

# This is Eve She is Sin

1. Lift and fill for voluptuousness
2. Staple and tuck in that flabby belly
3. Vacuum away that unsightly cellulite
4. Pull in that chin and restructure facial line for a jaw dropping complexion
5. Strip and bleach hair for that perfect blond look
6. Pierce those ears so you can dangle dazzling ornaments
7. Tattoo that eyeliner on so that racoon eyes are a thing of the past

Eve is now a  
real Cosmo girl!
