

Something is wrong here...

- The federal government's proposed General Sales Tax (GST) would cost each New Brunswick student an estimated \$400 more each year.
- Bill C-33, now before the federal Government, would see the federal contribution to post-secondary education cut by \$900 million over the next 5 years.
- Last summer, student unemployment in New Brunswick was the highest in the Country.
- At \$1875, UNB's tuition is amongst the highest in the country. Most other maritime universities rank similarly.

We believe that all Canadians should have access to a quality post-secondary education at an affordable price. The decline in the funding and quality of our universities must be stopped.

On Wednesday, October 18th, students from New Brunswick universities will march on the provincial legislature to express our displeasure with current policies.

JOIN US - VOICE YOUR CONCERNS.

The group will assemble on the lawn in front of the Student Union Building at 12 noon on Wednesday, October 18th. All students are urged to attend.

UNB Student Union *and*
