**Africa Missionary Object Lesson**

The story of Shobo and Selma, a little African boy and girl, has been arranged to accompany the "Africa Object Set."

It is prepared especially for teachers of elementary grades in the Sunday Schools and Junior Societies. Teachers of the little ones appreciate a good story for children, and when the story is illustrated by pictures and objects, ideal teaching material is provided.

Children are always interested in other children, and the stories about the lives of other children, whether in Africa or in Canada, charm them.

This story and the objects which accompany it provide material for from six to twelve lessons. The story is intended for the use of the teacher only and should be illustrated with the objects as directed.

In the Object Set there are thirteen articles, consisting of a model of a house, a village, etc., illustrating the home life, customs and worship of the little African boy and girl.

The story of the change which the coming of the missionary made in the lives of these African children will sow seeds of missionary interest.

The purpose of the story and objects is to show that God loves all the children of the world and to create a sympathy in the hearts of the children for the children of Africa. The children do not see simply dolls and models illustrating the lives of the children of Africa, imagina-

tion makes them real. The play element, which enters into the use of the objects is made to serve a higher purpose than amusement.

The teacher should read a Life of Livingstone in preparation to use the "Africa Missionary Object Set." "Livingstone, the Pathfinder," is recommended.

Price of Africa Object Lesson, \$1.75; express, 25c.; total \$2.00.

**Livingstone's Sayings**

"Anywhere, provided it be forward."  
"I will place no value on anything I have or may possess, except in relation to the Kingdom of Christ. If anything will advance the interests of that kingdom, it shall be given away or kept, only as by giving or keeping of it I shall most promote the glory of Him to whom I owe all my hopes in time and eternity."

"The end of the geographical feat is the beginning of the missionary enterprise."  
"I will open a path through the country or perish."  
"I cannot go until my work is done."  
"If God has accepted my service, my life is charmed until my work is done."
