comes to

Sheridan Mall Southdown Rd.
North of Q.E.W.

MR. J. FIELD
President

Mr. J. Field's Pledge

We at Mississauga Interiors PLEDGE to sell nothing but better quality merchandise, (furniture, broadloom, draperies) at inexpensive prices. We PLEDGE to give you service of a calibre you have never experienced before in the Home-Furnishing field. In our Showroom in Sheridan Mall, we will be in a position to display our furniture in such a way that deciding what you like will be easy.

Our interior design advisors will be on hand to help you choose a piece of carpet for your bathroom or advise you on completely colour and style co-ordinating your entire home. We have decorated some of the most prestigious hotels and offices in North America, and because of this great involvement in commercial decorating we can PLEDGE better quality. We can PLEDGE the best in service and knowledge. And because we know how to buy we can PLEDGE the best quality merchandise available for very inexpensive prices. And because of your patronage in the past 4 years, we can offer you one of the most modern showrooms that has ever displayed furniture in eastern Canada.

Furniture Must Go!

Over 2 months ago we bought 4 months worth of furnishings for our new store. With construction delays, etc., our opening was postponed. We are now posed with the problem of selling in 2 months what we initially proposed to sell in 4 months. How will we do it? Simple! We are cutting the prices of brand name goods, Kroehler, Knechtel, Craflon, Sclar, Harding, Armstrong and many more at unheard of prices. Drop in and see how many hundreds of dollars you can honestly save by taking advantage of our disadvantage.

We Have NO Salesmen!

Suprised? A lot of people are. But we do not use salesmen in our stores. We use Graduate designers and interior decorators who do nothing but advise you as to what would look best in your home.

If you are looking for a fast talking, hard selling

salesman who can get you in and out of a store \$2,000 shy, I'm afraid you won't find him with us. But if you want time to browse around with someone on hand when you need advice, then step into the new dimension in Household-Furnishing, Mississauga Interiors.

At Mississauga Interiors

Plans for tomorrow are happening today. Every day brings something new to Mississauga Interiors. Mr. Field is constantly thinking of ways to improve the retail furniture business. After living for more than 20 years in the Mississauga area and helping it grow, Mr. Field knows what is needed in our area. Four years ago he saw a need and filled it with the initiation of Contract Furniture Associates. He has now, with the help of his patrons, built up a reputation of integrity and fairness in the furniture business, second to none in Ontario. He will take this image to Sheridan Mall, where you will see the largest carpet display in the Toronto Area, the best drapery line available and the most extensive line of furniture on display from here to London.

Mr. Field extends his personal invitation to the people of Peel Halton counties, to drop into Mississauga Interiors, Sheridan Mall at its opening, October 30th.

The most comprehensive
Home-furnishings Dealer in
Ontario!
AND THE BEST
