

\$2.50 a cwt. heep sold about the same at \$2.50 to \$2.75. Lambs are higher in price at \$4.00 to 4.25 a cwt. Calves sold at \$3 to \$5.50 a cwt. hogs are quoted at \$6.50, fed and watered—J. W. W.

THIS WEEK'S HOG PRICES
The William Davis Co., Toronto, will pay \$6.25 f.o.b. for hogs at country points this week. They report receipts as coming in more freely.

MONTREAL HOG MARKET
The market for live hogs was decidedly weaker this week and prices declined somewhat from those of the week ago. This was due largely to the increased offerings on this market. At the decline there was a good demand from the packers at prices ranging from \$7 to \$7.25 per 100 lbs for selected lots weighed of cars. Selected hogs also are easier in prices and are selling slightly lower than last

HOLSTEINS

We must sell at least 25 cows and heifers at once to make room for the natural increase of our herd. This is a chance to get a good price for your bargain; we also have a few young bulls, including Herma, Imp., son of Handford, heifer, most excellent size, head of herd. Come and see them.

week. Quotations are \$7.75 to \$10 per 100 for freshly-killed abattoir stock.

PETERBORO HOG MARKET
Peterboro, Ont., October 5.—The local market is very weak. Two weeks ago our deliveries are light and prices are high. Farmers rushed their hogs to market to get the higher price, which caused our prices to drop. The market is now weak. 40,000 Danish hogs were slaughtered. The George Matthews Co. quote the following prices for this week's shipments—f.o.b. country points, \$5.25 a weight of cars, delivered at abattoir, \$5.40; weibed off, \$5.75.

EXPORT BUTTER AND CHEESE

The demand for cheese this week has been rather quiet due, no doubt, to the rather high prices current, which seem to have kept buyers from speculating in September. The market for heavy stocks in existence on both sides of the Atlantic, and also on account of the uncertainty as to the effect of the recent dry spell upon the fall make of cheese in Canada. Receipts this week have been very heavy, totalling about 8,000 boxes and the market here report there is evidently going to be no reduction in the volume of receipts on account of the weather conditions that have prevailed recently.

The stock of cheese in Montreal shows a considerable increase over the previous year, although there is decidedly less held in public store outside of Montreal than there was a year ago. The grand total shows an increased quantity in store here as compared with last year, aggregating fully 74,000 boxes. The fact that there is increased quantity in store on the other side, totalling about 15,000 boxes, is in effect to increase the quantity of cheese afloat, and the total visible cheese in existence this year is barely 30,000 boxes more than we had at the time of last year. The shipments of this week are heavy, aggregating over 90,000 boxes, but this is accounted for largely by the fact that a number of steamers that should have sailed last week did not get away until this week and thereby helped to swell the total.

The butter market is firmer and there is every prospect of a further advance in prices in the near future. The demand is entirely from the home trade, as at these prices it is impossible to make any sales for export. There is a heavy shipment of butter this week, totalling about 8,000 boxes, but this consists almost entirely of goods that have been held here for English and other shipments. Our local market considerably as some dealers reported this English-owned butter to be re-sold over here.

MONTREAL PRODUCE TRADE.

Butter.—There is good trade advance in butter in spite of the recent dropping in prices and there is prospect of the same continuing. Quotations are 35¢ to 37¢ for choice prints with solids at 1/2¢ per lb. less. The finest is selling at 35¢ and undergrades at 25¢ to 28¢.

Cheese.—This article is steady and unchanged, with quotations ranging from 12¢ to 16¢ according to quality.
