

CONVENT OF THE HOLY NAMES OF JESUS AND MARY.

A Pleasing and Marvellous Record from a City Educational Institution.

Testimony of the Highest Possible Character.

Paine's Celery Compound and Its Good Work.

The Sisters Call it the "Wonder-working Medicine," and Strongly Recommend Its Use.

No medicine in the world has ever earned or received the high and unstinted praise that has been justly accorded to Paine's Celery Compound. Testimonials (many of them of uncertain authenticity and questionable veracity) appear each week, advocating the use of medicines, worthless and of no value to the sick and suffering.

Paine's Celery Compound stands on a summit of fame, far removed from all the deceptive medicines of the day. Its letters of testimony come from the best people, and from institutions whose names are synonymous with honor and uprightness.

Among the large and noted institutions whose people have been blessed by the curing and healing virtues of Paine's Celery, is the "Convent of the Holy Names," in the city of Montreal.

This thorough and magnificently equipped institution of learning, is amongst the largest of

the kind on this continent, and has over thirty branch houses in Canada and the United States.

After a thorough trial of Paine's Celery Compound in the head house, by sisters who suffered from the troubles that make human life miserable, and seeing the truly grand results—health, vigor, strength and strong nerves—it was deemed advisable in the interests of suffering humanity, to make a declaration that would give comfort, assurance and hope to all sufferers in the land. The sisters have kindly and graciously written as follows:—

"We feel it a duty to add our testimony in favor of your 'wonder-working' Paine's Celery Compound. Many sisters suffering from debility, dyspepsia, sleeplessness and indigestion, have been completely relieved after taking it."

"We shall strongly recommend its use in all our houses, as the best medicine to restore health, and give tone and vigor to the nervous system."

HEALTH AND HOUSEHOLD HINTS.

Rub patent leather tips of shoes occasionally with sweet oil applied with a bit of flannel; it will keep them looking like new.

Ginghams and colored goods will look much clearer and brighter if rinsed in salted water, especially if the colors have any tendency to "run."

Sick headache can often be alleviated and even cured by a cup of strong black coffee, without sugar, to which the juice of half a lemon has been added.

When the bottoms of your cane-seated chairs sag, wash with hot soapsuds, and place them out of doors to dry, and they will become as tight as ever.

Equal parts of lime water and sweet oil well mixed will form a kind of soap which is very efficacious in taking out or removing inflammation, as well as for healing wounds caused by burns or scalds.

Potato Souffle.—Roast twelve good potatoes and rub them through a coarse sieve; pour a pint of boiling cream, flavoured with the grated rind and juice of one lemon, over the well-beaten yolks of six eggs, and mix lightly into this the whites of the eggs beaten to a stiff froth, and stir it all into the potato; pour the whole into a buttered and papered souffle dish, and bake.

Orange Jelly.—One box of gelatine. Pour on it one pint of cold water. After standing ten minutes add one pint of boiling water, stirring frequently. Put on the stove to simmer slowly until thoroughly dissolved. Take ten medium-sized oranges and two lemons; squeeze out the juice and pulp; strain it and add one quart of granulated sugar. Mix all with gelatine and turn into moulds to stiffen.

Fruit Cake (Plain).—Half a pound of butter and a pound of sugar, beaten to a cream, add the yolks of four well-beaten eggs, stir till light, then add the whites beaten to a stiff froth, then add one-half pound of English currants, flavor with mace, add a light pound of flour in which has been stirred a heaping teaspoonful of baking powder. Bake in a moderate oven. This is very good if eaten fresh.

Baby's Nose.—It is quite common for children to get beans and other hard substances in the nostrils, and about the first thing one does on discovering them is to poke them farther up in frantic efforts to get them out. A remedy that acts like a charm at times is to force the child's mouth open, and covering its mouth with your own to blow very hard. The force will often expel the substance without other trouble. About the safest thing to do is to take the child immediately to the doctor.

Song of the Washboard.

Endless rubbing—tiresome, ruinous, back-breaking; wear and tear on things rubbed; wear and tear

on temper and health; wear and tear on everything—even the washboard itself. It's all done away with, if you use Pearlina. There is no washboard; no rubbing; there's no wear, and there's little work. It's the only sensible way of washing—easy, economical, and, above all things, absolutely safe.

Send it Back. Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearlina." IT'S PAINFUL. Pearlina is never peddled, and if your grocer sends you something in place of Pearlina, he honest 413 JAMES WALKER & Co.

We direct special attention to the following remarkable statement:

For many years I suffered from Catarrh, which destroyed my hearing, and for twenty-five years I was so deaf that I could not hear a clock strike by holding my ear against it. I had tried every known remedy, and nothing gave me the slightest relief. I obtained Dr. Moore's treatment, and in three weeks my hearing began to improve and now I can hear

common conversation across a room, can hear a clock strike in an adjoining room, 30 feet away. I think I am entirely cured, and my hearing permanently restored. EDWIN COLEMAN, Maize, Kas.
