**Fish Market.**  
Throughout the present week there  
has been a good supply of fish. Hal-  
but has been somewhat scarce but the  
price remains at about eighteen cents  
a pound. Swordfish is now obtainable  
at eighteen cents. Some large speck-  
mens have lately been captured, in-  
cluding one weighing 351 pounds that  
was hand'd by the Central fish store,  
Sydney street. Cod and haddock have  
been plentiful and retail at five cents  
a pound; mackerel brings from 15c.  
to 25c. each. Salt fish remains at  
about usual prices. Retailers say that  
trade has been quite brisk during the  
week.

**WORK DONE BY**  
**THE PATRIOTIC**  
**ORGANIZATION**  
Three-fourths of Patriotic  
Fund business of Prov-  
ince handled by St John  
Branch.

The St. John branch of the Patriotic  
Association has been doing about  
three-fourths of the total business of  
the province. At the present time it  
comprises the City and County of St.  
John, Counties of Kings, Queens, Al-  
bert and part of Westmorland. Up to  
the first of September it included  
Victoria County. Up to the first of  
August it included Madawaska, and  
previous to that it took in three or  
four of the other counties in which  
branches have since been established,  
and which now have their own orga-  
nizations, drawing their money direct  
from Ottawa, and taking care of the  
families in their particular counties.  
Last month the contributions to the  
fund amounted to \$4,088.42.  
At the end of September the amount  
remaining to the credit of the fund of  
the Province of New Brunswick will  
have been reduced to a very few thou-  
sand dollars. At the present time the  
calls of the whole province amount to  
probably \$17,000.00 per month, of  
which the section controlled by the St.  
John branch calls for about \$17,000.00  
per month. It is estimated that it will  
require under the present conditions  
at least \$200,000.00 for the present  
year to provide for the needs of the  
province, and should the recruits be  
increased as rapidly as is anticipated,  
undoubtedly very much more than this  
amount will be needed.

The amount contributed during the  
first year of the war in the whole Do-  
minion was four and one-half millions,  
or an average of about 55c. per head.  
The average amount contributed in the  
Province of New Brunswick was about  
40c. per head. This was much lower  
than the general average, but was not  
the smallest average of the provinces  
of the Dominion.

**Some Hard Facts.**

Since last November there have  
been discharged, transferred to other  
branches, struck off for one cause or  
another, and sent to England about  
150 families.  
Of the number on the roll of the St.  
John branch a little over 500 are in  
the city, the balance in other parts of  
the province.

**SYSTEMATIC CANVAS TO**  
**AID THE PATRIOTIC FUND**  
First Steps Toward Organization of Permanent Com-  
mittee Taken at Meeting Held Yesterday  
Afternoon.

At a meeting held in the Board of  
Trade rooms at four o'clock yesterday  
afternoon the first formal action to-  
wards the permanent organization of  
a committee which will carry on a sys-  
tematic canvas in aid of the Patriotic  
Fund was taken. This was a meeting  
of the original committee of one hun-  
dred called by Judge Forbes as chair-  
man of the Patriotic Association Ex-  
ecutive, and was attended by quite a  
number of citizens as well as by num-  
erous members of the Ladies' Auxil-  
iary who had been holding their regu-  
lar fortnightly meeting in the same  
building.

Judge Forbes briefly outlined the  
purposes of the meeting referring to  
previous sessions which had been  
held leading up to this affair. He  
touched on the needs of the Patriotic  
Fund and on the suggestions which  
had already been made and asked the  
meeting to proceed to the permanent  
organization of a committee to carry  
on this campaign.

Dr. A. P. Barnhill in a brief address  
moved that a permanent committee to  
consist of representatives of the  
Board of Trade, the Knights of Colum-  
bus, the Automobile Association, the  
Rotary Club and the Patriotic Asso-  
ciation, with power to add to their num-  
ber, be appointed to form an execu-  
tive, which will devise and carry out  
the best possible plan of raising money  
for the Patriotic Fund. This motion  
was seconded by Senator Thorne and  
unanimously adopted.

**What New Brunswick Must Do.**  
Senator Thorne in seconding the re-  
solution spoke of what had already  
been accomplished, of how this pro-  
vince had contributed with a fair mea-  
sure of generosity—in men and money  
—but that in view of the importance  
of the struggle in which the Empire  
is engaged it was absolutely necessary  
that a great deal more should be  
done. Persons of all classes have con-  
tributed to the cause of the Empire,  
but even greater sacrifices must be  
made. New Brunswick has done some-  
thing, but it will be a disgrace if this  
province falls in the future to amply  
provide for the families of those at the  
front. Naturally there are a great  
many men of comfortable means or  
even of some wealth throughout New  
Brunswick who should make every  
possible sacrifice and who will no  
doubt do so when called upon. During  
the past year the ladies composing the  
numerous organizations created for  
patriotic purposes have done magnif-  
cent work. They have devoted their  
time and their labor towards ends of  
importance, and there is no  
doubt but that their efforts have  
been warmly appreciated. In view of  
the fact therefore that the Patriotic  
Fund, which is of supreme importance,  
must take first place, it is imperative  
that we devote our earliest attention  
to this and, secondly, to the Red  
Cross.

**How the Fund Stands.**  
Previous to Dr. Barnhill's motion, C.  
B. Allen, secretary of the Patriotic As-  
sociation for the St. John district, had  
made a report on the condition of the  
fund. Particulars of the information  
given by Mr. Allen are found else-  
where in this paper, but from his re-  
marks it was clearly shown that the  
fund is urgently in need of further  
contributions, and that a very large  
amount will be required during the  
present year. It was on the sugges-  
tion of John E. Wilson that Dr. Barn-  
hill added to his resolution authority  
to the committee to add to its num-  
bers, as Mr. Wilson believed that all  
patriotic organizations and other  
bodies should be given opportunity to  
co-operate with the executive.

**Your System Demands**  
an occasional corrective to insure  
good health and strength. Success  
is almost impossible for the weak  
and ailing. Enjoyment is not  
for the sick. Impaired health  
and serious sicknesses usually  
begin in deranged conditions of the  
stomach, liver, kidneys or bowels.

**Beecham's Pills**  
are recognized all over the world to  
be the best corrective of troubles  
of the digestive organs. They tone  
the stomach, stimulate the liver,  
regulate the bowels. They cleanse the  
system, purify the blood and  
act in the best and safest way

Proposals submitted at  
meetings yesterday but  
no agreement reached —  
Another conference today

Although the difficulty between the  
city and the St. John Railway Com-  
pany was the subject of conference  
yesterday an arrangement has not yet  
been reached.  
A conference was held in city hall  
yesterday morning at which Mayor  
Frink, Commissioner Wigmore and  
Commissioner Potts with Hon. J. B.  
M. Baxter, city solicitor, represented  
the city and Fred K. Taylor, K. C., ap-  
peared for the railway company.  
At that conference proposals were  
made by Commissioner Potts and Mr.  
Taylor. Mr. Potts' proposal was that  
the street railway company should  
take over the public works depart-  
ment employees and street plant and  
finish the Main street work, the men  
to be paid by the railway company.  
After the dispute had been decided  
by the courts the city would be will-  
ing to pay whatever proportion of the  
expense of such work the court order-  
ed.

**Vigorous Effort Necessary.**  
New Brunswick has a population of  
three hundred and fifty thousand or  
approximately seventy thousand fam-  
ilies. Supporting that twenty thousand  
of these families are not in a position  
to subscribe, there remain at least fifty  
thousand families who are able to  
pay something and twenty-five cents  
per month from each of these families  
would have, in the past year, amount-  
ed to the total sum raised in New  
Brunswick. For the coming year fifty  
cents a month or six dollars per  
year from each family will produce  
three hundred thousand dollars. The  
fund has already received a number  
of large subscriptions but far more  
vigorous efforts will be required this  
year than last. In view of the fact  
that other funds have been so gener-  
ously supported and that the Patriotic  
Fund for the assistance of dependents  
of soldiers overseas has such a pres-  
sing claim on the people of our pro-  
vince, it is desirable that we should  
give it our earliest attention.

**Committee Chosen.**  
The committee appointed by the  
Board of Trade consists of Messrs.  
R. B. Emerson, J. Hunter White, W.  
K. Gange, with the president, J. A.  
Likely and the secretary, R. E. Arm-  
strong.

The Patriotic Fund executive have  
selected Senator Thorne, Dr. A. P.  
Barnhill, L. P. D. Tully and the sec-  
retary-treasurer, C. B. Allen. Senator  
Thorne has been chosen chairman of  
this joint executive.

The Rotary Club will meet at once  
and will select its representatives and  
the Automobile Association will do the  
same.

**DOING ITS PART IN**  
**CAUSE OF EMPIRE**

**Former editor of The**

**Thorne.**

In a letter from S. Dunn Scott of  
Vancouver, former editor of The Stan-  
dard, to Senator Thorne, received a  
few days ago, Mr. Scott says among  
other things: "War of course is the  
main thing here. About seven thou-  
sand men have gone from this city  
and neighborhood and twelve hun-  
dred families are visited by the Patri-  
otic Guild. You will perhaps have  
heard that Capt. Geo. Bowie, who was  
to have married my daughter Alice  
had been returned, was killed in France  
and was a fine, honorable, capable fel-  
low, a first-class architect with just  
one weakness and that one with which  
you would sympathize—he was a most  
enthusiastic Free Mason."

"George had been an officer in the  
militia, but he joined as a private, be-  
came a sergeant at Valcartier, Lieuten-  
ant in France and was promoted to  
captain on the battlefield after he had  
done fine work in command of de-  
achment when his superior officers  
had fallen. He was killed by a sniper  
while sketching and making plans for  
some trenches."

"Our boy Cecil is a driver in the  
Second Artillery Brigade and his corps  
has lost heavily, but up to three weeks  
ago he had escaped unharmed. His  
younger brother Gordon is at Shorn-  
cliffe in the 29th Battalion, and Sid-  
ney, who is employed on the New  
Advertiser, says he will enlist in the  
next contingent. The youngest Mor-  
ley, now aged eighteen years, would  
go if he were encouraged and if the  
war lasts as long as seems likely, I  
think we must make up our minds  
that all Canadians must go who are  
able to go."
