Scientific and Useful.

OIL-CLOTHS can be brightened, after washing, by rubbing hard with a flannel moistened with kerosene.

Figures Cannot Lie.

This has been said by a great many, and believed to be truth. But we are sometimes a little sceptical when distance of some remote planet is given, but never in the least doubt when JOLLIFFY & CO. 47-49 Queen Street, West, have the largest and best stock of Furniture and Carpets in the city.

To make apple float: To each apple, after it is stewed and run through a sieve, put three large tablespoonfuls of sugar and the white of one egg, beaten to a stiff froth. Beat all together with a fork, and flavour with lemon. Allow it to cool.

WORTH REMEMBERING.

Every inspiration of the lungs, every pulse throbs of the heart, every sweep of the arm—even our very thoughts as they speed through the brain, all create waste matter that must be constantly removed, if there is to be that beautiful harmony of functional effort which constitutes health. Nature's remedy is the sure and eminently wise one of expelling, by proper purgation, the humours which cause the disease, and Dr. Pierce's "Pleasant Purgative Pellets" are nature's great ally in the cure of digestive disturbances, and an unfailing remedy for constipation and its pernicious effects.

CHOCOLATE CORN-STARCH.—One quart of chocolate made as for drinking, mixed smoothly with four tablespoonfuls of corn-starch, sweetened well, and mould in little cups; when cold, put them on a flat dish, with a little whipped cream.

BRAIN WORK.

requires for its successful and pleasurable pursuit a full, uniform and continuous supply of pure, rich blood to the brain. If, through the torpidity of the liver, the blood becomes foul with bile, the brain is poisoned and over-stimulated with the excess of blood which the irritated heart sends to it with frantic impulses. Dizziness, heaviness, loss of memory, impossibility of application to any kind of work, reveal the truth. To relieve this, and preserve not only the brain but the whole system in the best working order, Dr. Pierce's "Golden Medical Discovery" will be found invaluable.

TO CLEAN TINWARE.—An experienced housekeeper says the best thing for cleaning tinware is common soda. She gives the following directions: Dampen a cloth and dip it in soda and rub the ware briskly, after which wipe dry. Any blackened ware can be made to look as well as new.

Deep Sea Wonders.

exist in thousands of forms, but are surpassed by the marvels of invention. Those who are in need of profitable work that can be done while living at home should at once send their name to J. H. Jett & Co., Portland, Maine, and receive free, full information how either sex, at all ages, can earn from \$5 to \$25 per day and upwards, wherever they live. You are started free. Capital not required. Some have made over \$50 in a single day at this work. All succeed.

STARTLING YET TRUE.—In the midst of the great political battle now raging so fiercely throughout our fair Dominion, it is certainly a startling fact that no amount of politics to the square foot will prevent the suffering caused by general debility or nervous and blood diseases, now so common among us. It is a fact though that these ailments and many others, especially those common to the female sex, can be cured by the use of a new and cheap device just introduced into Canada by the Oriental Medicated Electric Belt Company. This consists of an electric belt, so simple in its construction, that it can be worn at all times without the slightest inconvenience, and so cheap that it is brought within the reach of all. The company's headquarters are at No 3 King Street West, Toronto, where they invite inspection of their electrical appliances, and give the best of references.

BREAKFAST DIET.—Chop scraps of boiled ham fine, and heat by throwing them into a hot frying pan. Beat two or more eggs, according to the quantity of ham, and pour into a hot, buttered pan on the stove; when it is brown on one side, spread the ham on half of it and turn the other half over it.

Food for Consumptives.
Scudder's Emulsion of Cod Liver Oil with Hypophosphites, is a most wonderful food. It not only gives strength and increases the flesh, but heals the irritation of the throat and lungs. Palatable as milk and in all wasting diseases, both for adults and children, is a marvellous food and medicine.

CATARH. CATARRH. DEAFNESS AND HAIR FEVER.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved it to be a fact, and the result is that a simple remedy has been formulated whereby catarrh, catarrh of the nose, and hair fever are cured in from one to three simple applications made at home. Pamphlet explaining this new treatment is sent free on receipt of stamp, by A. H. Dixon & Son, 315 King Street West, Toronto, Canada.—Christian Standard.
