A Gang Plow Given Away

Would be no attraction if the gang wasn't a good one. Farmers WANT GOOD PLOWS, and are willing to pay for them.

The Columbia Gang

For instance, is used by thousands of farmers. They put their money and faith in it, and now have more money and more faith than ever. There are lots of reasons why they like it so well—why it is so popular. One of them is that

It has absolutely no side draft.

The evener does it—it's not the ordinary kind. The horses have plenty of room and—well, don't you want a circular that tells all about it?

Manufactured by

Rock Island Plow Co.,

ROCK ISLAND, ILLINOIS, U. S. A.

JOHN STEVENS, General Agent, Winnipeg, Man.

Money Makers.

Teulon, Man., June 11, 1902.
Gentlemen,—The Chicago Aermotor I purchased from you over six years ago has given me perfect satisfaction in every respect. It hasn't cost me a cent for repairs up to date, and I have crushed for my neighbors on an average of one hundred and fifty dollars per year besides. I crush all the grain I use for my stock of seventy-five animals. I also saw the wood, run the grindstone and pump water, and if it were possible that I could not get another windmill of the same kind, I would not be without this one for two or three times its price. I have, therefore, much pleasure in recommending it as the best windmill on the market.—A. WOOD.

This proves our contention that a Chicago Aermotor will pay for itself the first year. What Mr. Wood is doing others also can do. This is the season for erecting power mills. Tell us your requirements and we will quote you interesting figures. Remember, too, that Aermotor Pumps are made by makers of Aermotors.
