

## GOVERNMENT OF CANADA ACTIVE IN FIGHTING TUBERCULOSIS AMONG EX-SERVICE MEN

More Accomplished During Last Four Years in Combatting the Disease Than Was Ever Accomplished in All of the Pre-War Years.

Ottawa, April 10.—The treatment of tuberculosis among members and ex-members of the C. E. F. has since the organization of the Military Hospitals Commission in 1915 engaged the active attention of the Government of Canada. When the problem was first confronted there was little accommodation for this class of patient and the scope of the work was limited. Thanks to the activity of the medical and administrative officers of the Department of Soldiers' Civil Re-establishment, together with the co-operation of the men engaged in the treatment of this disease throughout Canada, more has been accomplished during the past six years than under pre-war conditions would have been possible in twenty.

Owing to the insidious nature of this disease the exchange of views as to methods of treatment, occupational therapy, sanatorium control and discipline, after-care, etc., between the men handling the problem and those charged with the general administration of the work has been found to be necessary. For some years past there have been annual conferences held with the superintendents of Canadian sanatoria and great benefit has resulted, both to the ex-soldier and civilian patients of these institutions.

Such a conference has been held in this city. The programme has covered many subjects of interest, the following being the main items discussed: Etiological association of service conditions and basis of recognition that tuberculosis is due to or aggravated by service; a study of the disease as active more than twelve months post discharge.

Classification of pulmonary tuberculosis. Principles and main essentials of sanatorium treatment. Standardization of methods, duration and conditions determining patients' discharge.

Hetero-therapy and artificial light therapy in the treatment of surgical tuberculosis. Sanatorium as diagnostic centre and for the treatment of non-tuberculous pulmonary conditions.

Standardization of sanatorium accounting. Economy in the purchase of supplies. Serum tests and laboratory work generally. Conduct of patients undergoing treatment.

## VATICAN CRITICIZES RECENT MANDATES

Not Satisfied With Control of Holy Places in Palestine.

Rome, April 10.—The Vatican is not satisfied with clause 14 of the Palestine mandate concerning control of the holy places and will probably use its influence to change it when the mandate comes before the next meeting of the League of Nations for ratification. Dr. Chaim Weizmann of London, president of the Zionist Organization of the World, told your correspondent, after an interview with Cardinal Gasparri, the papal secretary of state. The change in question puts in charge of these sites an interreligious commission, including representatives of the Catholics, Protestants, Greek Orthodox, Armenians, Georgians, Jews and Mohammedans. Cardinal Gasparri thinks the commission so composed will be unable to do anything, because the interests represented are so conflicting and believes the Catholics should have the larger representation.

Another and greater difficulty facing the ratification of the Palestine mandate given England, Dr. Weizmann says, is the opposition of the American Government, due to the Moslem oil question, as the Mesopotamian and Palestine mandates have been linked together. The British, he declares, are willing to have the two considered separately, and if Washington agrees to this, as the Zionists are urging, the Department of State to urge the Palestine mandate probably will be approved. The uncertainty concerning the mandate he considers one of the chief sources of trouble for the Zionists in Palestine. In the past two years, he said, 100,000 Jews, chiefly from Poland and Russia, had settled in Palestine, and were continuing to arrive at the rate of 1,000 per month. Dr. Weizmann, who may be given an audience by the Pope soon regarding the Palestine question, intends going to Genoa to represent Zionist interests.

## Grandma Never Let Her Hair Get Gray

She Kept Her Locks Dark and Glossy, With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so easily. Preparing this mixture, though, at home is messy and troublesome. At little cost, you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wool's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no sign of a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wool's Sage and Sulphur Compound, and look years younger.

## Afghanistan Envoy To Great Britain

Sirdar Abdul Hadi Khan  
Youngest Member of Diplomatic Corps in London.

London, April 10.—(Special.)—The first diplomatic envoy of Afghanistan to Great Britain, Sirdar Abdul Hadi Khan, has taken up his quarters in London. He is only thirty and the youngest member of the diplomatic corps, a distinction previously held by Dr. Wallington Koo of China.

The minister and his staff wear English clothes and look more like Spaniards than representatives of a hermit kingdom of Asia.

Sirdar Abdul told an interviewer that three newspapers were now published in Afghanistan, all evening papers, and that there were also about a dozen weekly papers and magazines.

Chief Justice Hazen, and that a new decree be made, or that said decree be varied.

## Instability of Chilean Cabinets Cause of Evils

Santiago, April 8.—Instability of Chilean cabinets is largely responsible for the "great evils now besetting the country," President Alessandri said in a communication to members of his latest official family in which he asked them to withdraw their resignations, given last month after a motion of lack of confidence was rejected by the Chamber of Deputies.

The president has taken the stand that cabinets should only resign in face of a frank vote to that effect in parliament.

Observers of politics here agree that the ministerial crises usually are provoked through personal pique or, as one publication expressed it, with the "deliberate intention of opening the way for a scramble for office." Three ministries have come and gone in President Alessandri's first year in office while there were 18 different cabinets.

## Apply Sulphur On Your Eczema Skin

Costs Little and Overcomes Trouble Almost Over Night.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Menthosulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve torment without delay. Sufferers from skin trouble should obtain a small jar of Menthosulphur from any good drugist and use it like cold cream.

During his predecessor's term, the newspaper, El Mercurio, bitterly attacks the methods of "plotting the fall of the government" which it says is creating parliamentary anarchy.

## Boston Patrolman Shot In Leg By Man Who Escapes

Arlington, Mass., April 10.—Patrolman Francis J. Philbrick of the Metropolitan police was shot in the leg early today when he and two other officers questioned a man whom they had found in company with a young woman in an automobile parked on the Mystic parkway. The man leaped from the car and escaped.

The girl was held as a material witness.

The young woman, Sarah Doyle, of Medford, was released in \$2,000 bonds late today. The police learned she left an ice cream parlor in Somerville, where she was employed, at 11:30 o'clock last night and went for a ride with the young man who later shot Philbrick.

It was found that the number plate on the automobile had been stolen from another car.

## ITCHY ECZEMA ON HEAD AND FACE

In Pimples. Could Not Sleep. Cuticura Heals.

"For about twenty years I suffered with eczema on my head and face. At first it broke out in pimples and after a while became red and scaly. The itching and burning were so severe that I scratched and scratched the affected parts, and at night I could not sleep because of the irritation."

"I tried different treatments but nothing helped. I began using Cuticura Soap and Ointment and after using four cakes of Cuticura Soap and four boxes of Cuticura Ointment I was healed." (Signed) Mason Davis, 13 Dresser St., Southbridge, Mass., May 12, 1921.

Improve your skin by daily use of Cuticura Soap, Ointment and Tablets. Send for Free Booklet. Address: "Cuticura," Dept. 104, P. O. Box 104, Lowell, Mass. 01850. Cuticura Soap always without fail.

# A Business Statement that is a Great Human Record

## HOW WAS IT DONE?

Records kept by the Metropolitan Life Insurance Company show an extraordinary decrease in the death rate among its Industrial, or weekly premium, policy-holders. Comparing 1921 with 1911, for example, there were 55,000 less deaths in 1921 than there would have been if the 1911 death rate had prevailed.

What brought about the great saving of life?

The general public health movement—progress in medical science and sanitation—other causes, perhaps. But a very great factor has been the tremendous health campaign carried on by the Metropolitan itself. This page tells a part of the story.

## FOR THE PUBLIC HEALTH

144 health exhibits and emergency hospitals at county fairs last year; 295 "Clean-up" campaigns; agitation by Agents for health legislation; widespread campaigns against special diseases; sickness and mortality surveys; a study of municipal health departments; leadership of practically all American research work relating to influenza—these are some instances of the Metropolitan's activity in the interest of public health.

## GREAT DECLINE IN DEATH RATES

The death rate among Industrial policy-holders reached its lowest point in 1921—51.9% lower than in 1911. The rate from typhoid decreased 71%; tuberculosis, 69%; Bright's disease, nearly 50%; infectious diseases of children nearly 37%. The "Expectation of Life" of white males (reckoned from age 10) increased 4 years.

## PUBLIC APPRECIATION

The people of the United States and Canada have made the Metropolitan the greatest life insurance company in the world, with \$7,005,707,839 in assets.

It ranks not only in total assets but in Ordinary. More than half of its business is for its Ordinary—\$3,892,267,272—which is more than that of any Company in the world.

About 30% of its Canadian business is Ordinary—\$229,524,579 at the end of 1921.

## NO MONEY TAKEN OUT OF CANADA—A REAL CANADIAN COMPANY

The Metropolitan's total investment in Canada at the end of 1921 was nearly \$71,000,000. This amount added to the sum paid in death claims, matured endowments, dividends and other payments to policy-holders, and in addition these payments to Canadian citizens for education expenses and loans since the Metropolitan commenced business in Canada, November 1915, exceeds by \$28,000,000 the amount received by the Company in premiums from Canadian policy-holders.

## THE FUTURE

The Metropolitan will continue its endeavor to offer the best there is in life insurance, and to save human life. Continued growth will give the Company still greater opportunities for service in insurance protection and in the conservation of life and health.

# METROPOLITAN Life Insurance Company

A MUTUAL COMPANY

HALEY FISKE, President FREDERICK H. ECKER, Vice-President

## Business Statement, December 31, 1921

Assets -	Larger than those of any other Insurance Company in the World.	\$1,115,583,024.54
Increase in Assets during 1921 -	Larger than that of any other Insurance Company in the World.	\$134,660,937.37
Liabilities -	-	\$1,068,341,945.04
Surplus -	-	\$47,241,179.50
Income in 1921 -	-	\$304,982,699.39
Gain in 1921 -	Larger than that of any other Insurance Company in the World.	\$38,462,919.41
Total Insurance placed and paid for in 1921 -	More than has ever been placed in one year by any other Company in the World.	\$1,564,780,607
Gain in Insurance in Force in 1921 -	Greater than that of any other Company in the World.	\$625,695,325
Total Amount of Outstanding Insurance -	Larger than that of any other Company in the World.	\$7,005,707,839
Ordinary (that is, exclusive of Industrial), Insurance in Force -	Larger than that of any other Company in the World.	\$3,892,267,272
Number of Policies in Force December 31, 1921 -	More than that of any other Company in the World.	25,542,424
Number of Policy Claims paid in 1921 -	Averaging one claim paid for every 27 seconds of each business day of 8 hours.	323,531
Amount paid to Policy-holders in 1921 -	Payments to policy-holders averaged \$430.16 a minute of each business day of 8 hours.	\$1,348,472.96
Dividends to Policy-holders payable in 1922, nearly -	-	\$16,000,000
Amount paid Policy-holders and Beneficiaries since Organization, plus Amount now Invested for their Security -	-	\$2,647,692,135.07

## GROWTH IN TEN-YEAR PERIODS

Year	Income for Year	Assets at End of Year	Surplus at End of Year	Number of Policies in Force at End of Year	Outstanding Insurance at End of Year	Year
Dec. 31, 1911	\$11,428,494.00	\$101,212,948.21	\$3,099,333.18	2,981,640	\$682,367,763	1911
Dec. 31, 1921	\$31,017,168.50	\$1,115,583,024.54	\$47,241,179.50	25,542,424	\$7,005,707,839	1921

The Company issues policies from a Hundred to a Million Dollars of Insurance. In fact, its Ordinary is now larger than its Industrial.

## IN CANADA

Metropolitan has more insurance in force than any other company - \$445,674,174  
Metropolitan placed in 1921 more than any other company - \$104,353,067  
Metropolitan has more Canadian securities on deposit with Dominion Government and Canadian trustees than any other company - \$35,069,650  
Metropolitan has invested in Canadian bonds over - \$58,500,000  
nearly \$35,000,000 being War Bonds.  
Over 1,700,000 Metropolitan policies are held by Canadians.  
The Metropolitan has about 1,600 employees in Canada.

## EXCHANGE

Canadian policy-holders of the Metropolitan are in no way affected by the rates of exchange between the two countries, because all premiums on policies in force in Canada are payable in Canadian funds.

## DISCOVERING DISEASE IN TIME

Free medical examinations, often disclosing incipient disease in time to cure it, are granted to Ordinary (annual premium) policy-holders, subject to reasonable conditions.

## HELPING THE EMPLOYEE TO HELP

Employers insuring their employees under Group policies are advised regarding health conditions and accident prevention, while the employees receive the benefits of nursing service and welfare literature.

## 238,000,000 COPIES OF LITERATURE

Attractive booklets and pamphlets in great variety, dealing with the important phases of health and disease, and prepared by leading experts, are distributed broadcast. So far, 238,000,000 copies have been distributed—25,000,000 in 1921. The number distributed in CANADA in 1921 was nearly 3,500,000.

In addition, 28,000,000 copies of The Metropolitan, a health magazine, are issued annually—1,500,000 copies, in English and French, being distributed in Canada.

## A CITY THAT IS WATCHED

In Frankingham, Mass., the Metropolitan is leading the way in a great experiment, watched by health authorities everywhere, to demonstrate what proper municipal health regulation can do. Deaths per annum from tuberculosis have dropped from 121 per 100,000 to 40.

## Captain Amundsen's Monoplane Falls

Was on First Lap of Trans-Continental Flight — No One Injured.

Cleveland, April 10.—Captain Roald Amundsen's monoplane, which left New York this morning for Cleveland on the first lap of a trans-continental flight, was wrecked at Moha, Pa., this afternoon, according to a message received here today by Charles A. Otis, local broker, from Horace Gade, his New York manager, and one of the party. The telegram said no one was injured, and that Mr. Gade would reach Cleveland by train tonight.

## Docket Court of Appeal, April Term

Frederick, N. B., April 10.—Court of Appeal, April session 1922.

Motion Paper  
1—Ex Parte John A. Howard. In re-election of Robt. B. Crossman.—Mr. G. H. V. Byles, K. C., to move for a rule nisi for quo warranto.  
2—Ex parte the same. In re-election of Reuben E. McLeod.—The like.

Crown Paper  
1—The King vs. W. Limerick, police magistrate, Fredericton, ex parte W. Burdett. Mr. P. J. Hughes, the like.

2—The King vs. R. J. Ritchie, police magistrate, St. John, ex parte Percy H. Hand.—Mr. W. B. Wallace, K. C., the like.  
3—The King vs. The Honorable J. H. Barry, ex parte H. D. Lindsay.—Mr. P. J. Hughes, the like.  
4—The King vs. Leslie O'Brien.—Mr. L. C. Hand, for defendant, to argue case stated by the police magistrate of Moncton, under section 761 of the Criminal Code.

Appeal Paper  
Divorce Court:—

1—McDonald vs. McDonald.—Hon. J. R. M. Baxter, K. C., for plaintiff, to support appeal from Court of Divorce and Matrimonial Causes.

King's Bench Division  
1—Ambrose Boot & Shoe Co., Ltd., vs. Carter.—Mr. R. A. Bell, K. C., for plaintiff, to support appeal to set aside verdict for defendant, and to enter verdict for plaintiff, or for a new trial.

2—Rundell vs. McIntosh Lumber Co.—Hon. J. R. M. Baxter, K. C., for, to support appeal to set aside verdict for defendant, and to enter verdict for plaintiff, and to enter verdict for plaintiff, or for a new trial.  
3—Knox et al., by next friend vs. Spence.—Mr. H. A. Powell, K. C., for defendant, to support appeal to set aside order of Chief Justice McKeown on points of law in favour of, and that a new order be made, or that said order be varied.

4—Camrack vs. New Brunswick Power Co.—Mr. R. Taylor, K. C., for defendant, to move to set aside verdict for plaintiff and to enter verdict for defendant, or for a new trial.

Chancery Division  
1—Amundsen et al. vs. McCusker et al.—Mr. W. R. Scott, for plaintiffs, to support appeal to set aside decree of
