At D. Bassen's SPRING IS HERE Summer is Coming

We have seen trade more brisk than it has been the last year, but we are looking for an improvement this year, at least we have made ready for it, with a very complete stock of all kinds, and will expect our friends to give us a fair share of their trade.

It is not necessary to particularize at the present time, but we might say we are especially well stocked with a complete line of up-to-date Ladies and Mens furnishings, underwear, footwear and general dry goods, and can promise good values to those who favor us with their patronage.

We invite all to attend our Military Opening on Thursday, April 8th.

Throat Coughs

Ask your doctor about these throat coughs. He will tell you how deceptive they are. A tickling in the throat often means serious trouble ahead. Better explain your case carefully to your doctor, and ask him about your taking Ayer's Cherry Pectoral.

Ayer's
Who makes the best liver pills? The J. C. Ayer Company, of Lowell, Mass. They have been making Ayer's Pills for over sixty years. If you have the slightest doubt about using these pills, ask your doctor. Do as he says, always.

LEPREAU
We regret to have to record the death of Mrs. George Wynn of Picoletown, who passed away on Friday March 26th. Deceased who was formerly Miss Edith Wright of Lepreau, was only nineteen and leaves a husband and one child. She was universally esteemed by her neighbors and her death will be felt with keen regret by a large circle of friends. The sympathy of the community will be extended to her sorrowing relatives and husband.

The weather has been very wet lately and the ice is out of the tide river and that in the upper river is getting shaky, so it may go out at any time. The mill that was operated by J. A. Gregory at the Railway bridge here has been dismantled and removed to the site formerly occupied by the mill that was burned last summer, and will be re-inforced by a second boiler, operated there this season.

The clam digging this season has not been carried on so strenuously as last winter as owing to there being no competition the buyers will only pay seventy-five cents per barrel instead of the dollar paid last winter. There not being much inducement today very few are doing so and those only putting in idle time until other work starts.

Other fishing is nearly at a standstill very few lobsters being caught. The proper season for taking lobsters in Charlotte Co. should be from Oct. 1st to March 31st, and none taken under ten and a half inches.

The husband and relatives of the late Mrs. George Wynn of Picoletown, desire to express their grateful thanks for all the kindness and sympathy extended to them in their bereavement.

Have you a pain—of any kind, anywhere? Stop just a minute and think! It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's Little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 2c. box. Sold by all dealers.
