GOSSIP.

INTERNATIONAL LIVE-STOCK EXPOSITION, DECEMBER 1 TO 8, 1906, CHICAGO.

Dean Curtiss, of Iowa Agricultural College, was asked to write an article on the International, and here follows his testimony:

"The educational influence of a great live-stock show, such as the International, can not be fully estimated. The success of the International has been phenomenal. Each year it appeals to a wider constituency. It is truly international in its scope. The magnitude and excellence of its exhibits has been a marvel to foreign visitors. The magnificent new pavilion was overtaken the first year, and the ring has been extended to make room for the coming show. No other show on either continent brings together such an array of superior breeding stock and prime animals fit for the block, as may be seen at this show. This feature is particularly interesting and instructive. The block test furnishes the final proof of excellence, and affords a standard to measure the value of types and breeds. This is the one great contest where breeds meet in competition after individual excellence has been measured within the breeds.

"A feature of marked interest in this battle royal is the work of the foreign judge, who annually passes on the championship classes. For this exacting task, the most competent judges of Great Britain have been selected. Sheep and swine measure strength for supremacy in the show-ring and on the block. In the carload classes, the competition is equally as sharp, and here, again, animal excellence is measured by the practical standard of market demands.

"Probably the keenest and most inspiring battle of the show is seen when the great draft horses in harness, of all breeds and all countries, meet on the tank, clad in the armor of peaceful though mighty warfare. It is this final challenge of the best of each breed, and of breed to breed, in the form of an ultimatum following the scrimmages down the State fair circuits, that gives an intense interest to International rings. The 1906 International promises to be in every way a fitting climax to a show season of unparalleled records."

Rapidity of Growth of Trees.

Beginning with a three-inch sapling, the following named varieties of trees will, in twenty years, under favorable conditions, attain a diameter approximately as follows:

	Inches.
White, or Silver, Maple	21
American White Elm	19
Basswood	17
Red Maple	16
Yellow Locust	14
Box Elder	14
Hard Maple	13
Red Oak	13
Scarlet Oak	13
White Ash	12
White Oak	11
Hackberry	10

The height which each species may be expected to attain is omitted here, as it will assume the usual proportion to the diameter.—[From the report of the New York Forestry Commission.

RIVERSIDE

HOLSTEINS

THE RIVERSIDE HERD of Advanced Registry Holsteins has for immediate sale a dozen young bulls from 3 to 11 months of age, sired by Johanna Rue 4th's Lad, whose five nearest dams have butter records averaging 22.86 pounds of butter in seven days, and out of A. R. dams and their daughters.

M. RICHARDSON & SON, Caledonia, Ont.

At the dispersion sale, on October 11th, of the Blacon Point Stud of Clydesdales, owned by the late Mr. Thos. Smith, of Chester, England, some good prices were realized. The famous mare, Royal Rose, brought 515 guineas, being purchased, it is understood, for the late manager of the stud, who has taken a farm in Cumberland. Belle of Fashion went to Mr. J. Ernest Kerr, Sandilands, at 200 guineas, and Fickle Fortune Princess, dam of the Cawdor-Cup winner, Cedric Princess, fetched 110 guineas. The stallion, British Chief, which has an engagement for next season, fell to Mr. Wm. Renwick, Meadowfield, at 750 gs. Other stallions sold for 250 to 400 gs. each.
