

SHOPPING BY MAIL!

Did you ever buy your goods in that way? Perhaps not. Then begin at once by sending to us for our Shoppers' Guide. This is a 64-page price book, frequently illustrated, containing the prices of over five thousand different articles. We are a wholesale firm, selling direct to any consumer who has the ready cash. Our Shoppers' Guide is free, and we will be pleased to send it to you. It explains very carefully our mode of doing business. It is addressed especially to farmers, but is free to all who ask for it.

Guns.—Our Double Barrel No. 12 Breech Loading Shot Gun, which we offer at only \$12.50 each, is an excellent gun. We claim that this gun would cost at least \$5.00 more if it were bought in any ordinary retail store. The difference just represents the retailer's profit. You may save that by sending direct to the wholesale house.

Cross-Cut Saws.—The improved "Stanley Blade" is again on the market. This is an excellent warranted lahee-tooth saw of great superiority. The price is fifty cents per foot, and handles twenty-five cents per pair extra. We have Saw-Sets of all kinds, Drag-Tooth Gauges and Saw Files. Our catalogue explains all.

Our Terms are cash with the order every time. We sell our goods at such close margins that we must have the money with the order or we cannot accept it. We pay freight on all orders \$10 and upwards to all Ontario stations, and allow a liberal discount upon all \$10 orders which come from the other provinces. Write for free catalogue.

The World's Fair Exposition.

The World's Fair Exposition will be officially closed October 31st, but the gates will remain open for some time longer, as the actual demolition will not begin immediately, and much will still remain to be seen.

The quantity of Ontario fruit arriving every day is almost overwhelming, and nothing but sheer lack of room prevents the Commissioner making a display which would fairly paralyze all other exhibitors. Among the notable features of the fruit exhibit is a sample of the Princess Louise or Wolverton Apple, a seedling grown by Mr. L. Wolverton, of Grimsby, the energetic Superintendent of the Pomological Department for the Dominion. Its large size, excellent color and fine flavor have been specially noted by the jurors. Another novelty was a basket of sweet potatoes from Brantford, the equal in size and quality of any from the Southern States. What with lemons and oranges, figs and sweet potatoes, all of which have appeared in their season on our tables, there is no telling what Ontario may do in the near future.

Quite a large party of interested spectators witnessed the boring of the big cheese by Prof. Robertson, on Friday morning. A trier thirty-three inches long was bored into the mammoth, and the plug inspected by the judges of the regular exhibit. Messrs. A. F. MacLaren, of Windsor; G. E. PerLee, of New York; and A. H. Barber, of Chicago. The same scale was applied to the big cheese as to the smaller ones in the dairy barns, and it was rated at ninety-five points out of a possible one hundred. Mr. PerLee said he considered the cheese a great piece of work and a credit to the maker. The flavor, texture, &c., were very remarkable for the length of time made. The big cheese, as most people will remember, was made by Mr. J. A. Ruddick, at Perth, Ont., in September, 1892.

The stock barns, which have resounded to a medley of sounds for the past two months, are now in possession, for the most part, of fowls of high and low degree. The Ontario contingent, consisting of nearly 1,200 birds in seven cars, arrived to-day in charge of Mr. Henry Wade, and are now installed in their cages, to await the decision of the judges, who will begin work on Monday. The Ontario fowls will make up nearly half of the entire exhibit, and it needs no very expert observer to forecast a good measure of success for our breeders. The poultry department is under the charge of Mr. Allen Bogue, of London.

Four car loads of thoroughbred and trotting horses, fat cattle and sheep, have also arrived, and will appear in their several rings next week, and give a good account of themselves no doubt.

The swine classes were judged towards the end of the week. The only classes in which Ontario breeders were represented were Suffolks, Improved Yorkshires and Tamworths. In the former class one animal owned by Mr. Joseph Featherstone, of Springfield-on-the-Credit, was a first prize winner, while in the Yorkshires that gentleman and Mr. J. E. Brethour, Burford, had the field pretty much to themselves. In the Tamworth classes Messrs. John Bell, of Amber, and James C. Vervort, of Thedford, took the lion's share of the prizes.

The sheep and swine were all shipped home this week, except such as were sold—and these were pretty numerous, by the way—a good many orders being also booked for delivery from home. Sales were made by D. A. Campbell, Gibson and Walker, Wm. Walker, W. H. Beattie, John McCallum, J. G. Snell & Bro., Jas. Snell, Wm. Oliver, John Jackson & Son, Peter Arkell, R. Miller and D. J. Jackson.
