WINNIPEG.

Rt. Hon. Arthur Meighen -2-

Eastern capital with a view to having at our disposal money for first mortgages on first class Winnipeg property.

We are especially interested in making the venture a success by reason of the fact that Mr. Whidden has the handicap of being very small in stature, but at the same time, is very conscientious and energetic and we believe, one of the best men we could obtain to manage a company of the kind indicated.

Under the circumstances, I trust you will be able to speak to Mr. Whidden and perhaps give him some information which would assist him while in Toronto.

At the present time I am acting as one of four counsel appointed by Lt. Col F. G. Taylor in connection with the Royal Commission investigating the campaign funds of the Bracken Government in regard to their leasing the Seven Sisters power site to the Winnipeg Electric Company and I am of the opinion that the investigation will continue for at least a month and that the political results will not be of any benefit to the Progressive party in Manitoba.

Yours faithfully,

E. F. Willis
