

Beauty and the Beast.

The Proposed Wrestling Match between a *Beast* and a *Woman*.—A coming novelty in the wrestling line is a match for \$300 between a female professional wrestler and one of Mue. Can's trained bears, which is announced to take place at the London Circus, in Gilmore's garden, some time during the present week. The bear is well up in the business, having floored numerous antagonists during the past year in different sections of the country, and consequently has many backers. By the terms of the match the bear must be thrown three times, according to the new and improved wrestling rules, before the money is paid over to his successful rival. Collar and elbow holds will be dispensed with, "grab" on both sides will be in order, and then it will simply be a matter of strength and agility between bear and woman to decide which will get the greatest number of falls. Brin is a native of the Pyrenees, weighs about three hundred pounds, and is said to be very good natured. The young woman who has entered the list in this novel contest is said to be the daughter of a Frenchman, residing in this city, and is known to possess a strength and an interest in the knowledge of the tricks and artifices peculiar to wrestlers. When the match shall have been decided it is understood that Professor Bauer the well-known Greek-Roman wrestler, will measure his strength with the brute. Bauer, accompanied by Professor Miller, another widely-known wrestler, visited the establishment this morning in order to arrange an interview with the little French woman who owns the four-footed wrestler and also to get a glimpse of the latter, preparatory to signing papers for a "bout." He is anxious to engage with the new comer, but does not care to risk an encounter with such a formidable antagonist until he is satisfied that he will not be too closely embraced in any way. He is assured that he can safely trust to the bear's knowledge of ring tactics and to his forbearance in certain situations. The bear, who is a native of the Pyrenees, is said to be a good wrestler, and has no doubt but that he can gain two out of three falls. These proposed matches create a great interest in sporting circles. —*New York Graphic.*

Brave Firemen.

The N. Y. Herald says that the Bennett Medal, for meritorious services, during the past year, was by the Mayor presented to fireman Joseph McGowan, on the 1st inst. Mr. Rowe, chief of the nation, then presented McGowan's brave act, at a fire which took place at No. 15 Thames Street, on the morning of April 14th, 1876. "When the cry of fire was heard a citizen ran to the quarters of Engine Company No. 6 and gave the alarm. Fireman Joseph McGowan ran to the fire ahead of his company. On arriving at the fire he was informed by a policeman that there was no fire, and that the building was on fire. He then returned to the fire, where he found Mary Malroy, aged six-five years, in bed. He carried her to the roof in an exhausted condition. Keenan assisted Julia Roach, aged seventy years, from the fourth floor, where she was in bed. Both women were very feeble. Keenan lowered himself down a peaked roof of the adjoining building to the cornice of the same, which was about six feet lower than the building on fire. With the assistance of McGowan the above named persons were passed in through the attic window to a place of safety, this being the only means of escape. The smoke and flames were at this time issuing from the front and back windows of the first floor.

Somebody Says.

"There is something peculiarly attractive in a horse. His intelligent ear and his lofty carriage, his free and graceful motion, his valiant strength, his obedient temper, and his independent eye, all combined to make him a noble creature. We have to look at his proportions, and take in the inspiration of his energy and power, but it is only when the horse is properly cared for—when he is free from disease or unwholesomeness of any kind that he exhibits these points of attraction, and without which he is of little value. A passage of Dancy's Condition Powder and Adrian Heave Remedy is not in possession of every man who keeps a horse, to be used in case of emergency. Don't fail to get it. Remember the name, and the signature of Hurd & Co. on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all Medicine Dealers.

The Pope's health is much improved. Fever has disappeared and his appetite is good. In conversation with the Duke of Castelvetro, his Holiness alluded to the election of Pious VII, at Venice, on which occasion the concave hurried deliberations for fear of French interference. His Holiness compared the present critical period with that of the year 1860, and said, in a humorous way, "They want to hurry me also, but I am in no hurry to go."

LUMBER IN OTTAWA.—An Ottawa despatch says:—The amount of lumber in stock here at present is approximately estimated at about 97,750,000 feet, including 17,750,000 feet deals which are sold, leaving about 80,000,000 feet, or something less than twenty millions, less than was held last winter. The make of saw logs on the Ottawa and its tributaries this season will be some what larger than last winter.

The United States Consul at Odessa reports that the grain crop of South Russia for 1877 has been the largest ever harvested during twenty-five years. It was well gathered and the grain is, for the most part, in good condition. This will be bad news for those in America who hoped that grain would be wanted.

THE INVIGORATING, FATTENING, and nutritive properties of Robinson's Phosphorized Emulsion of Cod Liver Oil, Lacto-phosphate of Lime are such, would indicate its sufficiency to sustain the body in the performance of its various functions, by the use of but little solid food. Hence its superior remedial worth in the "Wasting Away" in those of Consumptive tendency. In Consumptive men, as well as in women, and all cases of Prostration and Emaciation. Extracts from a letter from C. H. S. Cronkrite, Esq.:

CANTERBURY STATION, York Co., N. B., October 10th, 1876.

Dear Sir: In reply to your letter of the 11th, I would say that your "Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime" is the best preparation of the kind I have ever seen or taken. I was ordered by my physician to take it and commenced about the last of August and since that time I have felt like a different man, and also look differently, and for the better, as the doctor can testify. I was unable, in the summer, to walk any distance without much fatigue. I can now

take my gun and travel all day, and feel first-rate at night and eat as much as any man. Have not bid any since I took your preparation, and can now infuse my lungs without feeling any soreness, and I think I can infuse them up to full measure the same as before I was sick, have also gained in flesh, my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

(Signed) C. H. S. CRONKRITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of "Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime" and do assert that the foregoing statement is correct in every particular.

(Signed) WILLIAM MAIR, REV. THOMAS HARTIN.

No Risk.

Thomson's Electric Oil! Worth Ten Times its Weight in Gold. Do you know anything of it? If not, it is time you did.

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common Sores Throat. One bottle has cured Rheumatism. Fifty cents' worth has cured an Old Standing Cough. One of two bottles cured bad cases of PILES and Hemorrhoids. Six or eight applications cure any case of EXCORIATED NIPPLES OR INFLAMED BREAST. One bottle has cured LAMENESS OF THE RIGHT STANDING. Daniel Plank, of Brookfield, County, Pa., says:—"I went thirty miles for a bottle of your Oil, which effected a WONDROUS CURE OF A CROOKED LIMB, by its applications." Another who has had Asthma for years, says:—"I have half a 50 cent bottle left, and \$100 would not buy another of it."

Rufus Robinson, Nunda, N. Y., writes:—"One small bottle of your ELECTRIC OIL restored the voice when the person had spoken above a whisper in Five Years." Rev. J. Mallory, of Wyoming, N. Y., writes:—"Your Electric Oil cured me of Bronchitis in one week."

It is composed of Six of the Best Oils that are known. It is as good for internal as for external use, and is believed to be immeasurably superior to anything ever known in the history of medicine. For details of its uses, and for a full list of cures, send for a copy of our Circular, which will be sent to you free of charge.

Beware of Imitations.—Ask for Thomson's Electric Oil. The name of the wrapper, and the names of Northrop & Lyman are blown in the bottle, and take no other name.

Sold by all Medicine Dealers. Price 25 cts.

NORTHROP & LYMAN, Toronto, Ontario.

Proprietors for the Dominion.

NOTE.—Electric Oil—Selected and Bottled by E. Lee Street, Hamilton & Fish, Moses M. Sargent, Newcastle; Dr. Pallen, Chatham, Dec. 12m.

The Great Shoshonee Remedy and Pills.

The success that this medicine has met with since its introduction to the public some years ago, proves plainly to the most skeptical that they are medicines that perform what they are advertised to do. The virtues of these medicines have been well tested, and have withstood their trial in almost every case. For details of its uses, and for a full list of cures, send for a copy of our Circular, which will be sent to you free of charge.
