### Guelph Burglars.

Burglars are busy in Guelph, the scene of their operations being the tea warehouse of J.L. Fielding & Co., situated on Stace street.

When Mr. Fielding came down to open the place yesterday morning he saw at once that something was wrong, and started in to make an examination. He found that entrance had been gained to the warehouse through the large window in front. The glass was not broken, but the sash had been cut both at the top and bottom, and finally was raised. There were a few dollars in the till in the office and this was all taken, and an attempt was made to get into the safe, showing that it was not tea they were after, but money. The combination in the door of the safe was chiselled completely off in an attempt to release the burglar, but it was not successful, as the safe door was still locked, and Mr. Fielding has so far been unable to get it open.
