Receiving Mr. William Proudfoot,
His Reward erstwhile leader of the Liberal party in Ontario, has been made a Senator by the Union Government.

Mr. Proudfoot had been rejected by his province, rejected by his party and rejected by the people of his riding in the recent election.

He is now made a ruler over the people who have said they have no confidence in him.

Thus do our lords and masters apply the principles of democracy and representative government.

Having been a faithful servant of Mr. Rowell, Mr. Proudfoot receives his reward.

With the latter gentleman it was clearly a case of "Heads, I win; tails, you lose."

Easy On Just now the people of Canada and the United States are burning three times as much coal as is being mined. We are waiting for the Toronto Globe to suggest that we burn ashes. Our readers will remember the ashes-burning foolishness of some ten or twelve years ago, the Globe, even then, being the most easily fooled individual in Canada.

Common Passes On Saturday the House Grand Trunk Bill of Commons gave its approval to the bill providing for the acquisition of the Grand Trunk Railway, as amended by the Senate.

We believe absolutely in the nationalization of railways, but there is grave reason to believe that in this case Canada will pay at least 100 millions more than the road is worth. Three arbitrators will decide as to the value of the 180 millions of preferred and common stock, which, according to the Drayton-Acworth report, is worth practically nothing. It is disquieting to know that the Minister of Railways declared in Parliament that the arbitrators should deal "generously" with the stockholders. This is not a case for generosity, but for a plain, square, business deal.

We hope to see public ownership of railways given a fair chance for success. The Grand Trunk is necessary to make the C.N.R. a success. The rejection or amendment of the present bill would have resulted in a better and fairer bargain for Canada, as the G. T. R. is about at the end of its tether financially.

Heavy Liability The Grand Trunk, with its step-child, the Grand Trunk Pacific, has liabilities of more than \$500,000,000, all of which the country now assumes. The value of the assets is not known, as no valuation has been made by the Government. It was a good deal like buying a pig in a poke.

Let us hope the arbitrators will make a reasonably low award. If they do not, then public ownership will have an unnecessarily heavy load to carry.

Seventy-five years ago it was not unusual for a formal English breakfast to last for two hours, while a dinner might start at eight-thirty and be protracted till midnight. And the courses were as many and substantial as the meals were lengthy.

STRENGTHENING THE RESERVES

During the war everyone learned more or less to think in military terms and apply them to the public and private problems of the day. Thus, when the phrase "Strengthen the Reserves" used to fall from the lips of Foch and Haig we knew what it meant; namely, that no great enterprise can be carried on, without ample reserves to meet every possible contingency.

The command that is going out from General Drayton, General White and the other captains of Canada's finances to-day is "Strengthen the Reserves." Canada is face to face with a great fight to secure and hold the share of the world's trade to which her resources and machinery of production entitle her. She has also to battle with great domestic problems before conditions for the returned soldiers will be restored to the condition of stability and contentment. She cannot win these battles without strong financial reserves. Every solicitor for the sale of Victory Bonds is an officer in the campaign and is endeavoring to organize the country for a great economic effort to maintain her present position of prosperity and heavy exports at good prices. If you hoard or waste money with which you could buy Victory Bonds you are helping to exhaust the reserves, and are shirking your duty. To quote another war-phrase, it is necessary for every Canadian to "do his bit" according to his means, or see his country outstripped in the race.

TO-DAY'S EVENTS

Observance of Martinmas.
Armistice Day, the first anniversary of the ending of hostilities in the great war.

The State of Washington is thirty years old to-day having been admitted to the Union on Nov. 11, 1889.

King Victor Emmanuel III, who led Italy to victory in the world war, celebrates his 50th birthday to-day.

His Excellency the Duke of Devonshire to-day enters upon his fourth year as Governor-General of Canada.

By legislative act or gubernatorial proclamation more than half the States will observe Armistice Day as a holiday.

In Canada Armistice Day is to be widely celebrated under the auspices of the Great War Veterans' Association.

Armistice Day is to be celebrated in France by a military pilgrimage, over which the Archbishop of Rheims will preside.

The President of the French Republic and Mme. Poincare are to arrive in London to-day as guests of King George and the British nation.

TO-DAY'S ANNIVERSARIES

1882—Closure was first introduced into the British House of Commons.

1887—The construction of the Manchester Ship Canal was begun.

1889—President Harrison issued a proclamation admitting Washington into the Union as the forty-second State.

1894—Impressive funeral services were held at Moscow for the late Emperor Alexander III, of Russia.

1914—Dixmude was captured by the Germans.

1915—Great Britain closed the Suez Canal to merchant-ships for military reasons.

On all the great lakes of China are found floating islands, which are enormous rafts of bamboo overlaid with earth, and bearing on the surface of the water pretty houses and gardens. They are in fact aquatic farms, bearing crops of rice and vegetables.

A curiosity of Nicaragua is a soapy lake. This sheet of water, the Lake of Nejpa, contains a strong solution of bicarbonate of potash, bicarbonate of soda, and sulphate of magnesia. The water, when rubbed against any greasy object, at once forms a good lather. It is used as a hair-wash and enjoys a local reputation as a cure for external and internal complaints.

Visitors to Samoa are much puzzled at first by the fact that many boys bear feminine names, while girls as frequently have masculine names. This confusing use of names is not due to ignorance, but in reality is the result of a highly poetic native custom. Thus if a girl is born soon after the death of a brother the latter's name is given to her, in the belief that his spirit and all his good qualities have been transferred to her. On the other hand, if a boy is born after the death of a sister he takes the latter's name, and, as the Samoans believe all her lovable traits become his.

Thereupon the young man arose, took six cigars from his upper waistcoat coat pocket, laid them carefully on the piano, and then advanced toward the girl passionately, his arms outstretched.

But the girl drew back. "You have loved before," she said.

WOMEN AS BRAVE AS THE MEN

Their Struggle Shows a Remarkable Spirit.

Talk of the bravery of men, but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but, oh, how miserable.

The burden and misery of it all has its foundation in the blood which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferrozone Tablets after each meal. You'll feel better immediately for the simple reason that Ferrozone renews the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferrozone working through your blood. It puts color into faded cheeks, brightens the eye, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferrozone does is to make you eat lots and digest it as well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood you're bound to regain robust health. Any sickly girl or ailing woman that Ferrozone won't make well must be incurable. There is a secret power in Ferrozone and it is worth a trial at all events. Fifty cents per box, six for \$2.50. At all dealers in medicine or by mail from The Catarhzone Co., Kingston, Ont.

WHEN MEALS DON'T FIT

"Pape's Diapiesin" is the quickest indigestion and stomach relief.

When meals hit back and your stomach is sour, acid, gassy, or you feel full and bloated. When you have heavy lumps of pain or headache from indigestion. Here is instant relief! Just as soon as you eat a tablet or two of Pape's Diapiesin all the dyspepsia, indigestion and stomach distress caused by acidity ends. These pleasant, harmless tablets of Pape's Diapiesin never fail to neutralize the harmful stomach acids and make you feel fine at once, and they cost so little at drug stores.

On good teeth depend health, appearance and good nature.

Don't harbor destructive germs among your teeth. Use Mennen's Cream Dentifrice. It destroys germs—polishes teeth and keeps the cavities of the mouth clean and healthy.

A SIMPLE WAY TO REMOVE DANDRUFF.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

It is a remarkable fact that the deepest parts of the sea are in all cases very near land.

It is estimated that the oil lost annually by the burning of oil wells is equal to nearly 2,000,000 barrels.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and frugally here are kept busy dispensing freezers, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the finger.

Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of putting corns.

Domestic Diplomacy.

"Your husband is hitting up a fast pace at the punch bowl."

"Well?"

"If I were you I'd call him down immediately."

"That will have to wait until tomorrow. If I quarrel with him now he won't unhook my dress for me and I can't sleep in a ball gown."

Somewhat Slighted.

"After all," remarked Methuselah, "my life has been a great deal of a failure."

"Merely because you kept out of politics?"

"No. But it does seem to me that I've been at least entitled to an occasional interview as to whether or not I attribute my longevity to abstinence from strong drink and tobacco."

Vital Step.

"I have crossed the rubicon," murmured the woman who had just quarrelled with her red-faced cook.

NO COMPARISON.

"Some people are disposed to want to consider the respective qualifications of the Hydro as compared with the Grand River proposition. There is no comparison. The Hydro is a great co-operative movement in which the municipalities assume the risk and get all the profits. The privately owned roads are out to make dividends, the publicly owned line will aim to give service at the lowest cost. In the one we have all to gain; in the other we would have gained nothing except the service, which is no better than the one that will be offered by the Hydro line."

Guelph street railway, connected up to the larger line, looks good for a new lease of life. Go to it!—Guelph Herald.

NO PEACE WITH LENINE AND TROTSKY.

London, Nov. 11.—Great Britain has no intention of opening peace negotiations with Lenin and Trotsky until the House of Commons has had opportunity to discuss the subject, Bonar Law declared to-day, in answering this statement in answering questions with reference to Premier Lloyd-George's speech at Guildhall on Saturday in which he was supposed to have hinted at an attempt to negotiate peace with the Bolsheviks in Russia.

MACKENSEN WILL RETURN HOME

Paris, Nov. 11.—Field Marshal von Mackensen, one of Germany's most successful commanders on the east front in the campaigns against the Russians and Roumanians, is to be permitted to return to Germany from Saloniki. The Supreme Council decided to-day to permit the return of

the Field Marshal, taking into consideration his age and the poor state of his health.

In some parts of China, if a man fails to pay his debts, his creditors carry away one of his doors. It is thought that this permits evil spirits to enter.
