FINANCIAL WORLD

A HEAVIER TONE NEW YORK IN THE STOCK MARKET

New York, Feb. 7.—The tone of the
stock market was heavier today, but
trading was too listless to effect sub-
stantial changes in the level of prices,
operations on the short side were re-
sumed, and for a time, the attack on
the list met with a fair degree of suc-
cess. Later the market reversed it-
self and losses were largely made up.
The movement as a whole was of the
indispositive character to which traders
have become well accustomed during
recent weeks. Apparently the only
active force in the determination of
stock market movements at present is
the position of the professional el-
ement from day to day. Outside par-
ticipation remains extremely limited
and the larger financial interests to
which the street looks for initiative
betray no inclination to take a part.
The disposition to await developments
in Washington before making definite
commitments was more pronounced
today, owing to the expectation of a
decision as to the congressional in-
vestigation of the "Money Trust." The
latest turn in the government's con-
test with the United States Steel Cor-
poration also was a factor in the mar-
ket, the possibility of criminal prosecu-
tion of officials of the corporation
being utilized as a reason for bear
pressure. The general list was in-
fluenced to a great extent by the action
of United States Steel, which was the
heaviest of the leaders. Republic
Steel issues also were weak. A heavy
cut in the steel tariff, it was argued,
would affect the independent compa-
nies more severely than the Steel Cor-
poration.

Statistics of the country's output of
pig iron in January were encouraging,
as they showed a production slightly
in excess of December, and the largest
since April, with the exception of Oc-
tober and November. Operations of
many furnaces were interfered with by
severe weather conditions and it is re-
garded as probable that the present
month's total will be larger. The
January output foreshadows an in-
crease in unfilled orders of the United
States Steel Corporation in the month-
ly report to be made next Saturday.
Estimates of the increase range from
400,000 to 500,000 tons.

The exportation of pig iron to Paris con-
tinued today by the engagement of an
additional sum of \$2,000,000. Ex-
change rates were somewhat lower.
In the money market the tone was
easier, despite the further outflow of
gold. Trading in bonds was more ac-
tive. Another railroad offering was
announced. The Chicago and North-
western having put out \$15,000,000 4's
of the Milwaukee, Sparta and North-
western.

Some of the inactive stocks again
moved widely. Central Railroad of
New Jersey sold at 380, an advance of
five points, and a new high record.
Texas Company rose five points and
May department stores, American Mail
Preferred and MacKay Company made
heavy substantial gains. American
Tobacco Company slumped seven
points, owing to disappointment that
the directors took an action on divi-
dend at their meeting today. Later the
loss was largely recovered. Third
Avenue and Sears Roebuck and Com-
pany also was especially weak.

The bond market was fairly steady,
distillers securities, five's were weak.
Total sales, par value, \$3,903,000.
U. S. Bonds were unchanged on call.
