PROVINCIAL NEWS.

MILLTOWN, Dec. 3.-The sad news of the accident which resulted in the death of Guy Hunter at Port Townsend, state of Washington, has been received here. Mr. Hunter was formerly of this place, and leaves a mother, a sister and three brothers, one of whom is Wm. Hunter of this place. The accident happened while Mr. Hunter was unloading logs from a railway truck. A log struck him in the back, injuring him internally. He was taken to a hospital at Port Townsend, where he died Tuesday. Deceased was 26 years of age and was buried at Port Townsend under the auspices of the I. O. O. F., of which order he was a member. Much sympathy is extended to the be-

Unfortunately, too, we have in nearly all parts of Canada an abundance of weeds, which may partially be kept in check by maintaining large flocks of sheep. It is said that 85 per cent. of our common weeds are readily enten by sheer and consequently we find, as a general rule, that a sheep farm is a clean farm. FISH.

Sheep breeders, like all other live this will doubtless be the production of mutton for the home and foreign line. The breed chosen should be one a liking. In addition to this, it must be a breed suited to the conditions of or level land, while the lighter breeds in the district where each breed originated, as has been shown by Primrose McConnell in his excellent work on Agricultural Geology. If a purebred flock is to be kept, the farmer should choose a popular breed or one gaining in popularity, in order to be reasonably sure of a demand for his Whether the flock be purebred or grade, a knowledge of the an-atomy of the sheep, and of the methods of treating common disorders of sheep, will prove of decided value to In starting a flock only healthy, ro-

of them should be of the same type. They should be mated with a firstclass ram of similar type, and one of the same breed as the ewe flock, unless the farmer is crossing for some special purpose and does not intend to retain the progeny for breeding. Each year the ewes should be carefully weeded out, only the best being retained. Too many Canadian farmers tained. Too many canadian farmers the ladder." This was due to the fact in the past have followed exactly the that if Mr. Chamberlain had not got FRUITS. STO.

FOSTER ELECTRI-FIES EDINBURGH.

'As an Orator He Has Few **Equals Among Our Own**

Parliamentarians'

Says the Edinburgh Despatch of Nov. 16th—A Power for Good in the East and North

of Scotland.

It was a happy inspiration which led to the invitation to the Hon. G. E. Foster, formerly finance minister Canada, to come to Edinburgh on the stock growers, should start out with occasion of the mauguration of a great some definite aim in view. In Canada tariff reform league for the east and north of Scotland. At the inaugural meeting in the afternoon the addresses markets, with wool-growing as a side though brief, had the ring of confidence and courage, and the league starts adapted to the purpose in view, as under the best of auspices. It was in well as one for which the farmer has the evening, in presence of an enthusiastic audience in the Synod Hall, that the Canadian statesman had an opporsoil and climate prevailing in the lo- tunity of demonstrating to Scotsmen cality. As a general rule the heavier the strength of the colonial case, and breeds do best on somewhat low-lying the earnestness of the desire of our colonies for closer commercial relaprefer upland or even mountainous tions. Mr. Foster also showed by the country. These characteristics are ability and eloquence of his speech largely due to the nature of the soil that a powerful personality, which will have to be reckoned with, has come acress the Atlantic to help Mr. Chamcame unheralded, but only a short time had elapsed ere he had worked up the enthusiasm of his great audience to an exceptional pitch. As an orator he has perhaps few equals among our own parliamentarians, and his shalling and exposition of his facts was admirable, and, to judge from the response of the meeting, convincing. While poor Mr. Munro-Ferguson was retailing to his handful of faithful adherents second-hand tarradiddles about the colonies having made no offer or approaches to the motherland, Canada's former minister of finance was telling the story of colonial approaches and concessions, more important than simple offers, and recalling the manner in which Mr. Chamberlain's "plain Anglo-Saxon" had brought German arrogance to reason. "Not six weeks passed until the German diplomats gently and effectually climbed down at the moment the power to retaliate, he would very soon have got it, as the result of the German threat. Last

in the flock. Every farmer knows that the presence of a few culls in a lot of animals always proves an obstacle of animals vice company will be enthusiastically
