How to Enter

This contest is open to any person residing in the Maritime Provinces and to all others who may be within reasonable reach of The Standard office by mail.

A payment on subscriptions to the Standard, Daily or Semi-Weekly, of from \$1.00 to \$6.00, entitles the contestant to submit a solution of the puzzle.

The amount of money paid in will cover the subscription price for the paper according to the regular rate whether the rate be for city delivery or by mail.

AS MANY DIFFERENT SOLUTIONS MAY BE SUBMITTED AS THE CONTESTANT DESIRES, UPON MAKING AN ADDITIONAL PAYMENT WITH EACH ONE, BUT NOT MORE THAN \$6.00 CAN BE PAID WITH ANY ONE SOLUTION.

It is not necessary to pay the same amount with each solution if more than one be submitted.

As the prizes have an added value according to what is paid in on subscription with the winning solutions contestants should familiarize themselves with the dividend schedule before sending in their subscriptions and their solutions.

Remit by check, money order or registered letter.

Whatever is paid, whether on the one or on a number of solutions will apply on one continuous subscription to The Standard.

Solutions not accompanied by cash subscriptions will not be registered.

This contest is open to both old and new subscribers.

The Puzzle

The problem is to ascertain the total of the figures in the puzzle chart.

Just add them up as if they were in one long column under each other.

The figures run from 2 to 9. THERE ARE NO DOUBLE FIGURES and no characters which are not figures. The tail of the "6's" is a decided curve, while the tail of the "9's" is straight. All the other figures have their usual characteristics. So there is no intent to allow any question to arise over the identity of a figure.

In the event that no one ascertains the exact total, the prizes will be awarded for the nearest correct solutions.

Special Notice

Contestants are hereby instructed that no amount greater than \$3.00 will be accepted for one continuous subscription to the Semi-Weekly Standard. If any competitor desires to send in a greater amount of money than \$3.00 it will be necessary to have the amount apply on a subscription to the Daily Standard. It is not desirable that any subscription to the Semi-Weekly Standard shall be paid for more than three years in advance.

What's the Total of These Figures?

Here is The Prize List

120 prizes are offered which together form a total of \$1310.00. The amount of each individual prize will to some extent depend upon the amount of money sent in by the individual winners. The prizes are as follows:

FIRST PRIZE
\$100.00 in gold to which will be added twenty-five times the amount paid in by the subscriber with the winning solution. This prize may be worth \$250.00.

SECOND PRIZE
\$50.00 in gold to which will be added twenty times the amount paid by the subscriber with the winning solution. The value of this prize may be \$170.00.

THIRD PRIZE
\$30.00 in gold to which will be added ten times the amount paid by the subscriber with the winning solution. The value of this prize may be \$90.00.

FOURTH PRIZE
\$20.00 in gold to which will be added ten times the amount paid in by subscriber with the winning solution. This prize may be \$90.00.

FIFTH PRIZE
A fixed amount of \$30.00 in gold without any additional dividend.

FIVE PRIZES
Five prizes of \$10.00 each to which will be added two times the amount paid in by the subscribers with winning solutions. Each of these prizes may be worth \$22.00.

TEN PRIZES.
Ten prizes of \$5.00 in gold to which will be added the amount paid in by subscribers with the winning solutions. Each of these ten prizes may be worth \$11.00.

FIFTY PRIZES
50 prizes of \$1.00 each to which will be added the amount paid in by the subscribers with the winning solutions. These prizes may be worth \$7.00 each.

FIFTY PRIZES
Fifty other prizes of \$3.00 each without any additional dividend.

This Whole Prize List Makes a Total of \$1,310.00 Divided Into 20 Prizes.

Contest Closes Saturday, November 8, 1913

Always use the solution blank and read it carefully before filling out. Write your name and address plainly.

The payment of from \$1.00 up to \$6.00 on your subscription allows you one solution; but the payment of \$6.00 on your subscription gives you one solution and six times as much in dividends.

An additional payment of from \$1.00 up to \$6.00 entitles you to another solution. Remember, the larger the amount you pay on your subscription the larger will be your dividends should you win one of the dividend prizes.

Study the first prizes and dividends offered and send in your solution today.

No one associated with The Standard in any way will be allowed to enter this contest.

Deciding Ties

In case there are ties, as many prizes will be reserved as there are contestants tied, before any prizes are awarded for less correct solutions.

For instance, if two people tie on the absolutely correct answer, they would have to solve a second puzzle to determine which was entitled to the first and which to the second prize. Then the one who sent the next best answer would be entitled to the third prize. This rule will apply generally.

If there should be more ties than there are prizes offered, a second puzzle will be presented. No money will have to accompany the solution of this second puzzle. It will be practicable and solvable, and only those who send in correct solutions to the first puzzle will be permitted to solve puzzle No. 2. The second puzzle will be printed only three times and those eligible to solve it will have a week in which to prepare their solutions.

In the event of ties on the second puzzle, a third puzzle will be presented. The second and third puzzles will be used only in the case of ties and their purpose will be merely to decide those ties, so that it may not become necessary to divide the prizes. However, not more than three puzzles will be presented and in the seemingly impossible event of still another tie, the prizes will be equally divided.

IF THERE ARE NO TIES, THERE WILL BE ONLY ONE PUZZLE.

No prizes will be distributed until the contest is finally decided.

CHATEAUGUAY FOR FISHER'S DEFEAT OF LAURIER FOR GOOD GOVERNMENT

Constituency Historically Liberal Returns Candidate for First Time Since Confederation Elected by 144 Majority—Conservative Camp.

RACE CRIES AND SECTIONAL APPEALS TO TURN CHATEAUGUAY

Saturday's Pronouncement of Great Impending Trend of Feeling in Quebec Province to Arguments of Sir Wilfrid on Empire.

Special to The Standard.

Ottawa, Oct. 12.—Consternation reigns among Ottawa Liberals over the loss of Chateauguay. Consternation is a mild word. The turnover in this old Liberal riding has thrown the opposition headquarters' organization into utter disorder. The far-reaching significance of yesterday's verdict is clearly recognizable even by the most confident and aggressive of the Laurier lieutenants. The defeat in Chateauguay, and the prospect of defeat in both East Middlesex and South Huron will, it is believed, necessitate a complete reconstruction of the opposition and the adoption of a platform upon which the scattered forces of Liberalism can come together for a fresh start, probably under new leadership.

The friends of Hon. Sydney Fisher, who helped force his candidature upon the unwilling Liberals of Chateauguay, are now saying that he did not expect to win, that he was simply getting a foothold in the riding with a view to running there again in the general elections, his own county of having served notice upon him that he cannot get the nomination there. This, of course, is not the case. The defeat of Saturday can hardly be said to have given Mr. Fisher a foothold in Chateauguay. The Laurier opposition made the fight of their lives, fighting to win now and not at a general election in the distant future. Every campaign art known to the Liberal organization in the Eastern Townships was exerted in the recent contest, backed with all the help that the Ottawa organization, with nothing else to do, could give.

Politicians here while regarding the fate of Mr. Fisher as unimportant, see in the election of Saturday a blow at the waning prestige of Sir Wilfrid Laurier, from which his leadership can hardly recover.

Premier Borden received the news of the Morris election with satisfaction, but declined tonight to make any comment on the result. The turnover adds to the government majority in the House of Commons bringing it up to 49.

Hon. Martin Burrell, Minister of Agriculture, who took a prominent part in the campaign and whose exposition of the government's policy, did much to put the issues clearly before the electorate, said of the result tonight: "The result of the Chateauguay contest is a matter of unusual importance and significance. Two great questions have divided political parties and engrossed public attention during the past three years, viz: National trade and imperial defence. Mr. Fisher in common with his leader re-affirmed the Liberal party's views on reciprocity and justified the senate action in de-

SUFFRAGETTES ATTACK KING

"Wild Women" Attempt to Mob King George and Queen Mary—Beaten Back by the Police.

London, Oct. 11.—King George and Queen Mary, who attended a command performance at a London music hall tonight had a narrow escape from being mobbed by suffragettes. The women, who had gathered in considerable numbers, made a lively dash for the royal carriage on its arrival at the theatre shouting "women are being tortured in prison."

They had almost reached the carriage when the police closed around, and with defiant shouts of "votes for women" were hurled back. The suffragettes were treated roughly by the crowd, but managed to escape arrest.

MR. MEIGHEN CALLED WEST.

Special to The Standard. Ottawa, Oct. 12.—Hon. Arthur Meighen last night received word of the sudden death of his law partner, W. J. Cooper, K. C. Portage La Prairie, and left at once for the west. This will necessitate the cancellation of some of the East Mid take part in the best of the Manitoba in Walker
