashed in with the weight of raging water and to restore to its original contour the plates were unvelted, run through a special rolling process and riveted back into place.

PAY DAY

Today was the semi-monthly pay day at city hall and the sum of \$72,088.08 was paid out as follows: Official, \$2,379.25; sundry, \$1,752.25; market, \$293.12; ferry, \$1,460; fire, \$2,785; police, \$3,689.08.

Will There be City Clean-up Day Is Question of Moment

A matter concerning health officials and other citizens not immediately in touch with such matters is whether or not Saint John is to have a Civic Clean-up Week as during previous springs.

Clean-up Week was not held last year because, it is said, by health officials, the Department of Public Works registered a protest against abuse of privileges accorded the people under the plan adopted. This plan called for the removal of casual accumulations but did not include large bulk of ashes or the by-products of housecleaning.

Commissioner Frink held it was unfair to put the city to the considerable expense of removing thousands of barrels of ashes from the homes of well-to-do people as previous experiences had forced upon the city teams. So last year Clean-up Week lapsed.

The question was reopened at the Sub-District Board of Health meeting yesterday when these statements were made. It is thought by sanitary inspectors that a united movement to give the city and its backyards a thorough spring cleaning is needed.

Local News

ON WAY TO EUROPE.

W. G. Pugsley, K. C., has left Ottawa for England and Germany on a business trip.

ONE TODAY.

One person appeared before Magistrate Heston in the police court this morning on drunkenness charge and was fined \$8 or two months.

GUESTS ON WAR SLOOP

His Worship Mayor Potts and Mrs. Potts were luncheon guests of the commander of H.M.S. Wistaria at 1 o'clock today, on board the warship.

GYRO LUNCHEON

Consideration of routine affairs occupied the business session of the Gyro Club at the weekly luncheon at noon today in the Hotel Dunlop. Stanley Rankine was in the chair.

SALVAGE WORK

Three brooms left standing outside his shop by a St. James street storekeeper last night were noticed by Policeman McElhinney. He took them to the station and there they were claimed this morning by the owner.

GOVERNORS MET

The monthly meeting of the Boy's Industrial Home Governors was held yesterday afternoon in the office of Mayor Potts, with His Worship in the chair. Others present were Mrs. J. H. Doody, James Myles, Hon. R. J. Ritchie and W. A. Lockhart. The report of the superintendent was filed. Several matters of routine business were dealt with.

AUTO CASE

S. H. Hutton, reported by Policeman Connor for allowing his car to stand in German street longer than allowed by the law and also with not having rear light for his auto, told Magistrate Henderson this morning that the car had stalled on him and he had asked a garage man to remove it but apparently this had not been done. The magistrate set the case over until Mr. Hutton could call his witness.

FRATERNAL VISIT.

The Young People's Society of the Portland Methodist church were entertained by the Epworth League of the Fairville Methodist church last evening and a very pleasant time was enjoyed. Games, contests and old-fashioned songs occupied their time, after which a large company partook of a delicious picnic supper, provided by the society. Rev. and Mrs. J. M. Rice were present.

CACTUS IN BLOOM.

The window garden in the clearance room in the Customs House is showing great promise. The cactus collection is just now the centre of interest for many people taking up their residences in the summer colonies along the railways. While it is a common thing to see a cactus in bloom, it is not so common to see a cactus in bloom in the city. The cactus, it is said, is supposed to bloom every seven years but the plants in the Customs House is falling away from this idea for William Campbell, who is chief clearance clerk, says this one bloomed about four years ago.

TO SUMMER HOMES.

The inauguration of the summer schedules on the railways out of Saint John has already resulted in many people taking up their residences in the summer colonies along the railways. While it is a common thing to see a cactus in bloom, it is not so common to see a cactus in bloom in the city. The cactus, it is said, is supposed to bloom every seven years but the plants in the Customs House is falling away from this idea for William Campbell, who is chief clearance clerk, says this one bloomed about four years ago.

ENTERTAINED CIRCLE

Mrs. George Fowler, Guilford street, West Saint John, entertained the Fairville Baptist sewing circle last evening at her home and serving refreshments. She was assisted by Mrs. Robert McMillan. Those present were Mrs. A. E. Kierstead, president, Mrs. Clifford T. Clark, Mrs. C. B. Black, Mrs. Carl Cunningham, Mrs. Allan Thorne, Mrs. Robert McMillan, Mrs. W. J. Stevens, Mrs. C. H. Beveridge, Mrs. W. A. Russ, Mrs. Thomas Alcorn, Mrs. Hiram Alabee, Mrs. William Fox and Mrs. George Jones, who was a visitor.

Sisters Meet After Eighteen Years

Mrs. Ethel L. Kimball, of Lake Alfred, Florida, has arrived at Ketchikan to visit her sister, Mrs. A. L. Bonnell, for the summer. Mrs. Kimball, whose husband, H. P. Kimball, died at Jauary, is now the owner of a large orange grove at Lake Alfred. She will return in the autumn to resume her estate. Mrs. Kimball has not seen her sister, Mrs. Bonnell, for 18 years and both are enjoying the reunion. Accompanying Mrs. Kimball north were her sister, Mrs. A. L. Pittman, of Glenwood, and Mrs. Margaret Mayne, of Boston, both of whom visited Mrs. Kimball in the south. Mrs. Mayne is now the guest of her brother, A. E. Cunard, and Miss Cunard, Dorchester street. Mrs. Pittman has gone to her home at Glenwood.
