

# Photography Revolutionized

BY NEW INVENTION.

Films, Plates and Dark Room Made Unnecessary.

New Camera Takes Finished Pictures in Two Minutes.

Mr. Edmond F. Stratton, of New York City, has invented a camera that takes and completes pictures ready to see in two minutes. It does away with the expense of buying films or plates and the trouble, expense and delay of having them developed and pictures printed by a photographer.

This camera, which is called the Gordon Camera, is being manufactured by the Gordon Camera Corporation, New York. As they are desirous of making it known in every locality, they are making a special offer to our readers. For a limited time they will sell Model H at \$5.00 and Model B at \$7.00. The regular price of Model H, which takes pictures 3x4 1/2 inches, is \$8.00, and the regular price of Model B, which takes pictures 3 1/2 x 5 1/2 inches, is \$10.00. Whichever one you order, enclose 90 cents additional to cover express charges, sensitized cards and developing powders.

The sensitized cards are wrapped for daylight loading, and the powders make the developing solution to be put into the developing tank, which is inside the camera. Model H is 5 1/2 x 9 1/2 x 10 inches in size and weighs 3 lbs. 7 oz. Model B is 6 1/2 x 9 x 10 1/4 inches and weighs 4 lbs.

The cost of taking pictures with the Gordon camera is almost nothing in comparison to all other cameras. Extra sensitized cards for Model H can be bought for 2 1/2 cents each (cards for Model B, 3 cents each), and 10 cents worth of developer will develop over 40 pictures. The Gordon Corporation sells flash-light lamps for \$1.00, which will enable you to take pictures at night in your own parlor, or out-of-doors.

The operation of this new camera is so simple that any person of ordinary intelligence can easily take pictures with it after reading the directions sent with each one. There is no customs duty to be paid as the Gordon Corporation will ship to you from their Canadian branch, which is near Toronto. All orders and letters, however, must be sent to their office, which is at 634B Stuyvesant Building, New York, N.Y. When ordering a camera under this special offer be sure to mention that you are a reader of THE TORONTO CANADIAN COURIER.

you are putting into that fire." "You do, eh?" said the blacksmith. "Well where is it?"

The chief would not tell. The blacksmith told the Factor about it. The chief was called.

"Look here, Thundercloud," said the Factor, "you fetch in some of that coal and you can have your old gun fixed up at the blacksmith shop without costing you a skin—and a bottle of rum thrown in."

"Ugh!" grunted the chief, and he stalked out.

In April, 1850, when the rivers were running high, the chief came down to Victoria with his canoe loaded with coal. A prospecting party was sent out and located the coal mines of Nanaimo on the spot where the city of Nanaimo now stands.

Hamilton had the first commercial telephone ever installed in the world—in 1877.

## POPULARIZING MANUFACTURES.

LONG years ago some card firm in England got out a series of very beautiful cards with fantastic pictures, to charm the fancy of children and to impress upon their minds what the great towns of England were famous for in manufacturing. It might be a good thing if some firm would do the same for Canada. A new parlour game

W. C. PHILLIPS, TORONTO,  
Chairman Tariff Committee, C.M.A.

might be devised, quite as exciting as "Authors" or "Old Maid." For instance:

What town makes the best clothing in Canada?

How many cities manufacture sugar?

Where is the best fanning-mill made?

How many people are required to make a self-binder?

What town makes the most breakfast foods?

Why are locomotives made in Canada when pins are not?

There might be hundreds of other questions that would be as bewildering to parents as to children. But if the C.M.A. care to start a campaign of popular education they might get up such an interest that even the "movies" would begin to put on factory shows.

There are now two Birminghams of Canada—Hamilton and Galt. Neither but the "Gardens of Canada" are still in the lead.

Bank managers say it is time manufacturers quit doing business by overdrafts and started to sell industrial bonds. A few days ago a bank manager in a small town tried to sell civic debentures in Toronto. He had very poor success. His own bank didn't want to handle them. It will soon be time to revive our first notions of a bank—as a place to store money. What the banker really means must be that the industries of Canada should be merged into trusts. The man with a small factory who wants to make a bigger factory would have a fine time selling his bonds, just because his banker didn't care to take his annual output as security for a few thousands' loan.

# A Million People

Give these stockings and socks the hardest wear hose know. They

Buy Them for Style and consider the 6 months' wear merely an extra advantage. Could any but the best in a product gain such an overwhelming preference?

We are making a wonderful hose in Holeproof. Walk in them, dance in them, play tennis or golf in them.

**Holeproof Hosiery**  
FOR MEN, WOMEN AND CHILDREN

Every stitch is guaranteed for six months; not just heels and toes. Here are hose that will stand the most strenuous sports. We even guarantee, for men and women, three pairs of silk Holeproof Hose for three months.

## Silk From Japan

We could buy common silk for Holeproof. But we send to the North of Japan for ours, for there it is grown as it is nowhere else.

## 74c Cotton Yarn

We could buy ordinary cotton yarn for as low as thirty-two cents per pound. Yet we pay an average of seventy-four cents. Our inspection department alone costs us \$60,000 a year.

For the past thirteen years, since Holeproof were first made, 95 per cent have outlasted the guarantee. The above figures refer to Holeproof as made in the States and Canada. Try it—buy six pairs of Holeproof today. See how they are wearing six months from today.

## Sold in Your Town

The genuine Holeproof are sold in your town. We'll tell you the dealers' names on request, or ship direct where there's no dealer near, charges prepaid, on receipt of remittance. Six pairs of cotton hose guaranteed six months, for men, cost \$1.50 to \$3 per box; for women and children \$2 to \$3 per box; 3 pairs for children, \$1 per box, three pairs guaranteed three months. Several weights; all sizes and colors. Three pairs of silk Holeproof guaranteed three months, for men and women, cost \$2 a box for men, and \$3 a box for women. All colors. Medium Cashmere Socks for Men, 6 pairs \$2—fine Cashmere 6 pairs \$3. Women's fine Cashmere Stockings, 6 pairs \$3. 6 pairs of Cashmere are guaranteed six months. Write for free book, telling all about Holeproof.

## "THE BIRMINGHAM OF CANADA"

# HAMILTON

## ONTARIO'S INDUSTRIAL CITY

Manufacturers should investigate the many advantages this city can give in the way of cheap power with excellent facilities for transportation by rail or water. Hamilton is located in such a position as to make it one of the great distributing points in Canada to-day. We have some very excellent investments in this lively go-ahead city. Some very fine locations in Factory Sites and also Business Sites in the heart of business activities.

For good solid investments you cannot do better anywhere in Canada.
