

HERE'S INTERESTING NEWS

To Farmers who are on the lookout for Machinery that will Always Work Satisfactorily

For 1906 we are putting a **New Binder** on the market—not a theory, remember, but a machine that has proven itself a **success** under **every** condition that can be found in the country.

We have tested it for three years in **long and short grain**, on **rough and smooth land**, in **high standing grain** and in grain that was lying **flat on the ground**. In every instance it did its work to the **entire satisfaction** of those present.

We ran a number of these **New Machines** all through the big crop which has been just harvested in the Northwest, and which was by common consent the **biggest and hardest** crop to handle that they have ever had. The Improved No. 3 **worked easily and continuously**, taking a **full** cut, where other machines could **not** get through, though cutting a narrower swath.

Isn't that the kind of a machine to purchase?

We will have samples and advertising matter ready in a short time. We want you to **withhold placing your order** until you have seen our machine.

Opposition agents and travellers will urge you to place your order before seeing our machine, but you have **nothing to lose** and **much to gain** by waiting.

The Farming World

Devoted to Country Life in Canada

The Farming World is a paper for farmers and stockmen, devoted to country life in Canada, published on the 1st and 15th of each month, with illustrations.

Subscription Price: One year, strictly in advance, sixty cents; two years, strictly in advance, one dollar.

Postage is prepaid by the publishers for all subscriptions in Canada, the United States and Great Britain. For other countries by the Postal Union add fifty cents for postage.

Discontinuances—All subscriptions are promptly discontinued when time paid for expires, unless renewed.

The address label of each subscriber's paper shows the date to which paid. Subscriptions expire with the last issue of the month named on the label.

Change of Address—When a change of address is ordered, both the old and the new addresses must be given. The notice should be sent one week before the change is to take effect.

Receipts are sent only upon request. The change of date on address label is sufficient acknowledgment of payment. If this change be not made on the wrapper of the second issue after renewal, please notify us.

How to Remit—Remittances should be sent by postal note or express order, payable to The Farming World. All numbers of notes and orders should be kept, for reference. Cash should be sent in registered letter. Remittances sent as above are at our risk. If sent in other ways, they are at sender's risk. Postal stamps accepted (at sender's risk) for amounts less than \$1.00. Date of posting should always be remembered.

Advertising Rates on application.

No individuals should be addressed in connection with FARMING WORLD business. All letters, without exception, should be addressed

THE FARMING WORLD,

90 WELLINGTON STREET, WEST, TORONTO.

Eastern Agency of "Nor-West Farmer,"

Always mention The Farming World when answering advertisements. It will usually be an advantage to do so.

Stump Pulling

Stump pulling has been reduced to a science by the Smith Grubber Co., La Cross, Wis., U.S.A., in their improved machine. It makes the clearing of land a pleasure and not a drudgery. Parties having stumpy land should write for their latest catalogue, giving full particulars. Mention **THE FARMING WORLD** when doing so.

Shrieking and Shooting

It is a comfort to realize when we hear people talking about "the good old times that used to be," that in some respects, at least, we show more common sense today. One instance is in our attitude toward women.

There was a time when a woman was expected to shriek and faint in almost any emergency. It was even considered an embarrassing exhibition of dependence. Today we pardon lack of nerve and self-possession on a woman's part almost as little as in a man's. The girl who rides and shoots has taken the place of the girl who used to shriek and faint.

No small factor in bringing this welcome change about has been the campaign carried on by the J. Stevens Arms & Tool Company, 300 High Street, Chicopee Falls, Mass., makers of the famous Stevens firearms, who have introduced our girls to the healthy, up-building sport of outdoor shooting. The company have issued a book illustrating many varieties of lightweight rifles, shotguns and pistols, which girls all over the country are using today. It contains much useful and interesting information on such points as the selection, care and testing of firearms, besides notes on ammunition, targets, etc.

We understand the book will be sent free to anyone sending four cents in stamps, to cover postage.
