Hotel Missouri

(RNR/CUP) — After checking out the housing situation at the University of Missouri's Rolla campus, a number of students checked into a motel.

Faced with a severe campus housing shortage, more than a hundred students have taken up residence at a local Holiday Inn. They have a whole wing to themselves, and, for \$110 a month, the students get all the comfort of motel life, minus maid service.

So far, everything seems to have worked out well: the motel gets a high occupancy rate, the students get a nice place to live and the school gets relief from the housing crunch.

A similar program has been started at Eastern Illinois University where one senior says seeing that green and yellow sign if "just like coming home."

Support you local slum

(RNR/CUP) — A study from the Brookings Institute in California claims slums are necessary to urban America, because they provide poor people with a place to live.

Anthony Downs, the author of the study, says middle and upper income people want to distance themselves from the poor, and so create zoning that forces the poor into the oldest, most deteriorated areas.

The situation will change, says Downs, only if poverty is ended or the rich provide enough subsidies to enable the poor to live in decent housing.

Why do you think they're called 'safes'?

Condoms manufactured by Julius Schmid can help keep you safe from an unwanted pregnancy. When used properly, they can help keep you safe from the transmission of venereal disease. And they can help keep you safe from side effects associated with other forms of birth control.

All Julius Schmid condoms are electronically tested to assure dependability and quality. So you'll be safe.

Products you can depend on, products for people who really care.
