quickly as possible, but while he was absent they apparently made another attempt upon his fowls, without success, however, as the one on the watch had evidently warned his fellow thieves to hasten out of the barn, as Mr. Gaynor was returning. The latter, after giving them the bread, told them that he did not believe their story, and they went away into the woods, where it is supposed they remained all night. The conduct of this little gang is not much worse than the bigger one to which
