Edison Spent Three Million Dollars for You

To develop a phonograph which would give you, in your home, the literal RE-CREATION of Music, Thomas A. Edison spent Three Million Dollars in research. The result was the Official Laboratory Model of

The NEW EDISON

"The Phonograph with a Soul"

This wonderful instrument has been compared more than two thousand times in public with more than forty different great artists—singers and instrumentalists—and in each instance its RE-CREATION of the singer's voice, or instrumentalist's performance, could not be told from the original.

We are prepared to sell you today, for \$431, an exact duplicate of Edison's Three Million Dollar Phonograph. You may even have extended terms of payment, if you desire that accommodation. First of all, however, we want you to hear this wonderful new instrument. May we have the pleasure of demonstrating to you that Music's RE-CREATION is a reality and not merely a fanciful phrase?
